FRESH AS AMENDED NOTICE OF MOTION
(Returnable July 11, 2023)

Inscape Corporation ("**Inscape**"), Inscape (New York) Inc. and Inscape Inc. (collectively, the "**Inscape Group**" or the "**Applicants**") will bring a motion before the Court on July 11, 2023, at 10:00 a.m., or as soon after that time as the motion can be heard, at 330 University Avenue, Toronto, Ontario.

THE MOTION IS FOR:

1. An Order, among other things:
 - (a) declaring that Prevolv, Inc. ("**Prevolv**" or the "**Dealer**") has been unjustly enriched by its receipt and retention of a \$2,147,490 USD portion ("**Inscape Receivable**") of an estimated \$2,375,000 USD in collections ("**Inscape Product Collections**") from certain End Customers (as hereinafter defined) on account of the sale of Inscape product ("**Inscape Product**"), which product orders were fulfilled during the course of these *Companies' Creditors Arrangement Act*, R.S.C. 1985 c. C-36, as amended ("**CCAA**") proceedings in order to realize value for Inscape stakeholders;

- (b) additionally, or in the alternative, declaring that by retaining and converting the Inscape Receivable to its own use, and by conducting and subsequently abandoning CCAA motions litigation relating to the Inscape Receivable, Prevolv has acted wrongfully, in breach of its duty of honesty and good faith in contractual relations, and in breach of its duty under section 18.6 of the CCAA to act in good faith in respect of these proceedings;
- (c) imposing a constructive trust in favour of the Applicants over the Inscape Receivable;
- (d) further to the order of the Honourable Justice Conway made April 24, 2023 (“**Interim Relief Order**”), directing that Prevolv and/or John Ewine (“**Ewine**”), President of Prevolv, produce all records in their possession, power, or control regarding the receipt and use of the Inscape Receivable;
- (e) declaring that, to the extent that Prevolv, Ewine, or a third party holds any portion of the Inscape Receivable, each does so as a constructive trustee;
- (f) tracing the Inscape Receivable subject to the constructive trust to and through Prevolv’s accounts or deposit facilities into or through any assets purchased with the Inscape Receivable;
- (g) a declaration that Inscape’s damages were caused by the fraud, misappropriation and/or breach of trust of Prevolv and/or Ewine and accordingly constitute debts not released by order of discharge;
- (h) further to the payment provision of the Interim Relief Order, directing that Inscape may require Prevolv to attend an examination in aid of execution no later than May 26, 2023;
- (i) directing that John Ewine be Prevolv’s representative at any examination in aid of execution arising from the Interim Relief Order;
- (j) directing that a notice of examination in aid of execution is properly served upon Prevolv by e-mail to its counsel of record in these proceedings;

- (k) awarding costs of the motion; and
- (l) such further and other relief as this Honourable Court may deem just.

THE GROUNDS FOR THE MOTION ARE:

1. Prior to the commencement of these CCAA proceedings and ensuing wind-down of operations, the Inscape Group was in the business of designing, manufacturing and selling office furniture and architectural walls. The business began in 1888 as a New York-based full-service provider of office furniture under the name Office Specialty. In the early 1900s, Office Specialty moved to Canada and eventually relocated to Holland Landing, a community in the town of East Gwillimbury, 45 minutes north of Toronto.
2. As a result of its insolvency, the Inscape Group determined that the best path forward to maximize value for its stakeholders was through a court-supervised process under the CCAA including a liquidation of its assets and an orderly wind-up of the business.
3. Prevolv is a commercial furniture dealer specializing in workstation design, office reconfiguration and furniture installation. For approximately 24 years, beginning in 1999, Prevolv was one of Inscape's authorized dealers.
4. Prevolv and Inscape are party to two Platinum Dealer Agreements: the first dated October 14, 2016 in respect of sales conducted out of Inscape's Minneapolis location, and the second dated November 11, 2018 in respect of sales conducted out of Inscape's Chicago location. The Dealer Agreements prescribe the key terms and conditions upon which the Dealer may purchase Inscape product, and detail the discounts and incentives available to the Dealer.

CCAA Initial Order

5. On January 12, 2023, the Applicants applied for relief pursuant to the CCAA and this Court granted the Initial Order in favour of the Applicants. Pursuant to the Initial Order, among other things, the Court:

- (a) granted an initial stay of proceedings in favour of the Applicants and its directors and officers up to and including January 20, 2023;
- (b) granted an Administration Charge and Directors Charge (each as defined in the Initial Order); and
- (c) appointed Alvarez & Marsal Canada Inc. as the Monitor of the Applicants (in such capacity, the “**Monitor**”).

6. The stay of proceedings has been extended twice and currently will expire on July 14, 2023.

Inscape’s Post-Filing Order Fulfillment

7. Following the initial filing date, and in furtherance of the CCAA objectives of preserving and maximizing value for creditors generally, Inscape invited Prevolv to specifically identify which in-progress furniture orders it wanted Inscape to complete. Prevolv identified 26 such orders (the “**Prevolv Orders**”).

8. In utmost good faith, and with Prevolv’s knowledge, participation, and support, Inscape recalled employees, restarted its manufacturing lines, and invested in the completion the Prevolv Orders.

9. In the exigencies of the CCAA filing, Inscape and Prevolv agreed that the timely and cooperative fulfilment of the Prevolv Orders was required in order to generate income and return for the parties' mutual benefit.

10. Procurement and manufacturing activity in respect of the Prevolv Orders resumed on January 30, 2023.

11. Prevolv and Inscape were in constant communication throughout February, 2023 regarding fulfilment of the Prevolv Orders. During this period Prevolv declined to discuss the precise timing of payment for the Prevolv Orders, but John Ewine repeatedly promised that Prevolv would pay in accordance with past practice (on 60 day terms following resolution of any issues with the delivered product).

12. Post-filing manufacturing was completed on February 24, 2023 and the corresponding final shipments were released to Prevolv by February 27, 2023. Inscape invoiced Prevolv on the date of final shipment.

13. Immediately after the final shipment, Inscape's manufacturing activities ceased and hourly staff who were employed to complete the post-filing manufacturing were terminated.

14. Inscape incurred costs of approximately C\$1,000,000 to complete the Prevolv Orders (and 10 other orders for third parties).

15. At 9:20 a.m. on March 6, 2023, Prevolv's counsel wrote to the Monitor, the Monitor's counsel, the Applicants' counsel and others, and declared "it appears that the time has come now to begin reviewing the set-off issues". This e-mail outlined, for the first time, Prevolv's

position that it was entitled to assert multiple categories of set-off in very significant dollar amounts such as would operate (if permitted) to entirely extinguish the Inscape Receivable.

16. Inscape was shocked by this assertion of set-off, because of Ewine's promises to pay in accordance with past practice, and because the written dealer agreement made between Inscape and Prevolv includes terms and conditions of sale that prohibit set-off, saying "[Prevolv] shall not withhold payment of any amounts due and payable by reason of any set-off of any claim or dispute with Inscape."

17. On March 21, 2023, the Applicants, with the support of the Monitor, brought a motion for, among other things, the scheduling of a summary hearing and related litigation timetable to resolve Prevolv's set-off claims.

March 24 Hearing - Scheduling

18. On March 24, 2023, at Prevolv's request, Justice Conway granted an order (the "**March 24 Order**") scheduling a motion (the "**Prevolv Motion**") for the summary determination of the Prevolv's claims.

19. Justice Conway ordered that the Prevolv Motion proceed in accordance with the following timetable:

- (a) Prevolv's motion record to be served by April 10, 2023;
- (b) Inscape's responding motion record to be served by April 17, 2023;
- (c) Cross-examination, if any, to be conducted virtually on April 19, 20 or 21, 2023;
- (d) Prevolv's Factum to be served by April 26, 2023;
- (e) Inscape's Factum to be served by April 28, 2023; and

(f) Prevolv Claim Motion to be heard on May 2, 2023 at 11:00 am for a half day.

20. The Prevolv Motion was served on April 10, 2023. Prevolv asserted \$8,253,088 in set-off claims which, if allowed, would have entirely extinguished the Inscape Receivable.

21. Prevolv abandoned the Prevolv Motion on April 20, 2023, on the eve of cross-examinations and following receipt of extensive responding affidavit material.

22. By order of Justice Conway dated April 24, 2023 (“**Interim Relief Order**”), which Prevolv did not oppose, Prevolv was ordered to pay the full amount of the Inscape Receivable to Inscape.

23. Despite demand, Prevolv has so far failed and refused to pay the Inscape Receivable as ordered by the Interim Relief Order.

24. Information produced in accordance with the Interim Relief Order shows that throughout the CCAA time period, and in parallel with its assertions of set-off, Prevolv was pursuing Inscape Product Collections and applying same to a Prevolv line of credit that can be located and identified. This was done while the Inscape Receivable went unpaid, and after Prevolv had engaged the Court’s processes to seek a favourable declaration regarding set-off (which declaratory relief was abandoned after Inscape Product Collections were substantially complete).

25. At all material times, John Ewine was the directing mind of Prevolv and orchestrated Prevolv’s conduct described herein. John Ewine through equity and/or contractual interests and obligations related to Prevolv, or its affiliates, benefited personally from the application of

Inscape Product Collections to Prevolv's line of credit or otherwise benefitted personally from Prevolv's conduct described herein.

Relief is Required

26. The Inscape Receivable is a special receivable. It is a receivable that did not exist (in material part) prior to the commencement of the CCAA. It represents value for creditors generally that was created and unlocked by a substantial post-filing investment in a re-start of operations and hire back of former employees.

27. By virtue of Prevolv's conduct the Applicants' restructuring effort is all for naught: Prevolv has wholly appropriated for itself the value that the Inscape Receivable represents. In doing so Prevolv has realized a windfall, while putting the estate to a correlative loss.

28. Prevolv has acted in bad faith and for collateral purposes throughout the CCAA proceedings. Its conduct has been wrongful, tactical, unconscionable and an abuse of the court's processes. Prevolv's conduct, whether by act or omission, was designed to mislead Inscape to Prevolv's benefit and John Ewine's personal benefit.

29. Prevolv's conduct has resulted in extreme prejudice to Inscape and its CCAA stakeholders. Inscape, in good faith, invested in the post-filing manufacturing of the Prevolv Orders to increase value for creditors. This investment, if not recovered, comes at a direct cost to Inscape's general body of creditors.

30. Prevolv has failed to discharge its statutory duty of good faith with respect to these proceedings.

31. Prevolv has failed to discharge its common law duty of honest contractual performance.

32. The imposition of a constructive trust over the Inscape Receivable is just and appropriate, and is what good conscience requires in the circumstances of this case.

33. Absent the imposition of a constructive trust, Prevolv will have confiscated post-filing value creation for itself at the expense of Inscape's general body of creditors.

34. It is otherwise just and appropriate, and protects the interests of creditors in this CCAA, and serves the objectives of the CCAA, that the relief sought herein be granted.

General

35. The provisions of the CCAA, including sections 11, and 18.6, and the statutory, inherent and equitable jurisdiction of this Court.

36. Rules 1.04, 2.03, 3.02, 16, 37, 39, 45.02, and 60.18 of the *Rules of Civil Procedure*, R.R.O. 1990, Reg. 194, as amended, and section 106 and 137 of the *Courts of Justice Act*, R.S.O. 1990, c. C.43, as amended, and section 178(1) of the *Bankruptcy and Insolvency Act*, R.S.C. 1985, c. B-3; and

37. Such further other grounds as counsel may advise and this Court may permit.

Applicants

**AFFIDAVIT OF ERIC EHGOETZ
(Sworn May 5, 2023)**

I, Eric Ehgoetz, of the City of Mississauga, in the Province of Ontario, MAKE OATH
AND SAY:

1. I am the Chief Executive Officer (“**CEO**”) of Inscape Corporation (“**Inscape**”). I am also the CEO of Inscape (New York) Inc. (“**Inscape New York**”) and Inscape Inc. (“**Inscape Delaware**”, and, collectively with Inscape and Inscape New York, the “**Inscape Group**” or the “**Applicants**”).

2. I have acted as the CEO of the Inscape Group since March 2020. Prior to my role as CEO, and from June 2016 to March 2020, I was a member of the Inscape Group’s Board of Directors and Chair of its Audit Committee. Among other professional qualifications I hold a Chartered Financial Analyst (CFA) charter holder designation which I obtained in 1996, as well as an ICD.D. which I obtained in 2011 after completing a Directors’ Education Program with the Institute of Corporate Directors.

3. Attached as **Exhibit “A”** hereto is a copy of my curriculum vitae (CV), which includes a more detailed summary of my professional experience and qualifications.

4. I have knowledge of the matters to which I hereinafter depose, which knowledge is either personal to me, obtained from a review of the documents referred to, or, where indicated, I am advised by others in which case I verily believe such information to be true.

5. This affidavit is sworn in support of a motion returnable July 11, 2023 seeking certain relief in relation to a USD \$2,147,490 receivable (“**Inscape Receivable**”) that has been adjudged to be due and owing by Prevolv, Inc. (“**Prevolv**” or the “**Dealer**”) to Inscape.

6. An earlier version of this affidavit was filed on April 17, 2023 in opposition to a motion brought by Prevolv on April 10, 2023 (“**Prevolv Motion**”). The Prevolv Motion asserted \$8,253,088 in set-off claims, which, if allowed, would have entirely extinguished the Inscape Receivable. The Prevolv Motion was abandoned by Prevolv on April 20, 2023.

INSCAPE AND PREVOLV BUSINESS RELATIONSHIP

Background on Inscape

7. Prior to the commencement of these CCAA proceedings and ensuing wind-down of operations, the Inscape Group was in the business of designing, manufacturing and selling office furniture and architectural walls. The business began in 1888 as a New York-based full-service provider of office furniture under the name Office Specialty. In the early 1900s, Office Specialty moved to Canada and eventually relocated to Holland Landing, a community in the town of East Gwillimbury, 45 minutes north of Toronto.

8. Office Specialty Inc. became public on the TSX in 1997 and coincidentally changed its name to Inscape Corporation. The business operated under two primary brand names, being Inscape and Office Specialty.

9. Among other products, the Inscape Group designed, manufactured and distributed cubicles, desking and desk systems, movable walls, filing cabinets, bookcases and ergonomic furniture for customers across North America. The Inscape Group had two divisions: (i) the “furniture” division, which provided storage, desk, and seating solutions; and (ii) the “wall” division, which provided architectural and movable partition walls for office spaces.

Background on Authorized Dealer Business Model

10. Inscape’s business model relied exclusively on authorized dealer and representative relationships to sell product at a retail level. At the time of the Inscape Group’s CCAA filing, it had 90 authorized dealers.

11. An authorized dealer, places the purchase order, sells the product to an end customer, and completes whatever installation or configuration that the end customer may require. The dealer only places the purchase order with Inscape when they have a firm order from their own customer.

12. Authorized dealers enjoy a substantial discount off Inscape’s list price (ranging between 50 to 78%) and profit on the sale to the end customer.

13. Inscape is primarily reliant on relationships with its dealers and representative relationships because it is the dealer (not Inscape) who contracts directly with end customers in respect of their office furniture and wall needs. The purchase orders are custom orders designed for a specific end customer project.

Background on Prevolv Relationship

14. Prevolv is a commercial furniture dealer specializing in workstation design, office reconfiguration and furniture installation. For approximately 24 years, beginning in 1999, Prevolv was one of Inscape's authorized dealers.

15. Having been in place for 24 years, the dealer relationship between Inscape and Prevolv was particularly longstanding and was maintained based on principles of mutual trust, good faith and fair dealing. This relationship, together with the relevant dealer agreement and clearly prescribed trade terms (described below), allowed the parties to quickly resolve the types of minor order fulfilment issues that would from time to time arise.

16. In the result, Prevolv had an excellent track record of full payment of invoices on agreed trade terms. Unilateral or unauthorized deductions from invoices were not taken. The trade terms and the business practice was that, where appropriate, rebates and credit notes were confirmed in writing if approved by Inscape and offered by Inscape to be applied against Prevolv invoices. Rebates were offered in accordance with the terms of the applicable dealer agreement. Credit notes were offered in certain circumstances, in which case they could be applied in partial satisfaction of Inscape invoices.

17. As an acknowledgment of the strength of the relationship, the payment terms extended to Prevolv were more accommodating than payment terms made available to some other dealers. In particular, Prevolv's accounts receivable were due 60 days (as opposed to the customary 30 days) from the date of receipt by the Dealer of a completed order.

