APPENDIX D	Imperial Capital, LLC Firm Overview

INTRODUCTION

1. On October 8, 2020, Greenfire Oil and Gas Ltd. (“**HoldCo**”) and Greenfire Hangingstone Operating Corporation (“**OpCo**”), each filed Notices of Intention to Make a Proposal (“**NOI**” or the “**Filing**”) pursuant to subsection 50.4(1) of the *Bankruptcy and Insolvency Act*, RSC 1985, c B-3, as amended (the “**BIA**”). Alvarez & Marsal Canada Inc. consented to act as Trustee under the Proposal (“**A&M**” or the “**Proposal Trustee**”). For purposes of this first report of the Proposal Trustee (the “**First Report**” or “**this Report**”), HoldCo and OpCo are together referred to as the “**Company**” or “**Greenfire**”.
2. Pursuant to section 50.4(8) of the BIA, the Initial NOI Period during which the Company is required to file a proposal under the NOI proceedings is from October 8, 2020 to November 7, 2020 (the “**Initial NOI Period**”).
3. Copies of the Certificates of Filing of the NOIs issued by the Office of the Superintendent of Bankruptcy (“**OSB**”) are attached hereto as Appendix “**A**”.
4. On October 16, 2020, the Court granted an order:
 - a) that the NOI proceedings for HoldCo and OpCo (together, the “**NOI Proceedings**”) be administratively consolidated and continued under Estate No. 25-2679073; and
 - b) granting a charge on the assets, property and undertaking of the Company not to exceed \$500,000 (the “**Administration Charge**”) as security for the fees and costs of the Proposal Trustee, its independent legal counsel and the legal counsel to the Company, such charge to be in priority to all other security interests, liens and other encumbrances.
5. On November 2, 2020, the Company served a notice of application (**November 2nd Motion Materials**) to the service listed of interested parties, seeking among other things:

- a) an extension of the period of time within which Greenfire is required to file a proposal to its creditors up to and including December 21, 2020; and
- b) approving a proposed asset sale transaction (the “**Proposed Asset Sale Transaction**”) contemplated by an asset purchase agreement (the “**APA**”) between Greenfire and Greenfire Acquisition Company Ltd. (“**AcquisitionCo**”);

PURPOSE

- 6. The purpose of this First Report of the Proposal Trustee is to provide this Honourable Court and the Company’s stakeholders with information in respect of the following:
 - a) the Company’s business and financial affairs since the Filing;
 - b) the activities of the Company and the Proposal Trustee since the Filing;
 - c) the solicitation of potential interim lending facility providers pre- and post-filing;
 - d) the Company’s cash flow projection for the weekly period from November 4, 2020 to November 20, 2020; and
 - e) the Proposal Trustee’s considerations and recommendation with respect to the Company’s request for an extension of the Initial NOI Period.
- 7. The Proposal Trustee anticipates filing a supplemental report (the “**Supplemental Report**”) to the First Report should the Company execute an asset purchase agreement and seek approval from this Honourable Court as contemplated by the Company in its November 2nd Motion Materials.

TERMS OF REFERENCE

8. In preparing this Report, the Proposal Trustee has relied upon unaudited financial information and other information provided by the Company and other third parties. The Proposal Trustee has not performed an audit, review or other verification of such information. An examination of the financial forecast as outlined in the *Chartered Professional Accountants of Canada Handbook* has not been performed.
9. Future oriented financial information relied upon in this Report is based on the Company's assumptions regarding future events and actual results achieved will vary from this information and the variations may be material.
10. All references to dollars are in Canadian currency unless otherwise noted.

LIMITATION IN SCOPE OF REVIEW

11. The Report has been prepared by the Proposal Trustee pursuant to the rules and regulations set out in the BIA. The BIA provides that the Proposal Trustee shall incur no liability for any act or omission pursuant to its appointment or fulfillment of its duties, save and except for gross negligence or wilful misconduct on its part.
12. This Report is not and should not be construed or interpreted as an endorsement, comment or recommendation to any creditor, prospective investor, or any persons to advance credit and/or goods and services or to continue to provide credit and/or goods and services or to lend monies to the Company during these proceedings and/or at any other time.
13. The Proposal Trustee has not audited or reviewed the assets of the Company, and with respect to such assets, has relied to a significant degree upon information provided by the Company.
14. The Trustee is specifically not directed or empowered to take possession of the assets of the Company or to manage any of the business and affairs of the Company.

