December 11, 2024

The MedTech M&A market has demonstrated remarkable resilience despite a period of macroeconomic uncertainty. However, the growth drivers of today look significantly different from those making waves during the pandemic era. A&M's Life Sciences team highlights trends, challenges, and strategies for the MedTech mergers and acquisitions (M&A) landscape, offering predictions for 2025 and beyond.

This report includes:

- Analysis of the shifting landscape of MedTech M&A in the post-pandemic era
- Strategic insights around how leading companies are leveraging M&A to drive competitive advantage
- Recommendations for both acquirers and targets
- Our predictions for M&A trends in the industry

Dive into the future of MedTech M&A and stay ahead of the curve in this rapidly evolving sector.