18. In the three years preceding the filing, Prevolv placed hundreds of purchase orders with Inscape, representing annual revenue for Inscape ranging from \$4.7 million to \$6.1 million. Sales by Inscape to Prevolv historically represented approximately 10% to 15% of Inscape's overall sales volume.

Dealer Agreements, Support & Resources

19. Inscape dealers who exceed a certain threshold of annual dollar volume sales are invited to enter into a "Platinum Dealer Agreement", which agreement specifies a variety of favourable marketing and growth incentives. Of Inscape's approximately 90 dealer relationships about 13 dealers, including Prevolv, were considered "Platinum Dealers".

20. Prevolv and Inscape are party to two Platinum Dealer Agreements: the first dated October 14, 2016 in respect of sales conducted out of Inscape's Minneapolis location, and the second dated November 11, 2018 in respect of sales conducted out of Inscape's Chicago location ("**Dealer Agreements**").

21. Copies of the Dealer Agreements between Prevolv and Inscape are attached as **Exhibit "B"** and **Exhibit "C"**, respectively. The Dealer Agreements prescribe the key terms and conditions upon which the Dealer may purchase Inscape product, and detail the substantial discounts and incentives available to the Dealer.

22. The Dealer Agreements also address "**Terms and Conditions of Sale**". By signing and entering into the Dealer Agreements and becoming a Dealer, Prevolv acknowledged and accepted that business would be conducted in accordance with specified terms and conditions of sale:

Terms and Conditions of Sale

Dealer accepts Inscape's terms and conditions of sale as published in various product price lists and as outlined in its standard credit application form.

23. For at least the last seven years, Inscape has maintained a company website ("**Website**") at the domain name www.myinscape.com. The Website hosts the complete range of Dealer support functions and Inscape product resources. Attached as **Exhibit "D"** is a screen capture of the home page of the Website.

24. The Website publishes links to "Design Support", "Dealer Support", and "Warranty Support". The "Dealer Support" section provides, among others, the following hyperlinks: (i) Care and Maintenance; and (ii) Conditions of Sale.

25. Attached as **Exhibit "E"** is a screen capture of the relevant page on the Website, which is accessible by clicking "Support" on the home page.

26. Clicking on the "Conditions of Sale" in the Dealer Support Section, prompts a download of a document titled "Terms and Conditions of Sale" dated as of September 2022 ("**Terms and Conditions**"). This document is also accessible by hovering over the "Resources" section at the top of the Website home page and clicking the hyperlink titled "Conditions of Sale". Attached as **Exhibit "F"** is a copy of the Terms and Conditions document available on the Website.

27. In addition to the Terms and Conditions document dated September, 2022, the Website maintains a copy of an earlier version of the Terms and Conditions dated as of May, 2019. For completeness, attached as **Exhibit "G"** is the earlier version of the Terms and Conditions dated May, 2019.

28. Both versions of the Terms and Conditions prohibit set-off as follows:

PAYMENT

Inscape invoices all orders in the currency indicated on the Order Acknowledgment. Payment must be made in this same currency and may be made by cheque or wire transfer in accordance with the instructions set out in the invoice¹. Subject to credit approval, **Buyer must pay all invoiced amounts due to Inscape within 30 days from the invoice date.** In some cases a deposit will be required before the order will be scheduled for production. Delinquent accounts are subject to a 1.5% per month charge or the largest amount permitted by law. Inscape reserves the right to delay or cancel any shipment where an account is delinquent. **Buyer shall not withhold payment of any amounts due and payable by reason of any set-off of any claim or dispute with Inscape** (emphasis added).

29. As a contract office furniture manufacturer, the Dealer's commitment to pay for orders in full and without unilateral deduction or claim for set-off is always required and makes good business sense. This is because, similar to a bespoke suit, Inscape product is customized and "made to measure". Product supplied by Inscape often included specialty ordered non-standard project components purchased from third parties and/or manufactured by Inscape exclusively for a particular order. In addition, each order is fulfilled by Inscape based on the colour, material and dimension choices requested in the purchase order and, as such, each order was unique. Further, as with other players in the contract furniture manufacture industry, Inscape did not maintain finished goods inventory. For all of these reasons, Inscape product was not scheduled for manufacture unless and until an accepted purchase order was in hand evidenced by way of an acknowledgement from Inscape on payment terms that assured Inscape of payment in full for its specialized production.

30. The Terms and Conditions of sale were highlighted and cross-referenced at multiple stages of the order fulfilment process, beginning with the dealer accessible "**Product Price Book**". The

¹ This Payment provision was extracted from the May, 2019 version of the Terms and Conditions.

Product Price Book, which numbers 430 pages, is a detailed presentation and price listing of furniture systems available for sale. A dealer such as Prevolv consults the Product Price Book to prepare a purchase order.

31. Product Price Books are published on Inscape's Website and were updated frequently. The Product Price Books are available for instant download and accessible in various conspicuous locations on the Website, including by clicking (or hovering over) the "Resources" section of the Website, and then clicking the hyperlink for "Price Books". Attached as **Exhibit "H"** is a copy of one of the first ten pages of the most recent Product Price Book dated January 2023.

32. The Product Price Book sets out the applicable price list for Inscape products as of January, 2023. As indicated in bold at the top of the first page of the Product Price Book, the product line is made available based on "Conditions of Sale" (i.e. the Terms and Conditions) published on (and linked to) the Dealer Support page of the Website. As indicated, the Terms and Conditions contain the provision excerpted above, which prohibits set-off.

Order Fulfillment Process and Documentation

33. Below is a step-by-step summary of the order fulfillment process, from the initial order placement through to the final completion and shipment of the product. The process described is followed consistently for orders received by Inscape, including orders placed by Prevolv. As explained, Inscape's Terms and Conditions are brought to the attention of Inscape's dealers several times throughout the order fulfillment process.

Step 1: Submission of Purchase Order

34. After a dealer has determined what specific furniture and wall systems will meet an end customer's requirements, a dealer initiates an order with Inscape through the preparation and submission of a purchase order ("**PO**"). Orders must be in writing or sent electronically by the dealer.

35. The PO is the initiating document which enumerates the particular items requested for manufacture. It is prepared with reference to the applicable Product Price Book which presents the range of products available to purchase at a given time. The dealer-determined items and quantities required for an end-customer's project are set out in either a single PO, or sometimes in multiple POs.

36. Attached as **Exhibit "I"** is a set of all of the POs submitted by the Dealer relating to the Inscape Receivable ("**Prevolv POs**"). Each Prevolve PO indicates the product description and quantity ordered, the price of each product ordered (which corresponds with the applicable Product Price Book available on Inscape's Website), the date of the order, the requested shipping date, and the delivery address. Each PO provides an e-mail address to which order acknowledgments are to be sent, and another e-mail address to which the invoice(s) are to be sent.

Step 2: Review by Inscape of Purchase Order

37. A PO that is submitted to Inscape is received by Inscape's Sales Relationship Team ("**SRT**"), which include, among others, the staff responsible for order entry. The SRT is responsible for reviewing each PO in detail to evaluate if the PO reflects the applicable Product Price Book and to ensure alignment with Inscape's fulfillment capabilities.

38. Based on their review, the SRT is responsible for clarifying any issues with the PO and advising the dealer of any necessary changes, substitutions and/or modifications. Once the PO is finalized, the contents of the PO are entered into the Inscape order processing system.

39. The PO defines the content of each order. Once a PO is reviewed (and acknowledged, as described below), only the specific items set out in the final PO are eligible to be scheduled for manufacturing.

Step 3: Order is Acknowledged

40. Entry of a PO into the Inscape system prompts the issuance of a written order acknowledgement (“**Order Acknowledgment**”), which is automatically sent by Inscape’s system to the applicable dealer’s e-mail address. As shown on the Prevolv POs, dealers will indicate a preferred e-mail address for the Order Acknowledgment on their PO.

41. Scheduled Shipping dates on the Order Acknowledgement are estimates and are not guaranteed. This is set out in the Terms and Conditions.

42. A copy of a sample Order Acknowledgment, with the accompanying attachment, is attached as **Exhibit “J”**.

Step 4: Scheduling Production and Manufacturing

43. Accordingly, orders are only scheduled for production following the issuance of an Order Acknowledgement. Necessary materials and parts inputs are requisitioned to and processed at Inscape’s factory under the supervision of Inscape’s VP of Manufacturing & Supply Chain, Dennis Dyke.

44. As Inscape products are made to order the procurement and production process begins well in advance of shipment. Product lead times lasting weeks or months are the norm in our industry. In Inscape's case product lead times ranged from 5 to 8 weeks for Systems, Storage, Seating and Accessories, and 6 to 8 weeks for Architectural Walls. These lead times are minimums. Lead times are calculated from the date of Order Acknowledgement, may fluctuate rapidly, and are subject to change without notice. Longer lead times are required for larger orders. Attached as **Exhibit "K"** is a copy of the "Product Lead Times" sheet uploaded on our Website, information that is accessible to dealers.

Step 5: Shipment, Issuance of Invoice, and Completion of Order

45. Upon completion of manufacturing activities for a particular order, the order is prepared for shipment and processed by Inscape's Logistics & Shipping team.

46. Concurrent with shipment of an order, an invoice is issued by Inscape and transmitted by e-mail to the applicable dealer. Attached as **Exhibit "L"** are copies of all invoices relating to the Inscape Receivable ("**Prevolv Invoices**"). Each of the Prevolv Invoices (as is the case for all invoices issued by Inscape) reference the Terms and Conditions of sale.

47. The Prevolv Invoices are accompanied by a "General Information & Conditions of Sales" document, a copy of which is attached as **Exhibit "M"**. The General Information & Condition of Sales references the Terms and Conditions of Sale:

Order Acknowledgment, together with the Terms & Conditions as detailed in our price list in effect at time of order entry, is intended as a complete, exclusive and final statement of the terms and conditions of agreement between Inscape and the purchaser with respect to the purchase and sale of the goods on order.

[...]

The above is not intended to be a complete detail as to the Terms of Sale. **Please refer to the Inscape website for the complete Terms and Conditions.**

48. The release of a completed order to a dealer starts the payment clock running. Invoices are to be paid in accordance with a dealer's payment terms. Invoices issued to Prevolv are to be paid within 60 days of receipt of a completed order. The extended payment term (from normal 30 days) is a courtesy to Prevolv that has been in place for many years.

49. Inscape's order fulfillment process is structured and operates in a mechanical and predictable way. Product is manufactured to order in accordance with carefully reviewed and acknowledged purchase orders. In the result, there are very few "mistakes" in the order fulfillment process. This point applies to Prevolv, as much as any of our dealers.

50. Incomplete, damaged or missing orders are generally quite rare, representing a fraction (less than 1%) of orders shipped. When such rare issues occur, they are addressed as described below. To the extent a Prevolv order was ever incomplete, damaged, or missing the relevant process below was followed.

- (a) **Incomplete Orders:** If a shipment arrives at its destination and is determined to be missing product specified by an applicable PO, the dealer is expected to promptly advise an Inscape customer service representative. Depending on the urgency, this contact may be initiated by phone or by e-mail. If initiated by phone, particulars of the issue are typically set out in written documentation (e.g. e-mail) submitted by the dealer as a follow up to a call. Inscape's SRT group investigates the issue and in the course of doing so, generates a field quality report (FQR) documenting the particulars of the issue and assigning responsibility to the specific department required to rectify the issue. The dealer is kept advised in writing of Inscape's progress in the investigation and resolution process. At the conclusion of this

process, the dealer-identified complaint is either accepted or rejected by Inscape. In all cases, the entire process is documented. The dealer receives written notification of the ultimate resolution. This process is strictly adhered to due to the nature of Inscape's audit practices, which require a complete audit trail of any and all credit notes issued by Inscape.

- (b) **Damaged Products:** If a shipment arrives at destination and is determined to be damaged in some way, the dealer is expected to, and invariably will, promptly inform Inscape's SRT of the specific issue. The dealer will provide some form of backup for its complaint, such as photographs. The matter is documented, investigated, assigned and resolved in the same manner as an incomplete order.
- (c) **Incorrect Invoicing:** If a dealer receives an Invoice and identifies an error (including, for instance, an error in the quantity of product or an error in the applicable price), it is incumbent on the dealer to bring the error to the timely attention of Inscape's SRT. This is expected to be done in writing. Inscape proceeds to review and resolve whatever issues are raised. The process is similarly documented for audit purposes and as a good business practice.

51. Inscape's practice is to issue written Credit Notes to dealers to document whatever monetary concessions the dealer may be entitled to based on noticed and verified deficiencies in order fulfilment. Credit notes are issued in accordance with internally prescribed written approval requirements. Examples of situations which may be resolved through a credit note include mistakes as to the appropriate quantity of a product, mistakes as to the pricing of product(s) and/or applicable discounts, and/or other specific and quantifiable administrative errors. As a public

company audited by Deloitte, Inscape documents the basis for and amounts of any and all credits accorded to Prevolv and other dealers.

52. Business activity requiring approval must be approved by at least two authorized individuals where the two individuals do not report to each other. Higher value credit notes are reviewed and approved by Inscape's senior executive officers.

53. Attached as **Exhibit "N"** is an example of a credit note that we issued to Prevolv. This particular credit note is dated November 21, 2022. It was issued in fulfilment of a promised dealer incentive (for FY2022 sales) that was accorded to Prevolv.

54. In Prevolv's case, product and order fulfilment issues were resolved in accordance with the processes and procedures described above. Prior to the commencement of these CCAA proceedings, Prevolv never unilaterally took credits or deductions against invoices by way of "set-off", or at all.

Quality Levels of Inscape Product and Order Fulfillment

55. Product quality and/or order fulfillment issues were always very much the exception for Inscape. As a public company, Inscape maintains data on supply chain and product quality issues. As CEO, I received monthly statistics in the form of field quality reports, which identified in detail any quality or warranty issues, late or cancelled shipments, or any other issues in the fulfillment process. Attached as **Exhibit "O"** is a copy of a Field Quality Report Summary presentation dated December 8, 2022.

56. Inscape's warranty claim target was 0.58% of sales. Inscape generally met or exceeded this target. Warranty claims rarely exceeded 0.6% of Inscape's sales. This includes warranty claims submitted by Prevolv.

57. As discussed below, Inscape was required to lay off a number of hourly and salaried employees shortly following the Initial Filing Date. However, in order to ensure the production of high quality product, and the effective management of order fulfilment issues, Inscape:

- (a) retained all key manufacturing and procurement employees (including a Director of Logistics & Customer Service, a Qualified SRT Manager, the VP of Manufacturing & Supply Chain, the Director of Procurement, and a Production Manager); and
- (b) continued to adhere to all standard investigation and resolution protocols in respect of all dealer issues related to incomplete and/or damaged products and invoice issues.

CCAA PROCEEDING AND CONTINUED MANUFACTURING

Filing for CCAA

58. Inscape Group has been a TSX listed public company since 1997. Our quarterly and year-end financial results were widely disseminated and available on SEDAR, consistent with the Ontario Securities Commission regulatory requirements.

59. As described in our court filings, Inscape Group experienced declining financial performance over several years, beginning prior to the Covid-19 global pandemic. These

challenges were compounded by the pandemic and its lasting and devastating impact on the entire contract office furniture manufacturing industry.

60. Inscape Group obtained CCAA protection pursuant to the order of the Honourable Madam Justice Conway dated January 12, 2023 (“**Initial Filing Date**”). A copy of the Notice of Application issued January 12, 2023 is attached as **Exhibit “P”**. A copy of my affidavit sworn January 11, 2023 (without exhibits) is attached as **Exhibit “Q”**. A copy of the Monitor’s Pre-filing Report dated January 11, 2023 is attached as **Exhibit “R”**. A copy of the Initial Order of Justice Conway dated January 12, 2023 is attached as **Exhibit “S”**. A copy of the Endorsement of Justice Conway dated January 12, 2023 is attached as **Exhibit “T”**.

61. As disclosed in the Applicants’ court materials, Inscape was insolvent and had been operating at a loss for several years before the CCAA Filing Date. The company’s court materials are replete with references to our conclusion that it was necessary to wind down operations and liquidate assets. As noted in Justice Conway’s Initial Order endorsement, the CCAA application was to be a “liquidating CCAA, not a restructuring”.