BACKGROUND

15. HoldCo wholly-owns OpCo and there are no other assets owned by HoldCo and there are no operational income or expenses. OpCo owns all of the oil and gas assets of Greenfire and all operational income and expenses are reflected in OpCo.
16. Greenfire is engaged in the business of oil sands development and production and their primary asset is a steam-assisted gravity drainage (“SAGD”) project, in-situ oil and gas property and facility approximately 60km south of Fort McMurray, Alberta (the "SAGD Facility"). As at November, 2019, OpCo, a licensee with the Alberta Energy Regulator (“AER”), held a 11.72 liability management rating (“LMR”). Based on the Company records, as at October 3, 2020, the AER's estimate of Greenfire’s deemed assets and deemed liabilities were \$86,442,193 and \$7,181,859, respectively.
17. The Filing was a result of a number of factors as outlined in Mr. Robert Logan’s affidavit sworn October 9, 2020 (the “**October 9th Logan Affidavit**”) namely:
 - a) the Company’s working capital and liquidity shortage as a result of their sole marketer of the bitumen produced at the Hangingstone Facility failure to make payment on over 300,000 barrels of bitumen that the Company had produced, which culminated in the orderly shut-in of the SAGD Facility. All of all Greenfire employees were terminated by the Company on and around May 2020; and
 - b) Greenfire’s strategic process being complicated by COVID-19, requiring isolation and restructuring the size of gatherings and the reduction of operations.
18. Prior to the Filing, the Companies attempted on multiple occasions to either market the assets for sale or seek financing to ensure that operations could resume before the winter months. These attempts were unsuccessful; however, the Company continued with these efforts post-Filing.

19. As outlined in the October 9th Logan Affidavit, the Company requires immediate financing to either restart operations or perform winterization techniques to safely lay the plant up “dry” and drain the equipment. With no available financing, the risks associated with the SAGD Facility in exposing the assets to freezing temperatures are significant.
20. The Company’s secured lender, Summit Partners (“**Summit**”), is owed approximately \$4.1 million. The Company’s books and records indicate a total of approximately \$17.8 million of unsecured trade and noteholders (collective debt between OpCo and HoldCo).
21. The Proposal Trustee understands that all priority claims outstanding to CRA (namely, source deductions and/or GST) have been paid are up to date.
22. Further background of the Company and its operations is contained in the materials filed in support of the application for a stay extension, including the affidavits of Mr. Robert Logan. These documents, together with other information regarding the NOI Proceedings, have been posted on the Proposal Trustee’s website at www.alvarezandmarsal.com/greenfire (the “**Website**”).

ACTIVITIES OF THE COMPANY AND THE PROPOSAL TRUSTEE

23. Since the Filing, the Proposal Trustee and the Company’s management (“**Management**”) have engaged in the following activities:
 - a) the Proposal Trustee mailed out the initial notice to all known creditors on October 16, 2020 notifying them of the NOI proceedings pursuant to section 50.4(6) of the BIA and posted same to its website. The Affidavit of Mailing is attached as Appendix “**B**”;
 - b) Management, with the assistance of the Proposal Trustee, prepared a cash flow statement for the 13-week period from October 8, 2020 to January 1, 2021 (“**Initial Cash Flow Statement**”), along with assumptions, which were filed with the OSB on October 16, 2020 in

accordance with section 50.4(2) of the BIA. These are attached as Appendix “C”;

- c) the Proposal Trustee engaged the services of McMillan LLP (“McMillan”) to act as its independent legal counsel in the NOI Proceedings;
- d) various discussions between the Proposal Trustee, McMillan and the Company’s legal counsel relating to matters relevant to the NOI Proceedings;
- e) multiple communications and meetings between the Company, the Company’s legal counsel, the Proposal Trustee, McMillan and interested financing providers with respect to providing the Company with interim financing for the NOI Proceedings, as discussed further below;
- f) communication between the Company, the Proposal Trustee and the AER on file-related matters; and
- g) ongoing monitoring of the Company’s financial affairs and activities by the Proposal Trustee.

