March 27, 2025

Unlock the potential of Artificial Intelligence in private equity with this insightful discussion led by Anil Kumar. Whether you're skeptical about AI's capabilities or eager to learn how it's transforming industries, this video has something for everyone in the private equity space.

## What you'll learn in this video:

- **AI in Deal Lifecycle Management**

Discover how private equity funds can incorporate AI into their deal lifecycle management to drive greater efficiency. Learn about potential enhancements in diligence processes and explore how Financial Due Diligence (FDD) can leverage AI to deliver actionable insights while addressing skepticism in decision-making.

- **AI in Portfolio Value Creation**

Understand how AI is creating tangible value across portfolio companies in various industries. Anil Kumar dives into practical approaches for leveraging AI and its transformative potential over the next six to twelve months.

- **A&M Assist Demo**

Get an exclusive demo of A&M Assist, showcasing how this innovative tool can enhance operations and decision-making within private equity.

If you're looking for actionable insights and a forward-looking perspective on AI's role in private equity, this video is a must-watch.