62. Inscape’s CCAA filing and associated lay-offs received early media attention with several stories describing the impact of the filing and the permanent lay-offs. Attached as **Exhibit “U”** is a copy of press reports, including one from CTV news and another from a popular industry reporter, Monday Morning Quarterback.

Post-filing Commitment to Completion of Prevolv Orders

63. Initially, in mid-January, Inscape moved to a “hard shut down” and terminated almost all salaried employees and laid off almost all hourly workers. A small number of employees were retained to assist in the wind-down.

64. In the following two weeks, the complete shut-down decision was revisited.

65. Inscape Group and the Monitor recognized that an orderly wind down might involve the continuation of certain limited manufacturing operations as a means of maximizing creditor recoveries. To this end, myself, and Inscape's Chief Financial Officer, Jon Szczur, and Dennis Dyke, Inscape's VP of Manufacturing & Supply Chain worked diligently with the Monitor to undertake a cost-benefit analysis with respect to Inscape's outstanding jobs as at the filing date. The goal of the analysis was to identify work-in-progress jobs that made economic sense to complete as a means of profitably creating or securing collection of accounts receivable. This analysis included a consideration of the additional investment required to complete individual jobs (including labour costs, sourcing of additional raw materials, and other expenses including but not limited to rent, utilities and other necessary overhead).

66. Attached as **Exhibit "V"** is a copy of a spreadsheet which was prepared by the Monitor and Inscape ("**Post-Filing Manufacturing Spreadsheet**"). The orders set out in the spreadsheet were Acknowledged orders and orders that constituted work in process at the time.²

67. The Post-Filing Manufacturing Spreadsheet reflects the analysis undertaken to ensure post-filing dollars expended during the CCAA would secure payment of greater value realizations in the form of accounts receivable. This analysis was completed for both the "walls" and "furniture" segments of the business.

² This excludes certain punch and other limited orders related to the Post-Filing Manufacturing Process Spreadsheet completed as part of resumption process.

68. At the conclusion of the analysis Inscape agreed to invest in the completion of 36 orders, 26 of which were for Prevolv (together, the “**Prevolv Orders**”). The decision to invest in and complete the Prevolv Orders was made in consultation with the Monitor and Inscape’s secured creditor, HUK 116 Limited, and with the full support and at the urging of Prevolv. Prevolv’s support for its order fulfillment is further discussed below.

69. In the course of determining which orders it made financial sense to finish, Prevolv identified which in-progress orders it wanted Inscape to complete. Advice as to particular orders that Prevolv wanted completed was provided to Inscape’s Director of Logistics & Customer Service, Rebecca Montinaro. Inscape accepted this direction and all of the Prevolv identified orders were included in the Prevolv Orders. Attached as **Exhibit “W”** is a copy of an e-mail exchange dated January 26, 2023 and January 27, 2023, and a separate e-mail exchange dated February 3, 2023, each confirming Prevolv input into the agreed upon orders to be completed.

70. The list of Prevolv Orders was finalized on or about January 27, 2023.

71. The Prevolv Orders were in various stages of completion as at the CCAA filing date. This was the case because of the relatively long lead time for production of our customized furniture product.

72. All of the jobs that Prevolv identified as ones that it wished to be completed were included in the Prevolv Orders list. This included orders of all sizes, both large and small. As a long standing dealer with an excellent payment record we wanted to accommodate Prevolv as far as possible. We accepted Prevolv’s direction on which of its orders were to be completed. From Inscape’s perspective, the objective of doing so was to secure additional value and insolvency realizations for all of our creditors.

73. Manufacturing and procurement activity in respect of the Prevolv Orders resumed on January 30, 2023.

74. In order to complete the Prevolv Orders, on February 13, 2023 Inscape called back approximately 18 hourly workers to Holland Landing. These workers were previously laid off on January 13, 2023.

75. The Monitor reported to the court and to creditors on our decision to proceed with selected order fulfilment:

Final Manufacturing & Accounts Receivable

3.4 Following the commencement of the CCAA Proceedings, the Applicants continued to employ an initial group of employees at their two manufacturing plants, including 26 employees at the Holland Landing Facility and three employees at the Jamestown Facility (each as defined and described in the Pre-Filing Report).

3.5 These employees were retained to continue certain limited operations of the Applicants' business, including the final manufacturing, fabrication and delivery of certain customer orders, each of which were determined by the Applicants to be: (i) close to completion and able to be finalized and delivered in a timely and efficient manner; and (ii) the cost to complete was less than the benefit to the estate, by way of improved collectability on existing outstanding accounts receivable (for example, by completing certain final "punch list" items) or by completing and delivering customer orders not yet recorded in accounts receivable.

76. Post-filing manufacturing was completed on February 24, 2023 and the corresponding final shipments were all released to our shippers by February 27, 2023.

77. Immediately thereafter, manufacturing activities ceased and Inscape's hourly staff who were employed to complete the post-filing manufacturing were terminated.

78. At 9:20 a.m. on March 6, 2023, Prevolv's counsel wrote to the Monitor and the Monitor's counsel and my counsel and others and declared "it appears that the time has come now to begin reviewing the set-off issues". This e-mail outlined, for the first time, Prevolv's position that it was

entitled to assert multiple categories of set-off in very significant dollar amounts such as would operate (if permitted) to entirely extinguish the Inscape Receivable. A copy of the March 6, 2023 email and preceding March 3 email inquiry from the Monitor, is attached as **Exhibit “X”**.

Post-Filing Communications with Prevolv in furtherance of Order Fulfilment

79. On January 12, 2023, just after the CCAA filing, I reached out to John Ewine (“**Ewine**”), the president of Prevolv, by text message, attaching a link to the News Wire release announcing Inscape’s CCAA filing. In this initial text message, and the other text messages that followed, I told Ewine know that the impact of the filing was “awful”, but Inscape would do the best that it could to solve supply issues for Prevolv. Attached as **Exhibit “Y”** is a copy of my January 12, 2023 text message conversation with Ewine, together with the referenced News Wire release.

80. I am advised by Inscape counsel that Prevolv was added to the CCAA Service List prior to Inscape Group’s January 20, 2023 comeback hearing (“**Comeback Hearing**”). Attached as **Exhibit “Z”** is a copy of the Service List included in the Motion Record of the applicants filed in connection with the Comeback Hearing.

81. I am advised by Inscape counsel that Prevolv remained on the Service List, was served with all court materials, and attended and participated in court hearings throughout the CCAA.

82. Prevolv retained Canadian counsel on or before January 25, 2023, on which date Canadian counsel to Prevolv sent an e-mail to Inscape’s Canadian counsel. Attached as **Exhibit “AA”** is a copy of the e-mail from Prevolv’s counsel to Inscape’s counsel dated January 25, 2023.

83. The work that went into completion of the final Prevolv Orders (including the restart of operations and additional investment in production) was pursued with Prevolv’s support and

encouragement, and in the context of all of the challenges and pressures of a court supervised liquidation and wind-down. To do so successfully, as we did, required a high level of communication between our respective organizations, both at a senior management level, as well as at an SRT and manufacturing level. In the weeks following the Initial Filing Date, Inscape and Prevolv were in near daily contact. Our order fulfilment and logistics staff worked hand in hand with their Prevolv counterparts to successfully build out and deliver whatever Prevolv wanted as quickly and as efficiently as possible. This was the common goal.

84. In the five weeks following the Initial Filing Date, I attended four virtual meetings with Ewine and others by Microsoft Teams. The meetings were attended by executives at Inscape and Prevolv, and were scheduled so that we could fully align on and ensure each other's support on issues of importance to both companies, including, particularly, the completion of and payment for the Prevolv Orders.

January 16, 2023 Microsoft Teams Meeting

85. On January 16, 2023, I attended a Microsoft Teams Meeting with Ewine and his colleague, Tim Paradis. The purpose of this call was to discuss, further to the initial January 12, 2023 text messages referenced above, Inscape's insolvency filing and the implications of it on Prevolv's outstanding orders.

86. At the time of the January 16, 2023 call, and in the two weeks that followed, Inscape, in consultation with the Monitor, Prevolv, and others, was undertaking a cost-benefit analysis to determine which specific orders made financial sense to complete for the benefit of the estate. During the call, I told Ewine that we were doing this and that a decision would be made shortly with respect to a potential restart of operations to complete certain outstanding orders. Ewine

expressed his strong support for this approach and encouraged us to include his outstanding orders and proceed as quickly as possible.

87. More specifically, Ewine said that if the outstanding orders were not completed for Prevolv, he would not be able to complete orders for his end customers, who in turn would decline to pay Prevolv. Ewine said that if Prevolv's end customers were not happy, Prevolv would not be able to pay Inscape. I took Ewine's point to be that Inscape and Prevolv had a shared financial interest in building out the Prevolv Orders. Accepting this, I assured Ewine that I would let him know as soon as we figured out, in conjunction with the Monitor and others, which orders, if any, might make financial sense to complete. I let him know that in order to complete orders we would first need to get Monitor support for the additional manufacturing and associated investment.

88. Attached as **Exhibit "BB"** is a copy of a text message discussion between myself and Ewine on January 25, 2023 (5 days prior to the resumption of manufacturing and procurement activities), where, among other things, I provide an update on Inscape's efforts and intention to complete certain "punch items" and remind Ewine that Inscape's team is available to provide updates on particular items as needed. Ewine's response was supportive. He reminded me of our 25-year business relationship.

89. The list of Prevolv Orders was finalized on or about January 27, 2023.

90. Manufacturing and procurement activities resumed on January 30, 2023.

February 6, 2023 Microsoft Teams Meeting

91. By February 6, 2023, manufacturing and procurement activities for the Prevolv POs had been underway for about a week. On that date, I attended a Microsoft Teams Meeting with Ewine

and Inscape CFO, Jon Szczur. This meeting was organized by Ewine, who sent a meeting invitation enclosing a list of three items for discussion: (1) *“Discuss current status of manufacturers interested in acquiring Inscape’s systems and storage business”*, (2) *“Discuss current status of manufacturers interested acquiring Inscape’s wall business”*, and (3) *“Review punch list fulfillment and resolution process.”*

92. During this meeting, I raised a concern with Ewine that Inscape had not received a payment which was expected on January 31, 2023 for Prevolv POs relating to a project for General Mills, an end customer of Prevolv. The invoices for the General Mills project, copies of which are included as Exhibit “L” above, totalled USD \$396,000 (**“General Mills Receivable”**). The General Mills Receivable was provided for in the Monitor’s cash flow, and the Monitor had asked us to follow up on collection.

93. In response, Ewine said that Prevolv had not received its final product shipment for General Mills until January 16, 2023 (making 60-day payment of the Invoices due on March 16, 2023), and that he required receipt of all of his outstanding orders before he would issue any payments to Inscape, including in respect of the General Mills Receivable. Ewine said several times on the call that Prevolv would pay Inscape receivables in full, but only after receipt of everything he had ordered, and then on his normal 60 day terms. I specifically recall him saying that he “has always paid [his] bills for 24 years” and that he would remit payment per his payment terms once he had what was needed.

February 10, 2023 Microsoft Teams Meeting

94. On February 10, 2023, I attended another Microsoft Teams with Ewine. In addition to myself and Ewine, Inscape CFO, Jon Szczur and Inscape VP of Manufacturing & Supply Chain,

Dennis Dyke were on the call. This call was scheduled at Ewine's request and in an effort to allay his concerns as to the status of completion of the outstanding Prevolv Orders.

95. The more detailed purpose of this call was to review progress on outstanding "punch items" and to update on the overall progress of the remaining Prevolv Orders. It was for this reason that Mr. Dyke participated on the call as he oversaw the post-filing manufacturing activities and supervised the staff involved in the order fulfillment process.

96. In response to Ewine's request for information on outstanding orders, Mr. Dyke provided a comprehensive update on manufacturing progress and our ongoing efforts to manage supply chain issues. In this regard, and as will be further described below, certain suppliers stopped supplying Inscape notwithstanding the terms of the Initial Order. In these cases we made alternative arrangements, often at additional cost, to source materials required for completion of items, including the Prevolv Orders. Ewine was satisfied with Mr. Dyke's update, and expressed support for our efforts for what we were trying to do.

97. On the February 10, 2023 call, in an attempt to advance payment of the Prevolv' receivable and improve our CCAA cash flow, I asked Ewine whether Prevolv would be agreeable to a discount of 10% in exchange for accelerated payment of the General Mills Receivable (then due in accordance with Prevolv's terms on March 15, 2023). Ewine declined the offer, saying words to the effect of "I don't need a discount, I need my product". In doing so, Ewine again assured us, that Prevolv would pay Inscape's receivables in full in the normal course.

February 23, 2023 Microsoft Teams Meeting

98. I attended a final Microsoft Teams meeting with Ewine on February 23, 2023. In addition to myself and Ewine, both Inscape CFO Jon Szczur and CBRE representative Geoff Euston were present. Mr. Szczur arranged this meeting which was scheduled for the purpose of discussing the lease (under which Inscape and Prevolv are co-tenants) in respect of a showroom in Chicago (“**Chicago Showroom**”) as well as certain then outstanding payments owing by Prevolv. I had been advised that Ewine was looking to list the Chicago Showroom and that he engaged CBRE for that purpose. In that regard, a draft listing agreement was prepared and circulated in advance of the call. In the first part of this call, Mr. Euston of CBRE discussed issues related to listing the Chicago Showroom, including the current market and the broker’s expectations. Following to that discussion, Mr. Euston exited the meeting and myself, Ewine, and Mr. Szczur discussed payment of the Inscape Receivable.

99. At the time of this February 23, 2023 call, Inscape was expecting payment of the General Mills Receivable within approximately one week, based on Inscape’s original view that the order was fully complete by December 30th, not January 16th as represented by Prevolv. In that regard, I asked for confirmation on payment of amounts owing to us. Ewine told us that he would pay in full when all of the Prevolv Orders were complete.

Post- Filing Investment in Completion of Prevolv Jobs

100. As indicated, Inscape made extraordinary efforts in the extremely challenging circumstance of an insolvency wind-down to execute the Prevolv Orders to Prevolv’s complete satisfaction.

101. To this end, Inscape went “above and beyond” and made substantial additional and out of the ordinary course investments to get the job done. All of this was done with confidence that Ewine would keep his word, and his company would remit payment in full when the time came.

102. Inscape’s aggregate post-filing financial investment in the Prevolv Orders, totals approximately CAD \$492,000 (exclusive of an estimated \$500,000 general cost for overhead as set out in sub paragraph (d) below). The investment falls into these four general categories:

- (a) Payments on account of potential construction liens (approximately CAD \$150,000);
- (b) Retention of Hourly and Salaried Staff (approximately CAD \$324,000)
- (c) Sourcing additional input materials (approximately CAD \$18,000); and,
- (d) Incurrence of additional expenses for utilities, rent, insurance and other overhead expenses connecting to resumption of manufacturing (over CAD \$500,000, a significant portion of which can be allocated to Prevolv).

Payment to Avoid/Resolve Construction Liens

103. The “walls” segment of Inscape’s business involves construction operations which are subject to construction lien legislation in certain jurisdictions. Non-payment, or delays in payment by Inscape, runs the risk that unpaid suppliers may seek to register construction liens against end-customer projects.

104. After the Initial Filing Date, Ewine advised Inscape on several occasions of a potential for construction liens in respect of “walls” jobs that were then in progress. He requested that Inscape

pay the applicable supplier (and potential lien registrant) the full amount claimed by them in order to avoid a lien registration.

105. As one example, attached as **Exhibit “CC”** is a copy of e-mail correspondence dated January 23, 2023 (together with the attachment) from Ewine to Inscape CFO, Jon Szczur, enclosing a Notice of Intent to Lien dated January 17, 2023, issued by one of Inscape’s suppliers. In this e-mail, Ewine asks Mr. Szczur to let him know what can be done to “get [the notice of intention to lien] cleared up”.

106. Below is a table providing particulars of potential liens and amounts paid in furtherance of completion of the Prevolv Orders. These payments were made at Prevolv’s request and on the basis of Ewine’s advice to me that making the payments would ensure that work was completed and paid for to everyone’s benefit.

