With today's increasingly complex labyrinth of tax rules and global reporting obligations, having global reach, strong local presence and the right expertise is critical.

A practical and results-oriented approach.

We bring all of these advantages and work with you on every deal, every day, to resolve the critical tax considerations in every transaction. With a focus on your operations, we develop targeted and efficient strategies to help you meet issues head-on and drive results.

International knowledge and expertise.

Our dedicated, tax-focused M&A professionals are based in more than 50 countries worldwide to provide seamless and integrated tax due diligence and transaction structuring services. As your dedicated, full-service, entry-to-exit partner, we help you take control of transaction tax issues and optimize results.

Global Transaction Tax supports Private Equity and Corporate clients across all industries including but not limited to:

- Energy & Infrastructure
- Automotive & Industrials
- Consumer & Retail
- Healthcare & Life Sciences
- Financial Services & Insurance
- Aerospace & Defense
- Software & Technology
- Real Estate
- Hospitality & Leisure

To create value, we identify risk and after-tax cash flow efficiencies from acquisition through compliance and post-acquisition planning, including:

- Tax due diligence
- Tax structuring
- Interim management
- Global effective tax rate and cash tax planning and consulting