SOLICITING INTERIM FINANCING

Overview

- 24. The Company, with the assistance of the Proposal Trustee, has been working diligently in speaking with multiple interested parties and attempting to negotiate business and legal terms on possible interim financing.
- 25. The Company has advised that it requires approximately \$6 million to restart operations and for the restructuring proceedings, which has been disclosed in the Company’s cash flow forecast, as attached to this Report. A prior forecast from the Company proposed a safe shut-in (lay the plant up “dry” and drain the equipment)

would require funding of approximately \$1,000,000, plus \$200,000 per month in holding costs.

26. As discussed in the October 9th Logan Affidavit, Mr. Logan advises that sustained temperatures below 0°C could result in additional costs estimated between \$0 - \$1 million USD (at 3-5 days with an average temperate between 0°C and -5°C) and could increase beyond \$20 million USD at sustained temperatures below -30°C. As a result, in order to preserve value and prevent damage to the Hangingstone Facility and assets, which could result in environment issues, either interim financing or a sale of the Company's assets that allows for the injection of funds into the Company is required in the very near term.

Interim Financing Discussions

27. The Company had previously negotiated with B.E.S.T. Funds ("B.E.S.T.") to provide the interim financing leading up to the October 16, 2020 court proceeding. However, the Company and B.E.S.T. were unable to reach agreeable terms to execute interim financing.
28. As a result, the Company, its counsel and the Proposal Trustee pursued a number of additional parties who could provide interim financing within the expedited timeframe with agreeable terms. This involved detailed discussion with at least ten additional parties, and largely included the involvement of the Proposal Trustee.
29. Between October 27 and October 30, 2020, the Company and its counsel negotiated terms with another party (and its counsel) to provide interim financing. All business terms of the interim financing term sheet were agreed to by the parties, but the signatures were not exchanged due to stated concerns by the proposed interim lender regarding the volatility of commodity pricing.
30. Although these discussions were stalled for some time, the Proposal Trustee is advised that the discussions have been renewed.

31. To obtain optionality, the Proposal Trustee is aware of discussions with two other interested parties that the Company is in discussions with regarding providing interim financing. Throughout the Filing, the Company and the Proposal Trustee have, together and separately, continued to seek to advance discussions with additional alternative (conventional and unconventional) parties who may be able to provide interim financing within the expedited time frame with agreeable terms.

THE PRE-NOI MARKETING PROCESS

Overview

32. The Company initiated a strategic alternative process with the assistance of a financial advisor, Imperial Capital, LLC (“**Imperial**”) on or around February 21, 2020 (the “**2020 Process**”).
33. Imperial is a full-service investment bank with locations across the US and an office in the UK. A copy of their firm overview is attached hereto as Appendix “**D**”. Prior to the 2020 Process, the Proposal Trustee is advised that the Company had hired at least three other financial advisors, of which, at least two were located in Canada.

Results from the Pre-NOI Marketing Process

34. The Company with the assistance of Imperial, conducted a strategic review process to canvass the market and has approached 36 capital providers across Canada and the United States.
35. A comprehensive management presentation was assembled and made available in a virtual data room (“**VDR**”), which was first made accessible to prospective purchasers on or around March 6, 2020.
36. Proposal submission guidelines were communicated to all interested parties advising a “soft” target date of April 28, 2020 for parties to provide their interest in submitting a transaction (including but not limited to a merger, consolidation,

- business combination, series of transactions, purchase, sale, financing or refinancing).
37. The following developments resulted:
- a) approximately 36 parties consisting of financial providers and strategic buyers of various locales were directly contacted by Imperial and/or the Company, and were provided with teasers or information packages on the opportunity;
 - b) Of the parties contacted, six executed non-disclosure agreements and were permitted access to the VDR, provided a confidential information memorandum and management presentations were requested and made to interested bidders; and
 - c) one written proposal was received.
38. The written proposal was submitted by MWB UK Management Limited (doing business as “**McIntyre Partners**” and of whom AcquisitionCo is the nominee) provided a term sheet (the “**McIntyre Pre-NOI Proposal**”).
39. The Company and Imperial reviewed and analyzed the McIntyre Pre-NOI Proposal. Over the summer and fall months of 2020, discussions and negotiations continued with McIntyre on the McIntyre Pre-NOI Proposal. These discussions continued post-Filing and the Proposal Trustee is advised that the parties are currently working on finalizing an APA that is the subject of the Company’s upcoming application.
40. The Proposal Trustee understands the Company intends to seek approval of the Proposed Asset Sale Transaction and the APA with McIntyre (AcquisitionCo).
41. The Proposal Trustee has been provided with a draft term sheet between the parties, but has not yet (as at the date of this Report) been provided with a finalized APA to review for consideration. Should the APA be finalized and brought before this

Honourable Court for consideration and approval, the Proposal Trustee intends to prepare the Supplemental Report for this Honourable Court.