Supplier	End Customer	Date paid	Amount (\$USD)
Old Castle	CLA Orlando CLA King of Prussia CLA ULM Morris Plains, NJ	February 14, 2023	\$64,582.21
Old Castle	CLA Madison	February 17, 2023	\$15,885.73
William Penn	CLA King of Prussia	February 24, 2023	\$36,059.68
Total	USD \$116,527.62		

Retention of Employees

107. In order to complete the Prevolv Orders and other orders, 21 hourly employees were asked and agreed to return to work starting on January 30, 2023 and February 13, 2023 in the United States and Canada, respectively. These employees all knew that they would shortly have no jobs,

but they returned to work for a limited time for an insolvent company during what was no doubt a difficult personal time for them.

108. Labour costs (both hourly and salaried) associated with completion of the Prevolv Orders amount to approximately CAD \$324,000. As with the potential liens, this post-filing expense was incurred in order to complete orders, secure full collection of the Inscape Receivable, and generate returns for creditors generally.

Sourcing Additional Materials

109. A further challenge and extraordinary expense incurred in the course of completing the Prevolv Orders relates to the fact that certain of Inscape's third party vendors had no interest in working with an entity in CCAA protection. Such parties declined to supply notwithstanding the terms of the Initial Order. Not having alternative suppliers readily available, Inscape had no choice but to implore these vendors to change their position and supply, including by providing them with special accommodations such as advance payment by wire or COD. Inscape reached out to the Monitor, and asked for and obtained the Monitor's assistance, in the process of seeking the sought-after cooperation from such suppliers.

110. The task of completing the Prevolv Order was made even more difficult and time consuming, and labour and capital intensive, by Prevolv's continuing addition of new "punch items" (or outstanding job requirements). Many of these "punch items" were outside of the scope of the previously Acknowledged POs.

111. In this regard, on more than one occasion, Prevolv requested a range of additional products which we were told were necessary to fulfil end customers needs, and thereby ensure payment for

us. Prevolv requested last minute changes to orders which were not contemplated in the applicable PO. By way of example, attached as **Exhibit “DD”** is a copy of e-mail correspondence dated February 8, 2023 from Inscape’s Director of Logistics & Customer Service, Rebecca Montinaro, to Ewine. In her correspondence, Ms. Montinaro told Ewine that his earlier request for different external painting of a product was not aligned with the original PO (as submitted and Acknowledged).

112. As reflected in Ms. Montinaro’s email, Inscape was assiduous in completing Prevolv Orders, and out of scope add-ons to Prevolv Orders. We did so in spite of the challenges of operating while in a CCAA wind down. Our employees made every possible effort, and Inscape made additional investments, to secure the required product to successfully fulfil Prevolv’s “last minute” orders.

113. Inscape made yet additional accommodations to Prevolv to ensure that the Prevolv Orders were all completed in full seamlessly and without interruption. One such example involved a third-party supplier to Inscape, called Environamics Inc. (“**Environamics**”). Inscape outsourced the manufacture of specific walls product to Environamics. Prior to the CCAA, Prevolv would pay Inscape in normal course, trusting that we would in turn pay Environamics’ invoices. After the CCAA filing, Ewing was not satisfied with this arrangement. He approached Inscape requesting a new arrangement that put Prevolv in charge of payments to Environamics, presumably to better ensure Environamics supply and eliminate any lien risk. Although Inscape did not consider this new agreement to be necessary, we agreed to it anyway believing it made no difference to Inscape and would further accommodate our long time dealer.

114. Attached as **Exhibit “EE”** is a copy of the agreement dated as of March 2, 2023 and entered into by Inscape, Prevolv and Environamics (“**Environamics Agreement**”). The Environamics Agreement is structured such that Prevolv is to pay Inscape its profit margin on applicable orders. Prevolv is also to pay Environamics. Prevolv has so far not honoured its obligation to pay us.

Prevolv First Asserts Set-off After Orders Completed

115. As described at paragraph 77 above, Prevolv did not put forward the position that it now asserts regarding set-off until the morning of March 6, 2023, days after Prevolv’s orders were released for shipment and left Inscape’s docks.

116. Inscape had worked closely with Prevolv throughout the CCAA. Jon Szczur, myself, and our teams had ongoing contact and discussions with Ewine and his team concerning a broad range of issues, including specifically payment. The issue of set-off was never raised (nor did I expect it to be, given our Terms and Conditions).

117. I was accordingly astonished to learn of Prevolv’s position. I had been repeatedly assured and led to believe that payment was to be made in full in due course, and indeed was imminent.

118. Looking back, and in all of the circumstances described in this affidavit, I believe that we were taken advantage of, or “set up”, and that Prevolv never intended to pay what it owed, contrary to its repeated promises of payment.

119. Prevolv’s conduct is baldly tactical. It is obvious and reasonable that if Prevolv had been honest and direct regarding its intention to refuse payment, Inscape would not have resumed work on the Prevolv Orders.

SPECIFIC RESPONSES TO PREVOLV'S CATEGORIES OF SET-OFF

120. Prevolv asserts set-off claims totalling \$8,253,088.50 ("**Prevolv Set-off Claims**"). It seeks to apply these claims to off-set and extinguish the \$2,114,345.22 USD owing on account of the Inscape Receivable.

121. I have reviewed Ewine's affidavit sworn April 10, 2023 ("**Ewine Affidavit**"), including the exhibits put forward as particulars of claimed losses. The next section of this affidavit will address each category of damages, in turn.

A. Cancelled Contracts

122. Inscape has prepared a spreadsheet, which is attached as **Exhibit "FF"**, providing detailed in-line responses to each of the four categories of alleged losses for which Prevolv claims set-off ("**Spreadsheet Response**").

123. Prevolv first seeks to set-off USD \$204,777.77 on the basis that it will have to forego gross profit on 19 orders that Prevolv says it placed with Inscape but that Inscape has advised that it will not be completing.

124. As detailed in the "Inscape Comments" section of the Spreadsheet Response, the orders at issue, were all either: (a) shipped and invoiced; (b) placed by Prevolv but never Acknowledged by Inscape and/or selected by Prevolv to be added to the Prevolv Orders list; or (c) in a few cases, orders were placed by Prevolv and Acknowledged by Inscape but were never subsequently put forward by Prevolv as orders that it wanted to be included on the Prevolv Orders list.

B. Terminated Contracts

125. Prevolv seeks a further \$1,107,941.50 in set-off on the basis that two Prevolv customers (General Mills and Cook County) may cancel “upcoming orders” and turn to other suppliers, resulting in reduced future profit future for Prevolv.

126. Inscape’s evidence on this category of set-off is also set out in the Spreadsheet Response. The claimed future losses are highly speculative at best. Based on my review of recent Prevolv financial statements, it would appear that a very high percentage of Prevolv’s annual revenues (approximately 80%) are derived from non-Inscape office furniture lines. Further, there are comparable substitute third-party products available to replace Inscape offerings, such that Prevolv’s customers’ future furniture needs, whatever they may be, can be fully met elsewhere. In this regard, I note that Prevolv’s website promotes 57 manufacturing partners aside from Inscape. Attached as **Exhibit “GG”** is a copy of the Manufacturer Partners list available on Prevolv’s website.

C. Chargebacks and Improper Invoicing

127. Prevolv seeks a further USD \$242,851.75 in set-off on the basis that it has allegedly “suffered delays and deficiencies in Inscape’s products”, as well as “improper invoicing”.

128. As indicated in Inscape’s Spreadsheet Response, the amounts claimed here are completely unsupported. Even the most basic corroborating materials, which any dealer would know to provide at first instance (*i.e.* date of expense/issue, associated order number, evidence of expense, evidence of submission of issue to Inscape to assess), have not been provided or even referenced.

129. Further, and as explained in paragraphs 49 to 51, above, issues having to do with these types of occasional and miscellaneous order fulfilment matters have always been addressed in

accordance with long-followed procedures. If supporting evidence is provided that demonstrates an issue in this category, Inscape applies its standard procedures.

D. Sales Rebates

130. Prevolv claims set-off in respect of “rebates earned” which it quantifies at USD \$86,161.54.

131. The first component of this rebate claim, being a Prevolv entitlement to what is correctly calculated as USD \$36,652.92 on account of prior year sales, was not in issue (beyond set-off) prior to this motion. Ewine acknowledges this at paragraph 26 of the Ewine Affidavit.

132. The second component of the rebate claim is for USD \$49,508.62 and apparently relates to Inscape products sold to the City of Minneapolis by Prevolv pursuant to a “National Cooperative Purchasing Alliance agreement”. Ewine asserts at paragraph 29 of the Ewine Affidavit that Inscape has “refused or failed to recognize and provide this rebate to Prevolv”. Inscape has not refused to pay (or credit) this amount. To the best of my knowledge, a credit claim was not submitted for it. In order to be considered, claims for rebates of this nature must be made in accordance with the relevant dealer agreement.

E. Chicago Showroom Buildout Costs

133. Paragraphs 28 to 70 of the Ewine Affidavit claims USD \$2,861,356.34 in set-off for costs that Prevolv says it incurred in designing and building out tenant improvements for the Chicago Showroom (“**Build-out Costs**”). Ewine references a January 2021 letter of intent, and refers to unsuccessful efforts to reach a “Teaming Agreement”, before asserting a right to recoup build-out costs “which [Prevolv] assumed in reliance on rebates generated from the profitable Chicago Showroom joint venture with Inscape”.

134. With reference to the LOI, and as the document says at the top, the purpose of it was “*to commit to develop a mutually agreed upon operating agreement that clearly outlines the structure, working relationship, mutual commitments, and joint responsibilities between Prevolv (dealer) and Inscape (manufacturer) pertaining to the proposed co-occupancy and unique go-to-market strategy in Chicago” (emphasis added).*

135. The proposed co-occupancy purpose of the LOI was accomplished in the sense that in June 2021 Inscape and Prevolv, as co-tenants, entered into a lease (“**Lease**”) with Thor 816 Fulton Owner LLC, as landlord, for furniture showroom premises in the Fulton Market Building in Chicago (“**Premises**”).

136. At the time the Lease was executed, Inscape did not have an existing showroom in Chicago and had not had one since exiting the prior Chicago showroom on lease expiry in Feb 2021. Further, the entry into of the Lease was predicated on Inscape taking no other financial risks related to the showroom other than contingent payments to Prevolv based on future sales in the Chicago region.

137. The balance of what the LOI envisioned was very much aspirational and was largely not accomplished. For this reason, the LOI stands as an outline of a joint venture type arrangement that we agreed to further due diligence and work to develop into an agreement.

138. As indicated in paragraph 2 of the LOI, the subsequent agreement, had it been reached, would have operated to replace the then existing Prevolv Platinum Dealer Agreement. This did not happen. Prevolv always operated under the Platinum Dealer Agreement.

139. Attached as **Exhibit “HH”** is a chart (“**LOI Chart**”) that I have prepared so as to indicate the completion status as at the date of the CCAA filing of the various initiatives contemplated by the LOI. As is apparent from a review of the LOI Chart, important terms such as arriving at a “mutually agreed upon hurdle rate of return” were never agreed upon and remained far from resolution. The vast majority of the hoped for joint staffing plans, planning and development team initiatives, and business development initiatives were also not agreed upon, undertaken or completed.

140. The fact that Inscape and Prevolve elected to proceed with the Lease and the showroom relocation in the absence of an agreement on anything else, was an accommodation to Prevolve at Ewine’s insistence. This is confirmed by an email that Ewine sent me in mid-October 2020 that reads in part as follows:

I am respectfully requesting your “authorization to proceed” with our showroom relocation plans in Chicago.

When we presented our Business and Real Estate Plans to you on August 31st (7 weeks ago), we all agreed that we could take two parallel paths – one for the relocation of the showroom and the other for a joint venture between Prevolve and Inscape. AND, we all understood the critical timing involved regarding the showroom and being up and running at a new location prior to NeoCON 2021.

Since then, we have put together our team to work on the showroom relocation that now includes ConopCo (our project manager) and Skender (the general contractor) in addition to CBRE for our design and real estate needs. The schedule we developed together required us to start the Schematic Design process on Monday, October 12th so we are in jeopardy of falling behind schedule.

Regarding a joint venture between our two companies – I am excited AND ready to move forward with the due diligence that will need to take place in order for us to determine “together” if this makes the best business sense. However, this will take some time and we all agreed that it should not hold up our plans for relocating the showroom since it is critical to our joint success in Chicago whether we have a joint venture or not.

141. A copy of this October 16, 2020 e-mail from Ewine is attached as **Exhibit “II”**.

142. Inscape accepted Ewine’s “two parallel paths” proposal and agreed to the idea of new showroom location in late 2020. The LOI was signed around the same time, on January 15, 2021. The LOI outlines the hoped for “joint venture” that Ewine and I agreed would take additional time to “due diligence ... and determine ‘together’ if this makes the best business sense”.

143. Apart from the Lease aspect, Prevolv’s proposals to develop the type of future partnership contemplated by the LOI turned out to make little financial sense for Inscape, and were not seriously or actively pursued by either party. Although some meetings and calls were held, and some draft teaming agreements were exchanged, the efforts were intermittent, lacked momentum, and did not conclude. Ewine’s explanation (at paragraph 67 of the Ewine Affidavit) for not returning to teaming agreement negotiations after June 2022 on the basis they “would be challenging” is an understatement. Progress proved impossible. If anything continued discussions regarding the content of a teaming agreement, particularly financial terms, moved us further away from an agreement, not closer. As time progressed, I increasingly viewed Ewine’s “asks” regarding levels of expense rebates, expense recoupment, and hurdle rates of return to be insurmountable obstacles to a deal.

144. In the absence of reaching agreements contemplated by the LOI, Prevolv and Inscape worked under the Platinum Dealer Agreement for Chicago that Ewine puts in evidence at Exhibit “D” of his affidavit.

145. Prevolv claimed and received the benefit of all of the discounts, rebates and incentives to which the company was entitled pursuant to the Chicago Platinum Dealer Agreement. Prevolv never claimed (until this motion) the benefit or rebates associated with the LOI.

146. More specifically, Prevolv never submitted for a 3% future sales rebate calculated on Inscape product sold through the Chicago showroom.

147. Prevolv now claims set-off for the Chicago Showroom build-out in the approximate amount of USD \$1,804,351.42, plus what it described as a “reasonable hurdle rate of return” of 10% per annum over a 10-year period calculated as totalling USD \$2,861,356.34. With respect to the build-out costs, what was envisioned at the time of the LOI, as set out in the LOI, was that Prevolv would be eligible to recapture its build-out investment based solely on a capped (at 3%) rebate applying to prospective sales. The rebate was to be a sales incentive, tied to future performance, and without any guarantee of reimbursement within a given time frame, or at a given dollar amount, or at all. As Ewine describes in the Ewine Affidavit at paragraphs 56 to 70, the parties intermittently exchanged proposals and attempted to agree on rebate amounts, and limits and “hurdle rates”, but remained far apart and ultimately failed to agree on any of this.

148. To provide another example of how far apart the parties were on almost everything to do with Chicago, Inscape and Prevolv were also at odds on matters as basic as showroom build-out costs. This is apparent from the Ewine Affidavit at paragraph 69 wherein he attributes build-out costs coming in 30% over estimate to “last minute design changes requested by Inscape”. This statement could not be further from the truth. Prevolv made commitments to build-out the shared premises without any approvals from Inscape and without sharing budgets or costing. Prevolv continually changed showroom designs and preferences and ran up costs. In this regard, with reference to paragraph 47 of the Ewine Affidavit, Ms. Barski (Inscape VP Marketing and Product Development) was tasked by me to propose changes to bring costs into line with estimates.

149. Prevolv's general approach to the build-out exercise, as far as we could see, was that it would spare no expense in design and construction. At the same time Prevolv negotiated the draft Teaming Agreement to try and push the financial risk to Inscape. This was unacceptable to Inscape because it did not represent the actual no upfront-cost business case which was our sole basis considering a joint venture with Prevolv in the first place. As a result, the Teaming Agreement never advanced past the initial draft stage.

150. Ewine's contention at paragraph 41 of the Ewine Affidavit, and in other places, that he was unaware of Inscape's financial stresses in 2020, 2021 and 2022 is simply not possible. Inscape was at all times a public company listed on the TSX with all of the attendant financial reporting and disclosure duties. In the beginning of December 2020, Inscape published an earnings release. The numbers were dismal. We were burning cash and were relying on both Canadian and United States government Covid-related grants. We had also announced terminations, salary reductions and work share. Attached as **Exhibit "JJ"** are copies of a series of Inscape press releases from May to December 2020.

F. Chicago Showroom Lease

151. Prevolv seeks to set-off "up to \$2,750,000 USD for base rent and up to \$1,000,000 USD for additional rent" ("**Lease Damages**").

152. Paragraphs 77 to 93 of the Ewine Affidavit provide Prevolv's perspective on what can be broadly described as post-CCAA filing Lease mitigation efforts, including consideration given to subleasing efforts. Ewine's narrative in this respect is incomplete and self-serving and I reject the contention that Inscape has been unresponsive or is somehow not prepared to enter into discussions with the landlord, or engage with CBRE or Prevolv or others to effectively address the Lease.

153. On April 13, 2023, Inscape and Prevolv entered into an exclusive sublease listing agreement with CBRE. CBRE is currently marketing the Premises for sublease with a view to finding one or more new tenants. Inscape has and will continue to consider all steps as may be appropriate to address the Lease.

PREVOLV MOTION ABANDONED, ORDERS UNPAID

154. The Prevolv Motion asserting \$8,253,088 in set-off claims was served on April 10, 2023.

155. Without explanation, Prevolv abandoned the Prevolv Motion by serving a Notice of Abandonment on April 20, 2023. Attached as **Exhibit “KK”** is a copy of the Notice of Abandonment.

156. By order of Justice Conway dated April 24, 2023, which Prevolv did not oppose, Prevolv was ordered to pay the full amount of the Inscape Receivable (“**Interim Relief Order**”). Attached as **Exhibit “LL”** is a copy of the April 24, 2023 Order and Endorsement of Justice Conway.

157. By order of Justice Conway dated May 2, 2023, Prevolv was ordered to pay Inscape costs of the Prevolv Motion fixed in the amount of \$165,692.35 and payable forthwith (“**Cost Award**”). Attached as **Exhibit “MM”** is a copy of the Cost Award endorsement of Justice Conway dated May 2, 2023.

158. The Interim Relief Order directs Prevolv to provide Inscape with, among other things, an accounting of the source and disposition of all amounts (“**Accounting**”) that Prevolv received from its end customers on account of the Prevolv Orders (“**Inscape Product Collections**”).

159. Despite repeated requests, Inscape has not been provided with a complete Accounting. Attached as Exhibit “**NN**” is a copy of a letter from my counsel to Prevolv’s counsel dated April

27, 2023 requesting information in accordance with Interim Relief Order. Attached as **Exhibit “OO”** is copy of a follow-up correspondence dated May 1, 2023 requesting information by “end of day”. Attached as **Exhibit “PP”** is a single line email response from Prevolve counsel dated May 4, 2023, declining to provide any of the requested information.

160. Attached as **Exhibit “QQ”** is a copy of a Prevolve produced bank statement dated 3/19/23. The statement was provided to my counsel on April 24, 2023, but does not constitute an Accounting.

161. Despite demand, Prevolve has to date failed or refused to pay the Inscope Receivable or the Costs Award to Inscope.

GSA Sales

1. The term "government" shall be used to refer to federal government agencies, state and local government agencies that are using public funding to purchase Inscape and Office Specialty products. (e.g. GSA, GSA under FAR 51, State, and Local Cooperatives).
2. In accessing Inscape's government contracts, the dealer agrees to follow the contract vehicles terms and conditions. Dealer will verify that government order pricing is accurate and in accordance with Inscape's government pricing and discount structure applicable for the entity at time of order. Orders containing pricing errors will be held and not entered until proper modifications are received. Dealers may access Inscape's government contract vehicles information on www.inscapedgovernment.com.
3. Negotiated discounting and commissions "rebates" can be offered, at Inscape's discretion, if volume is beyond established federal government thresholds. In this instance, dealers will be issued an SQ number. That number should be referenced along with the orders to Inscape identifying the discounting and rebate structure.
4. Inscape agrees to pay the commission "rebate" on net sales value of GSA contract schedule, cooperative purchasing, or Open Market order of the products outlined in the contracts to the dealer.
5. In cases in which Inscape is billing the federal government agency under contract GS-03F-03DA, Inscape and Office Specialty, the dealer is responsible for adding the Industrial Funding Fee (IFF) to the net negotiated amounts for design, project management, and installation. Deferral and Storage Terms: The Buyer shall have 2 hours to off load a standard full truck load (FTL) and 1 hour for a load that is less than a full truckload (LTL). As such, the Buyer is advised to examine the Product upon receipt as Inscape is not responsible for damage to Products that occur in transit or storage. In some cases a deposit will be required before the order will be scheduled for production. Delinquent accounts are subject to a 1.5% per month charge or the largest amount permitted by law. Inscape reserves the right to delay or cancel any shipment where an account is delinquent. Buyer shall not withhold payment of any amounts due and payable by reason of any set-off of any claim or dispute with Inscape.

TITLE AND FREIGHT

All Product shipped F.O.B. Inscape's factory in Holland Landing, Ontario or Falconer, New York, depending on where the Products are manufactured. Title to any Product ordered and any risk of loss shall pass to the Buyer once delivered by Inscape to the carrier. Subject to the Section titled Prices and the various other requirements and terms for shipping contained herein, standard freight costs to all points within Canada and the contiguous United States are included in the Price(s). Outside Canada and the contiguous United States, freight is not included.

CHANGE AND/OR CANCELLATION OF ORDER

As Inscape Products are made to order the procurement and production processes begin well in advance of shipment. Once an order goes into the production process, cancellation and other charges may apply. If a request is approved the delivery date may be adjusted. The fee will be determined by Customer Service and will be a percentage of the total order value. Changes and cancellation fees are based on the below guidelines:

- 50% of the net total of applicable product if changed or cancelled within four (4) working days prior to production
- 100% of the net total of applicable product if changed or cancelled three (3) or less working days prior to production

Some order changes or cancellations may not be approved including the following examples:

- Specials (not standard product).
- Special finishes including non-standard paints.
- Long lead time finishes such as Veneers.
- Orders requesting less than standard lead times.

When order changes or cancellations are not approved, 100% of the acknowledged order value will be charged. All requests must be in writing by completing the Change Order Form, available on Insite, and sent back to the Customer Experience Specialist. Inscape will review the request and if approved, will email back the completed form, indicating applicable charges. The requester is required to sign the form and return it to Inscape to acknowledge their acceptance. Note that any change will be rescheduled and a new ship date will be determined.

SPECIFICATIONS

Specifications are subject to change without notice. Inscape reserves the right to modify Products at any time.

SHIPPING POLICY

Dates: All Order Confirmations contain an estimated shipping date(s). This date(s) is approximate only and not guaranteed. Inscape shall in no way be liable to the Buyer or end user for any delays in meeting the estimated shipping date(s). Requests to change the delivery date where the Products have already become a work in progress, or at a time when Inscape is about to ship the products, must be approved by Inscape and may be subject to additional charges.

Method and Carrier: Inscape reserves the right to select the method of transportation and carrier of choice for any shipment. Standard freight costs are based on dock to dock deliveries utilizing 53' trailers with deliveries being completed during regular local business hours (8am to 5pm). Additional charges will apply when alternative trailer sizes and/or services are required to complete deliveries

Deferral and Storage Terms: The Buyer shall have 2 hours to off load a standard full truck load (FTL) and 1 hour for a load that is less than a full truckload (LTL). Waiting time charges shall apply afterwards. Where Buyer is unwilling or unable to accept delivery of any Product that is permitted to be shipped by Inscape under these Terms, (i) risk of loss to such Product will pass to the Buyer, (ii) the Product will be deemed to have been delivered (and Inscape shall have the right to invoice Buyer for such product as of the shipping date) and (iii) and the Product will be transferred into third party storage. Where Buyer has not designated a storage site, Inscape will transfer the Product to a location of its choice. Buyer will be responsible and billed for any direct and related costs for such storage.

Drop Shipments and Docking Requirements: Except as provided in this paragraph, Inscape requires that all Products be shipped only to Buyer's dock and that such docking facilities be equipped to handle a 53' tractor-trailer with appropriate personnel to offload the truck. Neither Inscape nor the carrier is responsible for offloading Product from the truck. In cases where Inscape determines that an order or portions thereof represent sufficient Product to account for a complete trailer load, Inscape may agree, if requested by the Buyer, to ship directly to an end user, provided that the end user has the proper docking facilities and personnel to offload the truck as set forth above. Any portion of such order that is less than a trailer load quantity will be delivered to Buyer's warehouse, as stated above. Product that cannot be delivered as a result of failure by the Buyer or end user to meet the above requirements will be delivered to a warehouse in accordance with the section above titled Deferral and Storage Terms, with redelivery at the Buyer's expense. Each partial shipment will constitute a separate sale and Buyer will pay for the Products shipped whether such shipment is in whole or partial fulfillment of the Purchase Order.

Freight Damage Claims: All Inscape Products are carefully inspected prior to shipping and are packaged according to International Safe Transit Association (ISTA) standards. As such, the Buyer is advised to examine the Product upon receipt as Inscape is not responsible for damage to Products that occur in transit or storage. In addition, the Buyer is advised that it must notify and file claims of any concealed damage to the Product in accordance with the carrier's terms and conditions. In most cases, the carrier's requirements will include notification of any claims relating to concealed goods within 5 days of delivery and that a formal freight claim must be filled with the carrier within 60 days of delivery. In addition, most carriers require that all packaging be retained and available for inspection and the Products left at the original delivery point. Terms and conditions do vary from carrier to carrier and the Buyer is advised to consult with the carrier directly for details.

Requests for Special Shipping or Handling: Inscape will make every effort to accommodate any special shipping or packaging requests. Inscape reserves the right to charge the Buyer with any direct or indirect costs associated with meeting such requests if they go beyond Inscape's standard procedures.

Shipping Weights & Cubic Dimensions: All shipping weights and cubic dimensions, if provided by Inscape, are approximate.

For certainty and without limiting the applicability of the foregoing, Inscape shall not be liable for any delays, loss or damage while the Products are in transit.

System Architecture

inscape

work for tomorrow

Inscape System frames are constructed of 16 gauge tubular steel uprights with welded 18 gauge steel crossrails. This strong yet lightweight construction provides ease of movement and reconfiguration.

The simplicity of the frame structure provides an intelligent solution to cable management. The absence of baseplates, apertures and corner posts eliminate barriers that restrict the routing of cables. Cabling may be routed both vertically and horizontally through the panel. Cables are laid into cable managers that easily install between panel crossrails throughout the framework. Cable managers safely cradle and segregate cables. An aperture free system means installation and reconfiguration costs are kept to a minimum. Cabling may also enter the system through the top or face of the panel. Reconfiguration is easy and economical. Cabling simply eases out of the cable managers and is laid back in at the desired point, eliminating the costly need to cut and re-terminate cables for every reconfiguration. Panels do not have creep.

3 1/2" THICK FRAME

The 3 1/2" Thick Frame accommodates approximately 96 Cat6 or 125 Cat5 cables per 13.5" H zone at a fill capacity of 60% between the upright and the tile. Frames and frame specific components for the 3.5" thick frame are denoted by the suffix "-3F".

2 3/4" THICK FRAME

The 2 3/4" Thick Frame accommodates approximately 52 Cat6 or 67 Cat5 cables per 13.5" H zone at a fill capacity of 60% between the upright and the tile. Frames and frame specific components for the 2.75" thick frame are denoted by the suffix "-2F".

Standard Frames

STANDARD FRAMES

A Standard Frame has a beltline cover kit enabling power to run at the beltline location without the need of a "cutout" tile. Standard frames are available for both the 3.5" and 2.75" thick frames. Frames 37" H and higher come equipped with one wire manager. Electrical and data components must be specified separately. Standard heights that are available include 37", 44", 51", 57" and 64".

NOTE: Tiles cannot be placed over the cover kit on a 2 3/4" thick frame. The Cover Kit frame clip cannot accommodate a tile hanging from the clip.
NOTE: 27" H tiles cannot be mounted in bottom position on a 2 3/4" thick standard frame.

Basic Frames

BASIC FRAMES

Basic Frames do not include the electrical cover kit but may house power which is to be accessed at all locations with a "cutout" tile. Basic frames 37" H and higher come with one wire manager. Basic frames are available for both the 3.5" and 2.75" thick frames. Basic heights available include 24", 29", 37", 44", 51", 57" and 64". The 3 1/2" thick frame by 24" H includes the mounting hardware to attach to a Credenza Storage case when used in a benching application.

Both types of frames feature glides that provide 1 1/2" height adjustment allowing air to circulate under panels and throughout the office. Frames are available in 6" increments in widths ranging from 18" W to 60" W.

STACK ON FRAME

The Stack on Frame consists of a 6.75", 13.5", 20.25" and 27" frame which may be installed on a Standard or Basic frame of the same width or combination of two frames as outlined in the Inscape System Application Guide only. The Stack on frame is load bearing to one storage unit above 64" H and may be stacked up to 91" H. Tiles and trim are specified separately. The top cap from the base frame may be used on the stack on frame. Stack on frames are frame thickness specific and should be specified accordingly.

DOUBLE GLAZED STACK-ON KIT

Double Glazed Stack-On Kit is a stack on frame with a double glazed insert. The 24" to 60" W Double Glazed Stack is a fully welded frame stack on. Double Glazed Stacks which are 54" and wider are kitted and are installed on site. The Double Glazed Stack on is not load bearing and no stacks can be stacked on top of the Double Glaze. Stack on frames are frame thickness specific and should be specified accordingly. Finishes are available in Clear or Frosted Acrylic to match Double Glazed tile.

Note: Dimensions 'C' & 'D' measured with frames at lowest glide position. Frame can be raised up to 1.500" depending on configuration and leveling.

1 1/2" THICK SCREEN

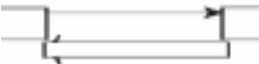

The 1.5" Thick Screen is available in a freestanding version or one that is intended to be joined to adjacent screens. The screen is inclusive of a finished frame, 1/2" tackable core (fabric option) and glides. Various configurations of the segmented or monolithic screen are available including all fabric, fabric with acrylic or resin and polycarbonate. Whiteboard accessories should follow the same guidelines as the Whiteboard tile. No assembly is required with the screen.

TABLE MOUNTED SCREEN

The Table Mounted Screen is constructed of a 1.5" thick extruded aluminum frame and is designed to provide modesty and privacy to adjacent work areas. This 37" H screen mounts onto a 1" or 1.25" thick worksurface and may be adjusted vertically to create the desired privacy or modesty. The tackable 1/2" thick core may be specified in any of Inscape's standard fabrics or COM. Height adjustable brackets allow for various screen height positions. It is recommended that the table mounted screen be installed 20" above the surface with 16" below. Table mounted screens cannot be attached to 1.5" thick screen brackets attaching to thicker frames.

1 1/2" ELECTRIFIED STORAGE FRAME

The 1.5" Electrified Storage Frame is an open structure frame which is positioned between Electrified Storage units to allow technology to run through when a 1 1/2" connection is required and a 1 1/2" screen is to run perpendicular to Electrified Storage spine.

INSCAPE SYSTEM SLIDING DOOR

Inscape System Sliding Door is a 1 1/2" thick extruded aluminum frame which is available to match 51" and 64" panel heights and openings of 36" and 42". The sliding door includes a door assembly consisting of door trim, polycarbonate panel, two door pulls, two 2.5" adjustable wheels and top/bottom connector brackets to attach to the panel frame. A locking version is available and is secured in the closed position by a lock at the opposite side of the handle. Polycarbonate has naturally occurring variations in the material. The tile configuration must be such that the crossrail at 37" H is accessible where the lock mechanism is located. See Inscape System Application Guide.

The 36" W sliding door is installed on any panel or combination of panels 42" in width.

The 42" W sliding door is installed on any panel or combination of panels 48" in width.

Sliding Doors are handed and need to be specified left or right for the direction in which the door is required to slide once installed on the front of the workstation.

GENERAL INFORMATION

To facilitate specification of connector kits for various multi-height panel configurations, preconfigured connector kits have been created. Connector kits include all the vertical trims, connectors, plugs and plates required to make and complete the connection at the junction point.