INITIAL CASH FLOW STATEMENTS TO ACTUAL CASH FLOW RESULTS

42. Management, with the assistance of the Proposal Trustee, prepared the two initial cash flow forecast statements (the “**Initial Cash Flow Statements**”) for both HoldCo and OpCo for the period of October 8, 2020 to December 21, 2020 (“**Forecast Period**”), which were filed with the OSB on October 16, 2020 and are attached as Appendix “C”. The notes to the Initial Cash Flow Statements are an integral part and should be read in conjunction with the Initial Cash Flow Statements.
43. HoldCo does not have any operations and therefore, the HoldCo initial cash flow statement did not forecast any receipts or disbursements over the Forecast Period.
44. OpCo contains all of the assets and operations of Greenfire. A significant assumption to the initial cash flow statement (“**OpCo CF Statement**”) was that no funds would flow in this estate (as the operations of the Hangingstone Facility have been temporarily shut-down) until interim financing is obtained. As such, there have not been any receipts collected or disbursements paid in this estate, and no operational costs/vendors have been incurred to date. The only costs accruing to Greenfire are those costs of the professionals that are beneficiaries of the Administration Charge.
45. The Proposal Trustee remains of the view that the OpCo CF Statement continues to be a reasonable forecast that will be required to be updated to reflect the timing of receipts and disbursements, the approval of any interim financing and/or the approval of the contemplated APA, all of which are subject to court approval.

APPLICATION TO EXTEND THE TIME TO FILE A PROPOSAL

46. Unless it is extended, the Initial NOI Period will expire on November 6, 2020 and the Company is seeking an extension of the period in which it is required to file a proposal to December 21, 2020 pursuant to section 50.4 (9) of the BIA.
47. The Proposal Trustee has considered the stay extension request of the Company and the circumstances currently present facing the Company. The Proposal Trustee believes that it would be supportive of a two week stay extension to November 20,2020, which should serve to provide the Company with the time required to either facilitate the completion of the proposed APA and/or interim financing.
48. The Proposal Trustee considered the following factors regarding the stay extension:
 - a) the Company is acting in good faith and with due diligence;
 - b) the Company would likely be able to make a viable proposal if the Initial NOI Period were to be extended; and
 - c) no creditor in these proceedings will materially prejudiced if the extension were to be granted.
49. It is the Proposal Trustee's respectful view that, to date, Management has been acting in good faith and with due diligence in this matter. The Company has been made aware of the good faith and acting with due diligence obligations pursuant to s. 50.4(9) of the BIA.
50. The Proposal Trustee is of the view that an extension to November 20, 2020 is appropriate and necessary to advance efforts to achieve a successful restructuring and that no stakeholder or creditor is likely to be materially prejudiced if an extension is granted.
51. Without an extension to the stay of proceedings, the Company will not be able to finalize the APA and/or finalize discussions with interested parties for interim financing to allow the Company to restructure its affairs. If such a sale and/or

interim financing transaction is not consumed, then the Company will very likely be deemed bankrupt.

PROPOSAL TRUSTEE'S CONSIDERATIONS AND RECOMMENDATION

52. Based on the current information made available by Management, the Proposal Trustee has the following initial comments in respect to the Company's application for an extension to the stay of proceedings:

- a) the Company conducted a pre-Filing marketing process in 2020 and the results of such 2020 Process resulted in one interested party, McIntyre, with which the Company is currently in the final stages of negotiating a finalized APA, subject to Court approval;
- b) the Company, with the assistance of the Proposal Trustee, has worked diligently to source and/or negotiate opportunities for interim financing. The Proposal Trustee stresses that interim financing (or an injection of funds) is critically needed in the coming weeks for the success of the Company's restructuring efforts in the NOI proceedings, for the reasons discussed above; and
- c) the Company's ability to make a viable proposal will be largely dependent on its ability to secure interim financing and/or the APA contemplated by the Company. While success cannot be assured it is the Proposal Trustee's view that the Company and its legal counsel have made progress in this regard.