The panel configurations shown on the following pages have been grouped according to the type of connection: 'L' Connection (two-way 90°), 'T' Connection (three-way 90°), 'X' Connection (four-way 90°), 'V' Connection (two-way 120°) and 'Y' Connection (three-way 120°). Identify the desired connection and panel configuration and specify connectors as outlined below. A variety of panel configurations are shown on the following pages. Some configurations have more than one product code. An explanation of the product codes follow:

PRODUCT CODE KEY EXAMPLE
INCPT5053

- INCP panel connector
- T three-way connection
- 5 51" H panel
- 0 no panel
- 5 51" H panel
- 3 37" H panel

The prefix to the four digits in the product number represent the following: 'CP'-panel connector, 'L'-2-way connection, 'T'-3 way connection, 'X'-4-way connection, 'V'-2-way 120°connection and 'Y'-3- way 120°connection. The four digits represent the different heights of panels to be connected. Heights are represented by the first digit.

- 64" H panel -6
- 51" H panel -5
- 37" H panel -3

To specify the correct panel junction, start with the highest panel and move clockwise. For example: To specify a 3-way connection comprised of 51" H and 37" H panels, start with the highest panel, 51" - 5. Proceed clockwise, 0 for no panels, 5 for 51" and 3 for 37". The code is 5053.

FINISHES

Vertical trims are available in any of the colors shown in our current Paint Card and Fans plus textured paint finishes.

NOTE: Tapered vertical trim is available in any of the colors shown in our current Paint Card and Fans plus textured paint finishes.

If you don't find your configuration listed as standard product, send your request to specials@inscapesolutions.com with a copy of the connection layout.

QMS Continuous Improvement Initiatives Review – Presented in June 2022 Management Review to be updated in January 2023:

Item	Fiscal Year	Task/Action	Department Owner	Targeted Completion Date	Status of Action
1	2023	Improvement of NCR Process (Supplier/Internal)	Quality	F23'Q1	Internal Resource identified to be point person for Vendor NCR process (initiating and follow up on NCRs) External posting in place and currently interviewing for expanding responsibility for follow up and to new candidate
2	2023	Automating the daily tracking tool through Freidman upgrade	Shipping	F23' Q4	current reporting is all manual, need to automate to free up about 1.5 hrs of time per week for Neron to focus on other items
3	2023	Sales Resource Team to continue improving the Pre-Plan Process, giving better visibility to the business on the requirements to support the project with a systematic approach with Friedman	Shipping	F23'Q1	Pre-plans meetings were re-introduced and we are now streamlining the processes to improve visibility for all - tracker to be improved and placed on shared drive for all to review will re-introduce providing Sales Typical Profile to "display" what the projects requires and how it will look so that everyone understands needs/challenges at the project kick off
4	2023	Improve Sales visibility on orders status	SRT	F23' Q1	Dashboard colour coded green, yellow, red program that will be visible to all Sales Team members and provide understanding to all on status of an order in high level general terms: Green - all good nothing to worry about - no need to reach out to SRT Yellow - something is being worked on but on time delivery not in jeopardy - no need to reach out to SRT Red - something is affecting the order that sales might need to know about - sales reach out to SRT for update - SRT to push pro-active updates but this tool will help with more real time understanding for all end goal is to reduce e-mail traffic and only deal with true escalations - gives more time to sales for selling and SRT for true order management
5	2023	Automating the Load Summary for Walls	SRT	F23' Q1	Current process manually collects data - moving to reporting data via Power BI information coming from CRM and then validations applied by SRT Project Coordinators on bi-weekly basis

APPLICATION

1. Inscape Corporation (“**Inscape**”), Inscape (New York) Inc. (“**Inscape New York**”) and Inscape Inc. (“**Inscape Delaware**”, and together with Inscape and Inscape New York, the “**Inscape Group**” or the “**Applicants**”) make this application under the *Companies’ Creditors Arrangement Act*, R.S.C. 1985 c. C-36, as amended (the “**CCAA**”) for an order, among other things:

- (a) abridging the time for and validating service of this notice of application and the application record and dispensing with service on any person other than those served;
- (b) declaring that the Applicants are companies to which the CCAA applies;
- (c) granting a stay of proceedings in favour of the Inscape Group and its directors and officers for an initial period of eight (8) days, up to and including January 20, 2023;
- (d) appointing Alvarez & Marsal Canada Inc. (“**A&M**”) as the court-appointed monitor of the Inscape Group (in such capacity, the “**Proposed Monitor**”);
- (e) granting an administration charge in the amount of \$250,000 over the assets, undertakings and property of the Applicants (the “**Property**”) in favour of counsel for the Applicants, the Monitor and the Monitor’s counsel (the “**Administration Charge**”);
- (f) granting a directors and officers charge over the Property (the “**Directors’ Charge**”, together with the Administration Charge, the “**Priority Charges**”);
- (g) authorizing the Inscape Group to continue utilizing its cash management system (the “**Cash Management System**”);

- (h) authorizing the Applicants to incur no further expenses in relation to the Securities Filings (as defined below) and declare that none of the directors, officers, employees, and other representatives of the Applicants, or the Monitor (and its directors, officers, employees and representatives) shall have any personal liability for any failure by the Applicants to make Securities Filings; and
- (i) scheduling a comeback hearing (“**Comeback Hearing**”) for January 20, 2023.

2. THE GROUNDS FOR THE APPLICATION ARE:

Background to the Inscape Group’s Business

- (a) Inscape Group’s corporate structure is as follows: Inscape is the parent (and 100% owner) of Inscape Delaware, and Inscape Delaware is the 100% owner of Inscape New York.
- (b) Inscape is a publicly traded entity regulated by the Ontario Securities Commission. Its shares are traded on the Toronto Stock Exchange.
- (c) The Inscape Group is in the business of designing, manufacturing and selling office furniture and architectural walls for customers across North America and Europe on contract. It operates its design and manufacturing business out of two (2) leased facilities: (i) a facility in Holland Landing, East Gwillimbury, Ontario; and (ii) a facility in Jamestown, New York. The Inscape Group also maintains leased premises for showrooms in Chicago, Washington, and New York City.

Need for CCAA Protection

- (d) Over the last decade, the Inscape Group’s business has experienced declining financial performance. This has been exacerbated by the Covid-19 pandemic, which directly affected the entire contract office furniture industry, due to various forms of “work from home” mandates in Canada and the U.S. This includes a dramatic decline in the size and sales mix of incoming orders and much lower than expected order volumes.

- (e) In light of the declining demand, the Inscope Group is becoming increasingly unable to sustain the high ongoing costs of running its business and no longer has access to sufficient working capital to do so.
- (f) The Inscope Group is insolvent, unable to meet its obligations as they become due and is in need of protection from its creditors.
- (g) The Inscope Group, in consultation with its advisors, has determined that the best path forward to maximize value for its stakeholders is through a court-supervised process under the CCAA, including, among other things, a liquidation of its assets and an orderly wind-up of the affairs of the business.

Stay of Proceedings

- (h) The Inscope Group seeks a stay of proceedings to provide it with the breathing room necessary to effectively develop a strategy and path forward, with a view to maximizing value for all of its stakeholders.
- (i) In addition to a stay of proceedings in favour of the Inscope Group and its assets, the Applicants are also seeking a stay of proceedings in favour of the Inscope Group's directors and officers to ensure that they are able to focus their efforts on the Inscope Group's path forward.

Proposed Monitor

- (j) The Applicants seek the appointment of A&M as Monitor of the Applicants in these CCAA proceedings. A&M has assisted in the preparation of a projected 13-week cash flow forecast (the "**Cash Flow Forecast**") for the period ending April 7, 2023.
- (k) A&M has also provided the Applicants with guidance and assistance in the commencement of these CCAA proceedings. As a result, A&M has developed critical knowledge about the Applicants, their business operations, financial challenges, strategic initiatives and restructuring efforts to date.

- (l) A&M has consented to act as the Monitor, subject to Court approval.

Administration Charge

- (m) The Applicants seek a super-priority Administration Charge over the Applicants' Property (as defined in the Initial Order) in favour of the Monitor, counsel to the Monitor, and counsel to the Applicants (collectively, the "**Professionals Group**"), to secure payment of their professional fees and disbursements, whether incurred before or after the date of the Initial Order.
- (n) The proposed Administration Charge being sought at the initial CCAA Application is for a maximum amount of \$250,000 in order to secure the payment of fees and expenses incurred in connection with moving for the within relief sought and for the eight (8) day period leading up to the Comeback Hearing. It is contemplated that the Professionals Group will have extensive involvement during the CCAA proceedings. The Professionals Group have contributed and will continue to contribute to the Applicants' efforts in these CCAA proceedings, and will ensure that there is no unnecessary duplication of roles among them.

Directors' Charge

- (o) Inscape maintains a run-off directors' and officers' liability insurance policy. However, the Inscape Group's ordinary course operations may give rise to potential director and officer liability. To address any potential exposure if they continue to act as directors or officers, the Inscape Group is seeking a Directors' Charge.
- (p) The quantum of the Directors' Charge was developed with the assistance and support of the Proposed Monitor. The Inscape Group is of the view that the quantum of the Directors' Charge is reasonably necessary at this time to address circumstances that could lead to potential directors' liability prior to the Comeback Hearing.

Authorization to Incur No Further Costs in Connection with Securities Filings

- (a) The Applicants seek authorization to dispense with certain securities filing requirements. In particular, the Applicants seek authorization for Inscope to incur no further expenses in relation to any filings (including financial statements), disclosures, core or non-core documents, restatements, amendments to existing filings, press releases or any other actions (collectively, the “**Securities Filings**”) that may be required by any federal, provincial, or other law respecting securities or capital markets in Canada, or by the rules and regulations of a stock exchange, including without limitation, the *Securities Act* (Ontario), RSO 1990 c S. 5 and comparable statutes enacted by other provinces of Canada, the CSE Policies 1-10 and other rules, regulations and policies of the CSE.
- (b) Incurring the time and costs associated with preparing the Securities Filings will detract from the Applicants’ ability to successfully develop a plan that will result in an orderly distribution to its creditors. There is no prejudice to stakeholders given that detailed financial information and other information regarding the Applicants will continue to be made publicly available through the materials filed in these CCAA proceedings.

Cash Management System

- (c) In the ordinary course of business, the Inscope Group uses a centralized banking and cash management system (“**Cash Management System**”) to, among other things, collect funds and pay expenses associated with its operations. Details on the Cash Management System are set out in the Affidavit of Eric Ehgoetz sworn January 10, 2023, filed in support of this Application.
- (d) The Applicants intend to continue using the existing Cash Management System during the CCAA Proceedings and are seeking the approval of the Court to do so. Given the scale and nature of the Inscope Group’s operations and the volume of transactions that are processed daily within the Cash Management System, the

Proposed Monitor is of the view that the continued use of the existing Cash Management System is required and appropriate during these CCAA proceedings.

GENERAL

- (e) The provisions of the CCAA;
- (f) Rules 2.03, 3.02, 14.05, 16.04 and 38 of the *Rules of Civil Procedure*, R.R.O. 1990, Reg 194, as amended; and
- (g) such further and other grounds as counsel may advise and this Honourable Court may deem just.

3. THE FOLLOWING DOCUMENTARY EVIDENCE WILL BE USED AT THE HEARING OF THE APPLICATION:

- (a) The Affidavit of Eric Ehgoetz sworn January 11, 2023;
- (b) The consent of A&M to act as Monitor;
- (c) The pre-filing report of the proposed Monitor, to be filed;
- (d) Such further and other evidence as counsel may advise and as this Honourable Court may admit.

INTRODUCTION

Relief Sought

4. This affidavit is sworn in support of an application for an order (“**Initial Order**”) substantially in the form of the draft order attached as **Tab “3”** to the within Application Record under the *Companies’ Creditors Arrangement Act*, R.S.C. 1985 c. C-36, as amended (the “**CCAA**”), among other things:

- (a) abridging the time for and validating services of this notice of application and the application record and dispensing with service on any person other than those served;
- (b) declaring that the Applicants are companies to which the CCAA applies;
- (c) granting a stay of proceedings in favour of the Inscope Group and its directors and officers for an initial period eight (8) days up to and including January 20, 2023;
- (d) appointing Alvarez & Marsal Canada Inc. as the court-appointed monitor of the Inscope Group (in such capacity, the “**Proposed Monitor**”);

- (h) authorizing the Inscope Group to continue utilizing its cash management system (the “**Cash Management System**”); and

- (i) scheduling a comeback hearing (“**Comeback Hearing**”) for January 20, 2023.

Purpose of CCAA

5. The Inscape Group is in the business of manufacturing and selling office furniture equipment on contract. Over the last decade, the Inscape Group’s business has experienced declining financial performance and the Inscape Group no longer has access to sufficient working capital. The Inscape Group’s challenges continue to persist despite good faith efforts on the part of the Inscape Group and its advisors to revitalize the business. These challenges were intensified by the impact of the pandemic and its detrimental effects to the entire contract office furniture industry that the Inscape Group operates in.

6. As a result, the Inscape Group is insolvent, unable to meet its obligations as they become due and is in need of protection from its creditors. Without access to capital, the significant losses incurred by the Inscape Group can no longer be sustained and it is unable to complete any recovery of same. Further, the value of the Inscape Group continues to erode. The Inscape Group, in consultation with its advisors, has determined that the best path forward to maximize value for its stakeholders is through a court-supervised process under the CCAA.

7. At this time, the Inscape Group believes that it is in the best interest of its creditors to liquidate its assets and effect an orderly wind-up of the affairs of the business. The Applicants require the breathing room and stability offered by the CCAA in order to strategize and execute a path forward that will maximize the proceeds available for distribution to creditors on a more timely and cost-effective basis than alternative processes that may further harm the value of the Inscape Group and the value of its assets.

INSCAPE’S CORPORATE STRUCTURE AND OPERATIONS

Background to Business Operations

8. The Inscape Group is in the business of designing, manufacturing and selling office furniture and architectural walls and has been in operation for approximately 130 years. In particular, the Inscape Group’s business began in 1888 as a New York-based full-service provider of office furniture under the name Office Specialty. In the early 1900s, Office Specialty

moved to Canada and eventually relocated to Holland Landing, a community in the town of East Gwillimbury, 45 minutes north of Toronto.

9. Office Specialty Inc. became public on the TSX in 1997 and ultimately changed its name to Inscape Corporation. The business operates under two primary brand names, being Inscape and Office Specialty. The Inscape Group operates within the contract office furniture market such that it only produces products for customers based on firm purchase orders.

10. The Inscape Group's products are manufactured and produced out of two manufacturing facilities and are used to fulfill orders in Canada and in the United States.

11. Among other things, the Inscape Group designs, manufactures and distributes cubicles, movable walls, filing cabinets, bookcases and other ergonomic furniture for customers across North America and Europe. The Inscape Group has two divisions: (i) the "furniture" division, which provides storage, benching, and seating solutions; and (ii) the "wall" division, which provides architectural and movable partition walls for office spaces. The Inscape Group markets its products to both the commercial and consumer markets.

12. As further particularized below, the Inscape Group operates its design and manufacturing business out of two (2) leased facilities: (i) a facility in Holland Landing, East Gwillimbury, Ontario; and (ii) a facility in Jamestown, New York. The Inscape Group also maintains leased premises for showrooms in Chicago, Washington, and New York City.

13. Over the last decade, the Inscape Group's business has experienced declining financial performance. The Inscape Group's challenges continue to persist despite good faith efforts on the part of the Inscape Group and its advisors to revitalize the business through various cost-cutting measures and other strategic initiatives. These challenges were intensified by the impact of the pandemic and its detrimental effects to the entire contract office furniture industry.

Cash Management System

37. In the ordinary course of business, the Inscape Group uses a centralized banking and cash management system ("**Cash Management System**") to, among other things, collect funds and pay expenses associated with its operations. The Inscape Group's funds are managed by the Inscape Group's treasury team based in Canada. The Cash Management System is administered by the Inscape Group's finance department at Inscape's head office in Holland Landing, Ontario (the "**Canada Head Office**").

38. The Cash Management System has several functions, comprised of: (a) collection of accounts receivable from third parties (b) disbursements to fund payroll and benefits, capital expenditures, maintenance costs, payments to inventory vendors and other service providers; and (c) intercompany cash transfers amongst Inscape, Inscape Delaware and Inscape New York (the “**Intercompany Transfers**”).

39. Generally, Inscape Group’s customers are invoiced as follows:

- (a) Canadian customers of the furniture segment are invoiced by Inscape;
- (b) US customers of the furniture segment are invoiced by Inscape Delaware; and
- (c) All customers of the walls segment are invoiced by Inscape (New York).