53. The Trustee respectfully recommends that this Honourable Court approve a two week extension to the period of time (November 20, 2020) in which the Company must file a proposal to its creditors.

All of which is respectfully submitted this 4th day of November, 2020

**In the Matter of the Notice of Intention to Make a Proposal of
Greenfire Hangingstone Operating Corporation**

TO THE CREDITORS OF GREENFIRE HANINGSTONE OPERATING CORPORATION:

On October 8, 2020, Greenfire Hangingstone Operating Corporation (the “**Company**” or “**GHOC**”) filed a Notice of Intention to Make a Proposal (the “**NOI**”) pursuant to Section 50.4(1) of the *Bankruptcy and Insolvency Act (Canada), R.S.C. 1985, c. B-3* (the “**BIA**”) and Alvarez & Marsal Canada Inc. (“**A&M**”) was appointed as Proposal Trustee of the Company (the “**Proposal Trustee**”). A copy of these Notices, together with the list of creditors, are enclosed herewith. In conjunction with the Company NOI, Greenfire Oil and Gas Ltd., the parent company of the GHOC, also filed a NOI pursuant to Section 50.4(1) of the BIA and A&M was appointed as Proposal Trustee. A copy of Greenfire Oil and Gas Ltd.’s Notices, together with their list of creditors, is available at the Proposal Trustee’s website at: www.alvarezandmarsal.com/greenfire.

Please be advised that the Company is not bankrupt and has availed itself to a procedure whereby an insolvent person, with creditor and Court approval, restructures its financial affairs. The role of the Proposal Trustee in this matter is to monitor the cash flow of the Company during the restructuring process, to assist with the development of the Proposal, and to liaise with creditors, who will ultimately make the decision regarding the Proposal.

Pursuant to section 69(1) of the BIA, upon the filing of the NOI, that being October 8, 2019, no creditor shall have any remedy against the Company or its property or shall commence or continue any action, execution or other proceedings for the recovery of a claim provable in bankruptcy until the bankruptcy of the Company.

The Company is required to file a Proposal within 30 days from the date of filing of the NOI unless the Company is granted an extension from the Court for a period not exceeding 45 days for any individual extension and not exceeding in the aggregate 5 months after the expiry of the initial 30 day period.

The amounts indicated on the attached list of creditors were estimated by the Company as at the date of filing the NOI, and as such, may not be the correct amount of your claim. However, **you do not need to notify the Proposal Trustee of any discrepancies in the claim amount at this time** and you will be provided an opportunity to do so when a Proof of Claim form and related documentation are sent to you at a later date.

Should you require any further information with respect to this matter, please feel free to contact Duncan MacRae by email at dmacrae@alvarezandmarsal.com, the Proposal Trustee’s hotline at (403) 538-7516 or visit the Proposal Trustee’s website at: www.alvarezandmarsal.com/greenfire.

Yours very truly,
Alvarez & Marsal Canada Inc.,
in its capacity as Proposal Trustee of
Greenfire Hangingstone Operating Corporation, and not in its personal capacity

**In the Matter of the Notice of Intention to Make a Proposal of
Greenfire Oil and Gas Ltd.**

TO THE CREDITORS OF GREENFIRE OIL AND GAS LTD.:

On October 8, 2020, Greenfire Oil and Gas Ltd. (the “**Company**” or “**GOGL**”) filed a Notice of Intention to Make a Proposal (the “**NOI**”) pursuant to Section 50.4(1) of the *Bankruptcy and Insolvency Act* (Canada), R.S.C. 1985, c. B-3 (the “**BIA**”) and Alvarez & Marsal Canada Inc. (“**A&M**”) was appointed as Proposal Trustee of the Company (the “**Proposal Trustee**”). A copy of these Notices, together with the list of creditors, are enclosed herewith. In conjunction with the GOGL NOI, Greenfire Hangingstone Operating Corporation, a subsidiary of the Company, also filed a NOI pursuant to Section 50.4(1) of the BIA and A&M was appointed as Proposal Trustee. A copy of Greenfire Hangingstone Operating Corporation’s Notices, together with their list of creditors, is available at the Proposal Trustee’s website at: www.alvarezandmarsal.com/greenfire.

Please be advised that the Company is not bankrupt and has availed itself to a procedure whereby an insolvent person, with creditor and Court approval, restructures its financial affairs. The role of the Proposal Trustee in this matter is to monitor the cash flow of the Company during the restructuring process, to assist with the development of the Proposal, and to liaise with creditors, who will ultimately make the decision regarding the Proposal.

Pursuant to section 69(1) of the BIA, upon the filing of the NOI, that being October 8, 2019, no creditor shall have any remedy against the Company or its property or shall commence or continue any action, execution or other proceedings for the recovery of a claim provable in bankruptcy until the bankruptcy of the Company.

The Company is required to file a Proposal within 30 days from the date of filing of the NOI unless the Company is granted an extension from the Court for a period not exceeding 45 days for any individual extension and not exceeding in the aggregate 5 months after the expiry of the initial 30 day period.

The amounts indicated on the attached list of creditors were estimated by the Company as at the date of filing the NOI, and as such, may not be the correct amount of your claim. However, **you do not need to notify the Proposal Trustee of any discrepancies in the claim amount at this time** and you will be provided an opportunity to do so when a Proof of Claim form and related documentation are sent to you at a later date.

Should you require any further information with respect to this matter, please feel free to contact Duncan MacRae by email at dmacrae@alvarezandmarsal.com, the Proposal Trustee’s hotline at (403) 538-7516 or visit the Proposal Trustee’s website at: www.alvarezandmarsal.com/greenfire.

Yours very truly,
Alvarez & Marsal Canada Inc.,
in its capacity as Proposal Trustee of
Greenfire Oil and Gas Ltd., and not in its personal capacity

In the Matter of the Notice of Intention
to make a Proposal of
Greenfire Hangingstone Operating Corporation

**Notes to the Consolidated Statement of Cash Flow for the 13-week
period ending January 1, 2021**

Purpose and General Assumptions of the Cash Flow Statement

Greenfire Hangingstone Operating Corporation (“**Greenfire OpCo**” or the “**Company**”) has prepared this Cash Flow Statement and the accompanying Notes to the Cash Flow Statement (collectively the “**Cash Flow Statement**”) in support of the proposal proceedings that has been filed under the Bankruptcy and Insolvency Act (“**BIA**”) on October 8, 2020.

Alvarez & Marsal Canada Inc. is the Proposal Trustee in this matter (the “**Proposal Trustee**”). The Cash Flow Statement should be read in conjunction with the Report on Cash Flow Statement by the Company (Form 30 under the BIA) and also with the Proposal Trustee’s Report on Cash Flow Statement (Form 29 under the BIA).

The Company has prepared the Cash Flow Statement based on probable and hypothetical assumptions that reflect the Company’s planned course of action for the period from October 8, 2020 to January 1, 2021 (the “**Cash Flow Period**”). Management is of the opinion that, as at the date of filing the Cash Flow Statement, the assumptions used to develop the projection represent the most probable set of economic conditions facing the Company and that the assumptions used proved a reasonable basis for and are consistent with the purpose of the Cash Flow Statement.

The Cash Flow Statement has been developed pursuant to subsection 50 (6) of the BIA and is in support of these BIA proceedings. The information contained in the Cash Flow Statement is subject to changing assumptions and/or receipt of new or additional information; actual results may vary.

This Cash Flow Statement should not be used for any other purpose, and creditors are cautioned that the information provided in the Cash Flow Statement could vary based on changing future circumstances.

The projected cash flow statement is prepared in Canadian dollars.

Hypothetical and Probable Assumptions of the Cash Flow Statement

1. Cash receipts consist of forecast oil receipts based on forecast production in November at strip pricing. Proceeds from production forecast are generally received on or around the 25th of the following month. Greenfire OpCo has connected with a third-party marketer that confirms the ability to receive 50% of the receipts on or around the 10th of the following month and the remaining 50% balance on or around the 25th of the following month. In addition, in exchange for a fee from the revenue on the next month’s production, there will be no first month third-party marketing and transportation fee.
2. Operating cash disbursements consist of transportation and marketing fees, natural gas and electricity expenses and other operating expenses to facilitate the restart and operations of the facility. These disbursements are based on historical lease operating statements at the assumed production levels. Payments are assumed to be made in the week/month the goods or services are

provided based on our assumption that parties will require “cash on delivery” payment terms or immediately after invoicing in the NOI filing. There is approximately one times (1.0) contingency in the first month of operating expenses for natural gas, as there is less natural gas required during the restart of operation, but is also subject to weather conditions.