40. Intercompany Transfers are payments made between Inscape, Inscape Delaware and Inscape New York for: (a) inventory sales from Inscape to Inscape Delaware; (b) the provision of net shared services by Inscape, comprising essential corporate functions from the Canada Head Office; and (c) any additional funding required to support ongoing operations of the entities, made by way of intercompany loans.

41. Inscape Group utilizes eight (8) bank accounts, of which, three (3) are held at Royal Bank of Canada (“**RBC**”) in Canada, four (4) are held at KeyBank in the US and one (1) is held at Platinum Bank in the U.S. (collectively, the “**Bank Accounts**”). An overview of the Bank Accounts is as follows:

- (a) KeyBank Deposit Account Control Agreement account owned by Inscape (New York), denominated in USD (“**DACA Account**”). The DACA Account is used to collect receipts from the majority of US customers, regardless if they are invoiced by Inscape or Inscape New York. The Inscape Group’s access to the DACA Account is restricted to deposits only and Hilco controls disbursements from this account;
- (b) KeyBank operating account owned by Inscape New York, denominated in USD (“**KeyBank Operating Account**”). The KeyBank Operating Account is mainly funded by advances under the Hilco Credit Facility (defined below) via a transfer

from the DACA Account initiated by Hilco (defined below). Certain US customers, such as government entities and general contractors, continue to deposit receipts into the KeyBank Operating Account. The Inscape Group manually transfers any customer receipts to the DACA Account. The KeyBank Operating Account is used to fund Inscape New York vendor payments and US payroll disbursements. The Inscape Group utilizes Ceridian, a third-party payroll services provider, to administer its payroll;

- (c) RBC operating account owned by Inscape Delaware, denominated in USD (“**RBC USD Account**”). The RBC USD Account is funded through Intercompany Transfers from the KeyBank Operating Account. It is used to pay disbursements to most US vendors, excluding a small number of vendors paid out of the KeyBank Operating Account;
- (d) RBC FX spot trade account owned by Inscape, denominated in USD (“**RBC FX Account**”). The RBC FX Account is used as an intermediary account to receive USD funds from the RBC USD Account and buy CAD funds for transfers out to the RBC CAD Account (defined below). The Inscape Group has a third-party hedging agreement in place, which hedges its USD to CAD foreign exchange rate;
- (e) RBC CAD operating account owned by Inscape, denominated in CAD (“**RBC CAD Account**”). The RBC CAD Account is funded through payments from Canadian customers and Intercompany Transfers from the RBC USD Account. All Canadian vendors are also paid out of the RBC CAD Account, as well as payroll for Canadian employees;
- (f) Two KeyBank employee benefits funding accounts owned by Inscape New York, denominated in USD (“**US Employee Benefits Accounts**”). The US Employee Benefits Accounts are funded by intercompany transfers from the KeyBank Operating Account and used to make payments towards US employee group health benefits and the FLEX health plan; and

- (g) Platinum USD account owned by Inscape Delaware, denominated in USD (“**Platinum Account**”). The Platinum Account is a restricted cash account holding a security deposit related to the Chicago showroom lease.

42. On a weekly basis, the Inscape Group’s finance department reviews near term cash requirements, cash receipts, residual account balances and availability under the Hilco Credit Facility (as defined below). Based on this review, forecast cash required to fund disbursements is requested from Hilco UK (as defined below). Approved funds are advanced by Hilco UK (as defined below) or transferred from the DACA Account into the KeyBank Operating Account.

43. Certain employees of the Inscape Group are issued an AMEX corporate credit card for business purposes. On a monthly basis, the Inscape Group initiates a payment towards the credit card balance from the RBC CAD Account for Canadian credit cards and from the KeyBank Operating Account for US credit cards.

44. The Applicants intend to continue using the existing Cash Management System during the CCAA Proceedings and are seeking the approval of the Court to do so.

45. Given the scale and nature of the Inscape Group’s operations and the volume of transactions that are processed daily within the Cash Management System, I am advised by the Proposed Monitor that it is of the view that the continued use of the existing Cash Management System is required and appropriate during these CCAA Proceedings.

46. As part of its monitoring procedures, if appointed, the Proposed Monitor will:

- (a) review receipts and disbursements processed through the Bank Accounts;
- (b) review weekly receipts and disbursements summaries, compare the summaries to the corresponding 13-week cash flow forecasts and review variances with management; and
- (c) review disbursements, as reasonably appropriate, for compliance with provisions of the Proposed Initial Order.

Directors' and Officers Insurance Policies

47. Prior to Inscape's recent change in ownership (described below), Inscape carried the following insurance for its directors and officers in a total amount of \$15 million which was set to expire on April 29, 2023:

- (a) A directors' and officers' liability insurance policy with Travelers Insurance Company of Canada Company (the "**D&O Policy**") with a policy limit of \$5 million;
- (b) An excess directors' and officers' liability insurance policy with Berkley Insurance Company (the "**Berkley Excess Policy**") with a policy limit of \$5 million; and
- (c) An excess directors' and officers' liability insurance policy with Chubb Insurance Company of Canada (the "**Chubb Excess Policy**" together with the D&O Policy and Berkley Excess Policy, the "**D&O Policies**") with a policy limit of \$5 million.

48. I am advised by the Inscape Group's insurance broker that the D&O Policies ceased to be in effect post the change in ownership. Accordingly, and as part of the transaction that resulted in Inscape's recent change in ownership (as described below), Inscape arranged to carry a run-off directors' and officers' liability insurance policy in a total amount of \$10 million and for a period of six (6) years expiring December 23, 2028 ("**Run-Off D&O Policies**"), as follows:

- (a) with Travelers Insurance Company of Canada Company with a policy limit of \$5 million; and
- (b) an excess directors' and officers' liability insurance policy with Berkley Insurance Company with a policy limit of \$5 million.

49. Notwithstanding the existence of the Run-Off D&O Policies, the Inscape Group's ordinary course operations may give rise to potential director or officer liability. To address legitimate concerns expressed with respect to their potential exposure if they continue to act, the directors and officers have requested reasonable protection against personal liability that might

arise during the post-filing period. The Directors' Charge, in the proposed amount discussed in the proposed Monitor's pre-filing report, to be filed, is intended to address potential claims that may be brought against the director and officers.

50. The quantum of the Directors' Charge was developed with the assistance and support of the Proposed Monitor. The Inscape Group is of the view that the quantum of the Directors' Charge is reasonably necessary at this time to address circumstances that could lead to potential directors' and officers' liability prior to the Comeback Hearing.

Senior Secured Debt

54. In the context of its restructuring efforts with Hilco Capital Limited (“**Hilco**”), as further detailed below, Hilco Capital Limited, through its subsidiary, HUK 116 Limited (“**Hilco UK**”), agreed to provide Inscape with an interim loan to help fund ordinary course financial obligations.

55. Hilco UK (as lender), Inscape (as borrower), and Inscape New York and Inscape Delaware (as guarantors) are party to a credit agreement dated October 28, 2022 (“**Hilco Loan Agreement**”). Pursuant to the Hilco Loan Agreement, Hilco UK made available a revolving demand facility in the principal amount of \$5 million (“**Hilco Loan Facility**”), to be used for, among other purposes, the Inscape Group’s working capital requirements. A copy of the Hilco Loan Agreement is attached as **Exhibit “N”**.

56. As security for Inscape’s obligations under the Hilco Loan Agreement:

- (a) Inscape executed a general security agreement in favour of Hilco UK (“**Hilco GSA**”) over all personal property of Inscape; and
- (b) Inscape New York and Inscape Delaware executed a guarantee (“**Hilco Guarantee**”) and accompanying general security agreement (“**Hilco Guarantors GSA**”). Copies of the Hilco GSA, Hilco Guarantee, and Hilco Guarantors GSA, are attached as **Exhibits “O”, “P”, and “Q”**, respectively.

57. As at January 10, 2023, the total indebtedness outstanding under the Hilco Loan is \$1,323,698, inclusive of interest, management fees and expenses.

58. Following the financial results reported by the Inscape Group that were not satisfactory to Hilco UK, Inscape is in default of certain of its obligations under the Loan Agreement and accordingly, Hilco UK advised the Inscape Group that it will not continue funding the Inscape Group. Inscape has requested that Hilco UK forbear from exercising its rights and remedies under the Loan Agreement and the security to allow the Inscape to utilize the CCAA Proceedings to maximize value for its creditors and stakeholders; and (ii) allow Inscape to access the Hilco Loan Facility in order to fund the CCAA Proceedings, as further described below.

PPSA Registrations

59. A number of parties have registered interests against the Inscape Group under the *Personal Property Security Act* (“**PPSA**”):

- (a) Hilco UK has a registration against Inscape with respect to all present and after-acquired personal property of Inscape for all collateral classifications except consumer goods; and
- (b) Dell Financial Services Canada Limited (“**Dell**”) has a number of registrations against Inscape with respect to computer equipment and peripherals. Attached hereto as **Exhibit “R”** is a true copy of the certified Personal Property Registry search results for Inscape in Ontario.

Crown Obligations and Priority Claimants

60. In 2017, Canada Revenue Agency (“**CRA**”) issued to Inscape a notice of reassessment alleging approximately \$2.6 million in tax liability. The Inscape Group engaged a financial advisor to assist with an independent review of the notice of reassessment and on or about October 13, 2022, Inscape filed a notice of objection (“**Objection**”).

61. The Inscape Group is current on its HST remittances up to and including October 2022. Going forward, HST remittances are reflected in the projected cash flows. As of the date of this affidavit, approximately \$1,257,000 in respect of HST refunds has been withheld by CRA pending determination of the Objection.

Unsecured Debt: Trade Creditors and Suppliers

62. The Inscape Group has unpaid trade and other unsecured debt accrued in the normal course of business. As of January 9, 2023, accounts payable balances totalled approximately CAD \$6,307,198.00.

63. Certain critical suppliers of the Inscape Group have recently imposed more stringent payment terms as a result of the Inscape Group’s inability to promptly meet payment schedules. Other suppliers have refused to fulfil orders due to non-payment. The Inscape Group is currently

delinquent in its payments to about 91% of its suppliers, with a number of accounts placed on credit hold and/or being escalated to collections.

Cash Flow Forecast

64. The Inscape Group, with the assistance of the Proposed Monitor, has prepared a projected 13-week cash flow forecast (the “**Cash Flow Forecast**”) for the period ending April 7, 2023 that is premised on, among other things, the assumption that the Applicants will be granted CCAA protection. I believe that the Cash Flow Forecast is a reasonable forecast of the Applicants’ cash flow over the next quarter, which includes the Further Advances agreed upon and defined below. A copy of the Cash Flow Forecast is appended to the pre-filing report of the Monitor, to be filed.

Forbearance Agreement

65. On January 10, 2023, Inscape (as Borrower), Inscape Delaware and Inscape New York (as Guarantors) and Hilco UK (as Lender), entered into a Forbearance Agreement (the “**Forbearance Agreement**”), a copy of which is attached hereto as **Exhibit “S”**, whereby Hilco UK has agreed to (i) forbear from exercising its rights and remedies under the Hilco Loan Agreement and related security and (ii) allow Inscape to access the Hilco Loan Facility (the “**Further Advances**”), subject to the terms and conditions agreed upon therein. Pursuant to the Forbearance Agreement, among other things, Hilco UK has agreed to make Further Advances in accordance with the Cash Flow Forecast, as noted above and as attached thereto as Schedule “A”.

EVENTS LEADING UP TO CCAA FILING

Inscape’s Declining Financial Performance

66. The Inscape Group has operated at a net loss for the past five (5) years. The following simple chart demonstrates the Inscape Group’s declining financial performance:

Audit Year	30-Apr-18	30-Apr-19	30-Apr-20	30-Apr-21	30-Apr-22	YTD Nov 2022

Sales Revenue	\$93,936,000	\$90,583,000	\$75,818,000	\$38,203,000	\$ 38,741,000	\$21,399,000
Net Loss	\$(2,992,000)	\$(8,746,000)	\$(5,406,000)	\$(891,000)	\$(839,000)	\$(15,337,000)
EBITDA	\$(2,454,000)	\$(4,708,000)	\$(1,609,000)	\$3,908,000	\$521,000	\$(11,943,000)

67. Several factors have contributed to the Inscap Group's continued financial decline. The Inscap Group has faced a number of challenges as a result of extended impact of the Covid-19 pandemic, which directly affected the entire contract office furniture industry that Inscap operates in, and which industry was heavily impacted given the work from home mandates in Canada and the U.S. This includes a dramatic decline in the size and sales mix of incoming orders and much lower than expected order volumes. Many of these challenges are reflected in the slower than expected return-to-office by corporate employees throughout North America, varying degrees of hybrid/work from home policies, many companies instituting full-time work from home/virtual policies, with many companies also transitioning to an entirely virtual office environment.

68. The Inscap Group has also suffered from a number of supply chain issues, including a shortage of production materials (e.g. height adjustable bases and medium density fibreboard). These issues have perpetuated delays to the completion of existing customer projects and over all order fulfillment.

69. Other general operating costs have increased dramatically over the last few years. Among other things, the Inscap Group has suffered from increases to the cost of steel, aluminum, petroleum-based products and freight, all of which has had a negative impact on margins.

70. In light of the declining demand, the Inscap Group is becoming increasingly unable to sustain the high ongoing costs of running its business.

Attempts to Improve Financial Situation

71. As a result of these challenges, between March 2020 and December 2022, management implemented a number of initiatives to help improve the Inscape Group's operations, financial performance, and liquidity.

72. In early 2021, the board of directors (the "**Board**") of Inscape established a special committee to complete the sale and leaseback of the Holland Landing Facility and monetize its redundant real estate assets. It also arranged a \$16 million bridge debt facility, which facility closed on April 29, 2021, to enable to the Inscape Group to operate pending sale of the real estate. This transaction was completed in January of 2022, and it allowed the Inscape Group to repay its previous debt facility in full and replenish cash resources and working capital. In April of 2022, the Inscape Group also sold an additional parcel of surplus property, and completed its real estate monetization efforts.

73. In February of 2022, Inscape entered into a letter agreement with Stump & Co ("**Stump**"), a financial M&A advisory firm based in North Carolina specializing in the furniture industry, to formally seek potential strategic or financial buyers for the business. These efforts proved unsuccessful, and the Inscape Group continued to struggle to meet its financial projections. By the end of the quarter ended July 31, 2022, the Inscape Group had incurred a net loss of \$6.2 million.

74. Throughout the second half of 2022, the Inscape Group continued to implement measures including right-sizing its workforce and increasing automation, rationalizing excess space, refinancing its debt, and expanding the availability of work from home furniture through online platforms.

75. Most recently, in December, 2022, the Inscape Group made approximately 30 employee terminations and further reduced spending on product research and development.

76. Unfortunately, despite these measures, the Inscape Group continues to face a liquidity crisis as it no longer has access to capital to complete its turnaround efforts, even as markets begin to recover, sales volumes begin to restore and employees return to work.

Hilco Engagement and Acquisition

77. Inscape engaged Hilco Capital Limited (“**Hilco**”) in the summer of 2022 as part of its efforts to explore restructuring opportunities. Hilco specializes in restructuring and refinancing distressed companies across the globe.

78. Among other service offerings, Hilco provides distressed companies with turnaround solutions to help maximize the value of a business, including by acquiring under-performing businesses and assets.

79. Throughout the month of August, representatives of Hilco met with management of Inscape and conducted substantial due diligence on the Inscape Group’s business and assets. Among other things, Hilco determined that the Inscape Group’s equity value was extremely low, and significant financial investment was required for the Inscape Group to restructure. The Inscape Group worked directly with Hilco for several months to identify restructuring solutions for the business.

80. The decision was ultimately made by Hilco to submit an offer (“**HUK Offer**”) to acquire all of the issued and outstanding subordinate voting shares of Inscape (the “**SVS Shares**”) through a friendly take-over bid pursuant to National Instrument 62-104 – *Take-Over Bids and Issuer Bids* (“**NI 62-104**”) through its affiliate, HUK 121 Limited (“**HUK**”).

81. On October 28, 2022, HUK and Inscape entered into a support agreement, pursuant to which HUK agreed to make the HUK Offer and Inscape agreed to, among other things, support the HUK Offer and not solicit any competing proposals. In addition, certain shareholders of Inscape owning 11,660,282 SVS Shares, or approximately 81.1% of the issued and outstanding SVS Shares (the “**Locked-Up Shareholders**”) entered into lock-up agreements with HUK, pursuant to which such Locked-Up Shareholders agreed to deposit or cause to be deposited their SVS Shares to the HUK Offer.