3. Contractor and employee expenses based on historical lease operating statements at the assumed production levels. Payments are assumed to be made on two week accruals upon start dates.
4. Royalty expenses include Crown royalties plus GORR royalties at strip pricing.
5. Capital expenses consist of an optional transfer pump to increase production levels, and is subject to production and cash flow performance and the decision to purchase and install this equipment will be made based on several considerations. These payments are assumed to be made in the week/month the goods or services are provided based on our assumption that parties will require “cash on delivery” payment terms or immediately after invoicing in the NOI filing.
6. Salaries, benefits and related source deductions based on expected timing of payment (two week accruals upon start dates).
7. Based on the Proposed Interim Lending Facility interest rate and interest payment dates.
8. Includes the ongoing professional fees and expenses of the Company’s legal counsel and those of the Proposal Trustee and its legal counsel through to the end of December.
9. Forecast cash balance based on the Company’s net cash flow and borrowings of the Interim Lending Facility.

Report on Cash-Flow Statement by the Person Making the Proposal
(Paragraphs 50(6)(c) and 50.4(2)(c) of the Act)

In the matter of the proposal of
Greenfire Oil and Gas Ltd.
of the city of Calgary, in the municipality of Calgary, in the Province of Alberta

The Directors of Greenfire Hangingstone Operating Corporation, has/have developed the assumptions and prepared the attached statement of projected cash flow of the insolvent person, as of the 16th day of October 2020, consisting of a 13-week cash flow statement and accompanying notes and assumptions.

The hypothetical assumptions are reasonable and consistent with the purpose of the projection described in the notes attached, and the probable assumptions are suitably supported and consistent with the plans of the insolvent person and provide a reasonable basis for the projection. All such assumptions are disclosed in the notes attached.

Since the projection is based on assumptions regarding future events, actual results will vary from the information presented, and the variations may be material.

The projection has been prepared solely for the purpose described in the notes attached, using a set of hypothetical and probable assumptions set out in the notes attached. Consequently, readers are cautioned that it may not be appropriate for other purposes.

Trustee's Report on Cash-Flow Statement
(Paragraphs 50(6)(b) and 50.4(2)(b) of the Act)

In the matter of the proposal of
Greenfire Oil and Gas Ltd.
of the city of Calgary, in the municipality of Calgary, in the Province of Alberta

The attached statement of projected cash flow of Greenfire Hangingstone Operating Corporation, as of the 16th day of October 2020, consisting of a 13-week cash flow statement and accompanying notes and assumptions, has been prepared by the management of the insolvent person (or the insolvent debtor) for the purpose described in the notes attached, using the probable and hypothetical assumptions set out in the notes attached.

Our review consisted of inquiries, analytical procedures and discussion related to information supplied to us by: the management and employees of the insolvent person or the insolvent person. Since hypothetical assumptions need not be supported, our procedures with respect to them were limited to evaluating whether they were consistent with the purpose of the projection. We have also reviewed the support provided by: management or the insolvent person for the probable assumptions and preparation and presentation of the projection.

Based on our review, nothing has come to our attention that causes us to believe that, in all material respects,

- (a) the hypothetical assumptions are not consistent with the purpose of the projection;
- (b) as at the date of this report, the probable assumptions developed are not suitably supported and consistent with the plans of the insolvent person or do not provide a reasonable basis for the projection, given the hypothetical assumptions; or
- (c) the projection does not reflect the probable and hypothetical assumptions.

Since the projection is based on assumptions regarding future events, actual results will vary from the information presented even if the hypothetical assumptions occur, and the variations may be material. Accordingly, we express no assurance as to whether the projection will be achieved.

The projection has been prepared solely for the purpose described in the notes attached, and readers are cautioned that it may not be appropriate for other purposes.

In the Matter of the Notice of Intention
to make a Proposal of
Greenfire Oil and Gas Ltd.

**Notes to the Consolidated Statement of Cash Flow for the 13-week
period ending January 1, 2021**

Purpose and General Assumptions of the Cash Flow Statement

Greenfire Oil and Gas Ltd. (“**Greenfire HoldCo**” or the “**Company**”) has prepared this Cash Flow Statement and the accompanying Notes to the Cash Flow Statement (collectively the “**Cash Flow Statement**”) in support of the proposal proceedings that has been filed under the Bankruptcy and Insolvency Act (“**BIA**”) on October 8, 2020.

Alvarez & Marsal Canada Inc. is the Proposal Trustee in this matter (the “**Proposal Trustee**”). The Cash Flow Statement should be read in conjunction with the Report on Cash Flow Statement by the Company (Form 30 under the BIA) and also with the Proposal Trustee’s Report on Cash Flow Statement (Form 29 under the BIA).

The Company has prepared the Cash Flow Statement based on probable and hypothetical assumptions that reflect the Company’s planned course of action for the period from October 8, 2020 to January 1, 2021 (the “**Cash Flow Period**”). Management is of the opinion that, as at the date of filing the Cash Flow Statement, the assumptions used to develop the projection represent the most probable set of economic conditions facing the Company and that the assumptions used proved a reasonable basis for and are consistent with the purpose of the Cash Flow Statement.

The Cash Flow Statement has been developed pursuant to subsection 50 (6) of the BIA and is in support of these BIA proceedings. The information contained in the Cash Flow Statement is subject to changing assumptions and/or receipt of new or additional information; actual results may vary.

This Cash Flow Statement should not be used for any other purpose, and creditors are cautioned that the information provided in the Cash Flow Statement could vary based on changing future circumstances.

The projected cash flow statement is prepared in Canadian dollars.

Hypothetical and Probable Assumptions of the Cash Flow Statement

1. Greenfire HoldCo wholly-owns Greenfire Hangingstone Operating Corporation (“Greenfire OpCo”). Greenfire HoldCo does not have any operational income or expenses. All of the operational income and expenses are reflected in Greenfire OpCo, which also filed for creditor protection pursuant to the BIA (Notice of Intention to Make a Proposal) on October 8, 2020.

OVERVIEW

Imperial Capital is a full-service investment bank offering a uniquely integrated platform of comprehensive services to institutional investors and middle market companies. We offer sophisticated sales and trading services to institutional investors and a wide range of investment banking advisory, capital markets and restructuring services to middle market corporate clients. Paired with our proprietary research and sales & trading desk analysis, we provide investment analysis across an issuer's capital structure, including bank loans, debt securities, the hybrid/bank capital marketplace (through our ELP Framework), post-reorganization equities, special situations claims and listed and unlisted equities. Our comprehensive and integrated service platform, expertise across the global capital structure, and deep industry sector knowledge enable us to provide clients with research driven ideas, superior advisory services, and trade execution. We are quick to identify opportunities under any market conditions and we have a proven track record of offering creative, proprietary solutions to our clients.

Imperial Capital's market expertise and research coverage include the following sectors: Aerospace, Defense & Government Services, Airlines & Transportation, Business Services, Consumer, Energy (Clean & Traditional), Financial Services, General Industrials, Healthcare, Media & Entertainment, Real Estate, Lodging & Leisure, Security & Homeland Security and Technology & Telecom.

Imperial Capital has three principal businesses: Investment Banking, Institutional Sales & Trading and Institutional Research.

INVESTMENT BANKING

We bring in-depth experience to leverage our sales & trading capabilities. Our investment banking team is dedicated to advising on and implementing creative, value-enhancing solutions for our corporate and institutional investor clients.

INSTITUTIONAL RESEARCH

Imperial Capital's global institutional research is differentiated by its integrated approach across an issuer's entire capital structure. In contrast to the traditional fixed income and equity model, our emphasis is on relative values throughout the capital structure within industries where we have deep expertise. We provide proprietary investment analyses in fixed income, convertibles and busted convertibles, equity and preferred stock including:

- Bank Debt
- Second Lien Debt
- Convertible Debt
- Mezzanine & Subordinated Debt
- Investment Grade/Crossover Debt
- Hybrid Debt/Equity Securities
- High Yield Debt
- Preferred Equity
- Reorganized Equity
- Private & Unlisted Equity
- Listed Common Equity

We have extensive experience understanding complex capital structures and special situations such as bankruptcies and restructurings. We deliver timely research and analysis to our clients. In addition to providing recommendations on specific securities and event-driven opportunities, we also provide valuable insight into important industry trends. We accomplish this through three distinct research operations: Capital Structure Analysis, Desk Analysis and Industry Analysis.