82. The HUK Offer was launched on November 17, 2022 through the mailing of the take-over bid circular (the “**Take-Over Bid Circular**”), which contained the HUK Offer (with an expiry time of 5:00 p.m. (Toronto time) on December 23, 2022), detailed summaries of the HUK Offer and the conditions thereto, instructions on how to accept the HUK Offer, together with a

number of ancillary documents, to shareholders of Inscape. A copy of the Take-Over Bid Circular is attached as **Exhibit “T”**.

83. On November 25, 2022, the previous directors of Inscape issued a circular (the “**Directors’ Circular**”) as required under NI 62-104, supporting the HUK Offer, and recommending that Inscape shareholders deposit their SVS Shares and accept the HUK Offer. Attached as **Exhibit “U”** is a copy of the Directors’ Circular.

84. On December 23, 2022, Inscape and HUK jointly announced that the conditions to the HUK Offer had been satisfied or waived by 5:00 p.m. (Toronto time) and that the SVS Shares that had been deposited to the HUK Offer had been taken up by HUK.

85. In accordance with NI 62-104, the HUK Offer was extended until 5:00 pm on January 3, 2023 (“**Mandatory Extension Period**”). On January 3, 2023, HUK confirmed that the HUK Offer had expired and no additional SVS Shares had been tendered to the HUK Offer during the Mandatory Extension Period. As a result, HUK currently owns 12,661,625 SVS Shares, representing approximately 88.05% of the outstanding SVS Shares.

CCAA PROCEEDINGS AND RELIEF SOUGHT

Need for CCAA Protection

86. Given the Inscape Group’s continued declining financial performance and the overall negative impacts on the contract office furniture market, the Inscape Group, in consultation with its advisors and the Proposed Monitor, believes it is in the best interests of all of its stakeholders to pursue a strategy that focuses on liquidating the Inscape Group’s assets and ultimately effecting an orderly wind up of the affairs of the business. The Inscape Group continuing to operate at a net loss is unsustainable and the value of the Inscape Group and its assets continues to erode. The Inscape Group believes that pursuing this strategy will maximize value for its stakeholders, and will enable it to protect the interests of its creditors by enabling an orderly distribution at a later date.

Stay of Proceedings

87. The Inscape Group seeks a stay of proceedings to provide the breathing room necessary for it to effectively develop a strategy and path forward, with a view to maximizing value for all of its stakeholders.

88. In addition to a stay of proceedings against the Inscape Group and its assets, the Applicants are also seeking a stay of proceedings in favour of the Inscape Group's directors and officers to ensure that they are able to focus their efforts on the Inscape Group's path forward.

Appointment of Monitor

89. The Applicants seek the appointment of Alvarez and Marsal Canada Inc. ("**A&M**") as Monitor of the Applicants in these CCAA proceedings. A&M has assisted in the preparation of the Cash Flow Statements and has provided guidance and assistance in the commencement of these CCAA proceedings. As a result, A&M has developed critical knowledge about the Applicants, their business operations, financial challenges, strategic initiatives and restructuring efforts to date.

90. A&M has consented to act as the Monitor, subject to Court approval. Attached as **Exhibit "V"** is a copy of the proposed Monitor's consent.

Administration Charge

91. The Applicants seek a super-priority Administration Charge over the Applicants' Property (as defined in the Initial Order) in favour of the Monitor, counsel to the Monitor, Canadian and U.S. counsel to the Applicants, and counsel to the Board, if any, (collectively, the "**Professionals Group**"), to secure payment of their professional fees and disbursements, whether incurred before or after the date of the Initial Order.

92. The proposed Administration Charge being sought at the initial CCAA Application is for a maximum amount of \$250,000 in order to secure the payment of fees and expenses incurred in connection with moving for the within relief sought and for the initial ten (10) day protection period leading up to the first Comeback Hearing. The Administration Charge is proposed to rank as a first-priority charge on the Property.

93. It is contemplated that the Professionals Group will have extensive involvement during the CCAA proceedings. The Professionals Group have contributed and will continue to contribute to the Applicants' restructuring efforts, and will ensure that there is no unnecessary duplication of roles among them.

94. In preparation of the Cash Flow Forecast, the Applicants, in consultation with the Proposed Monitor, considered the professional fees forecasted to be incurred on a bi-weekly basis during the cash flow period. The Applicants have forecast to incur significant professional fees in connection with the CCAA proceedings to the end of the week of the Comeback Hearing including, without limitation, preparing for the Comeback Hearing, communicating with employees and stakeholders following the initial filing, and complying with statutory notices, mailings and communications.

95. Accordingly, I believe the quantum of the Administration Charge sought is reasonably necessary at this time to secure the professional fees of the Professionals Group.

Directors and Officers' Charge

96. The Applicants are seeking a Directors' Charge on the Property in the amount proposed in the proposed Monitor's pre-filing report, to be filed. To ensure the ongoing stability of the Inscape Group during the CCAA proceeding, it requires the continued participation of its officers and directors. The officers and directors have skills, knowledge and expertise, as well as established relationships with various stakeholders that will contribute to a successful path forward.

97. The Inscape Group's directors have an insurance policy which I understand provides them with coverage for certain claims and liabilities that may arise. However the policy contains exclusions and exceptions to such coverage as provided. The Inscape Group's ordinary course operations give rise to potential director or officer liability, including payroll and sales tax. To address legitimate concerns with respect to their potential exposure, the directors and officers have requested reasonable protection against personal liability that might arise during the post-filing period.

98. The quantum of the Directors' Charge was developed with the assistance and support of the proposed Monitor. The Inscope Group is of the view that the quantum of the Directors' Charge is reasonable, and that the charge is necessary at this time to address circumstances that could lead to potential directors' liability prior to the Comeback Hearing.

Authorization to Incur no Further Costs in Connection with Securities Filings

99. The Applicants seek authorization to dispense with certain securities filing requirements. In particular, the Applicants seek authorization for Inscope to incur no further expenses in relation to any filings (including financial statements), disclosures, core or non-core documents, restatements, amendments to existing filings, press releases or any other actions (collectively, the "Securities Filings") that may be required by any federal, provincial, or other law respecting securities or capital markets in Canada, or by the rules and regulations of a stock exchange, including without limitation, the *Securities Act (Ontario)*, RSO 1990 c S. 5 and comparable statutes enacted by other provinces of Canada, and the rules, regulations and policies of the Toronto Stock Exchange.

100. In my view, incurring the time and costs associated with preparing the Securities Filings will detract from the Applicants successfully developing a plan that will result in an orderly distribution to its creditors. Further, there is no prejudice to stakeholders given that detailed financial information and other information regarding the Applicants will continue to be made publically available through the materials filed in these CCAA proceedings.

ANTICIPATED RELIEF TO BE SOUGHT AT COMEBACK HEARING

101. If the Initial Order is granted, the Applicants propose to return to Court for a Comeback Hearing on January 20, 2023 and are seeking to schedule same at the hearing of this application.

102. At the Comeback Hearing, the Applicants intend to seek the Court's approval of an amended and restated Initial Order.

103. For the benefit of this Court and the Applicants' stakeholders, this section highlights critical relief that the Applicants intend to seek at the Comeback Hearing. The Applicants may

seek additional relief if the Applicants, in consultation with the Proposed Monitor, determine such relief is necessary during the course of the Initial Stay Period:

- (a) **Extension of Stay of Proceedings:** the Applicants intend to seek an extension of the stay of proceedings for a sufficient length of time to allow the Applicants and the Monitor to pursue and effect an orderly wind-up of the Inscape Group's business;
- (b) **Adjust the Amount of Charges:** if appropriate, the Applicants intend to seek adjustments to the quantum of the Administration Charge and the Director's Charge to better align with the protections required during the CCAA proceedings and the financing needs for the duration of the proceedings.
- (c) **Key Employee Retention Plan ("KERP"):** The Applicants intend to develop a KERP, with input from the Proposed Monitor, to facilitate and encourage the continued participation of certain key management employees in the business that are necessary to ensure stability and enhance the effectiveness of a liquidation process. The Applicants intend to seek Court approval of same.

104. At this time, it is anticipated that foreign recognition proceedings in the U.S. will likely be necessary in order to efficiently pursue and undertake the proposed liquidation and wind-up of the Inscape Group's business and affairs. At the Comeback Hearing, or such other date thereafter as the Applicants, in consultation with the Monitor, may deem appropriate, the Applicants intend to seek Court authority for myself (Eric Ehgoetz) to act as the foreign representative of the Inscape Group and to apply for foreign recognition of the within proceedings in the U.S. pursuant to Chapter 15 of Title 11 of the U.S. Code.

CONCLUSION

105. The Applicants, with the assistance of their legal and financial advisors, have determined that the proposed CCAA proceedings represent the best available strategy to maximize value for the Inscape Group's stakeholders.

106. I believe that the Applicants ought to be granted protection under the CCAA. I am confident that granting the draft Initial Order is in the best interests of the Applicants as well as their stakeholders.

107. As set out above, I believe that CCAA protection will enable the Applicants to strategize and execute a path forward that will maximize proceeds available for distribution to creditors on a more timely and cost-effective basis than the available alternatives, and will provide for an orderly claims process and distribution process.

108. I swear this affidavit in support of the Applicant's application for protection pursuant to the CCAA, including the Initial Order attached at **Tab "3"** to this Application Record and for no other or improper purpose.

Appendix B – Management’s Representation Letter Regarding the Cash Flow Forecast

1.0 INTRODUCTION

- 1.1 Alvarez & Marsal Canada Inc. (“**A&M**” or the “**Proposed Monitor**”) understands that Inscape Corporation (“**Inscape Corp**”), Inscape (New York) Inc. (“**Inscape New York**”) and Inscape Inc. (“**Inscape Delaware**”, and collectively with Inscape Corp and Inscape New York, the “**Inscape Group**” or the “**Applicants**”) intend to make an application to the Ontario Superior Court of Justice (Commercial List) (the “**Court**”) for an order (the “**Initial Order**”) granting, among other things, an initial stay of proceedings pursuant to the *Companies’ Creditors Arrangement Act*, R.S.C. 1985, c. C-36, as amended (the “**CCAA**”), and appointing A&M as Monitor of the Applicants (in such capacity, the “**Monitor**”). The proceedings to be commenced by the Applicants under the CCAA are referred to herein as the “**CCAA Proceedings**”.
- 1.2 The Inscape Group’s business is the manufacturing and distribution of office furniture to customers predominantly located in the United States and Canada, with product lines that include cubicles, movable walls, filing cabinets, bookcases and other ergonomic furniture.
- 1.3 Inscape Corp is publicly listed on the Toronto Stock Exchange (TSX:INQ) and incorporated under the laws of the Province of Ontario. Inscape Corp’s head office is located in Holland Landing, Ontario, approximately one hour north of Toronto.
- 1.4 Inscape New York (a New York registered corporation) is a wholly owned direct subsidiary of Inscape Delaware (a Delaware registered corporation), and an indirect subsidiary of Inscape Corp. A simplified legal structure is attached as Exhibit “**D**” to the Ehgoetz Affidavit (as defined below).

- 1.5 The principal purpose of these CCAA Proceedings is to provide a platform to allow the Applicants to conduct a wind-down and liquidation of their assets and business in an orderly fashion, designed to maximize realizations for the benefit of all creditors (the “**Orderly Wind-Down**”). The Proposed Monitor understands that the Applicants are not seeking any specific relief in the proposed Initial Order in respect of the Orderly Wind-Down, but intend to do so in the amended and restated Initial Order at the Comeback Hearing (as defined below).
- 1.6 The Affidavit of Eric Ehgoetz, the CEO of each of the Inscape Group entities, sworn January 11, 2023 in support of the CCAA application (the “**Ehgoetz Affidavit**”), provides a detailed summary of the Applicants’ background, including the events leading up to, and reasons for, the commencement of these CCAA Proceedings.

2.0 PURPOSE OF THIS PRE-FILING REPORT

- 2.1 The purpose of this pre-filing report (the “**Report**”) is to provide the Court with information and, where applicable, the Proposed Monitor’s views on:
- (i) A&M’s qualifications to act as Monitor (if appointed);
 - (ii) some background information with respect to the Applicants;
 - (iii) the Applicants’ cash flow projection for the period January 12, 2023 through to April 7, 2023 (the “**Cash Flow Forecast**”);
 - (iv) the Inscape Group’s centralized cash management system;

- (v) intended next steps in the CCAA Proceedings, including the proposed Chapter 15 recognition proceedings;
- (vi) the priority Court-ordered charges as sought in the Initial Order as follows:
 - (a) an initial charge in the amount of \$250,000 on all of the Applicants' current and future assets, property and undertaking (collectively, the "**Property**") to secure the fees and disbursements of the Applicants' legal counsel, as well as the fees and disbursements of the Monitor and its independent counsel (the "**Administration Charge**"); and
 - (b) a charge in the amount of \$750,000 on the Property in favour of the director and officers of the Applicants (the "**D&O Charge**" and collectively with the Administration Charge, the "**Charges**"); and
- (vii) the Proposed Monitor's conclusions and recommendations in connection with the foregoing.

2.2 If the Initial Order is granted, the Applicants intend to return to Court on or around January 20, 2023 (the "**Comeback Hearing**") to seek the Court's approval of an amended and restated Initial Order which, among other things, would:

- (i) extend the stay of proceedings;
- (ii) increase the amount of the Administration Charge;
- (iii) seek relief in respect of the Orderly Wind-Down, including, among other things, the ability to: (a) disclaim real property leases in accordance with the CCAA; (b)

seek additional relief as it relates to the Chapter 15 recognition proceedings; and
(c) implement a key employee retention plan.

2.3 If the Initial Order is granted by the Court, the Monitor will file a subsequent report to the Court in respect of the Comeback Hearing and the amended and restated Initial Order.

3.0 TERMS OF REFERENCE AND DISCLAIMER

3.1 In preparing this Report, A&M, in its capacity as the Proposed Monitor, has been provided with, and has relied upon, unaudited financial information and the books and records prepared by the Applicants, and has had discussions with management of the Applicants and its legal counsel (collectively, the “**Information**”). Except as otherwise described in this Report in respect of the Applicants’ cash flow forecast:

- (i) the Proposed Monitor has reviewed the Information for reasonableness, internal consistency and use in the context in which it was provided. However, the Proposed Monitor has not audited or otherwise attempted to verify the accuracy or completeness of the Information in a manner that would wholly or partially comply with Canadian Auditing Standards (“**CASs**”) pursuant to the *Chartered Professional Accountants Canada Handbook* (the “**CPA Handbook**”) and, accordingly, the Proposed Monitor expresses no opinion or other form of assurance contemplated under CASs in respect of the Information; and
- (ii) some of the information referred to in this Report consists of forecasts and projections. An examination or review of the financial forecasts and projections, as outlined in the CPA Handbook, has not been performed.

- 3.2 Future oriented financial information referred to in this Report was prepared based on the Applicants' management's estimates and assumptions. Readers are cautioned that since projections are based upon assumptions about future events and conditions that are not ascertainable, actual results will vary from the projections, even if the assumptions materialize, and the variations could be significant.
- 3.3 This Report should be read in conjunction with the Ehgoetz Affidavit. Capitalized terms used and not defined in this Report have the meanings given to them in the Ehgoetz Affidavit.
- 3.4 Unless otherwise stated, all monetary amounts contained herein are expressed in Canadian dollars ("**CAD**").

4.0 A&M'S QUALIFICATIONS TO ACT AS MONITOR

- 4.1 Alvarez & Marsal Canada ULC, an affiliate of A&M, was engaged to act as a consultant to the Applicants on December 19, 2022, and, as such, the Proposed Monitor is familiar with the business and operations of the Applicants, its personnel and the key issues and stakeholders in the proposed CCAA Proceedings. A&M is a trustee within the meaning of subsection 2(1) of the *Bankruptcy and Insolvency Act*, R.S.C. 1985, c. B-3 (the "**BIA**") and is not subject to any of the restrictions on who may be appointed as monitor set out in subsection 11.7(2) of the CCAA.
- 4.2 A&M is related to Alvarez & Marsal Holdings, LLC, which is an independent international professional services firm, providing, among other things, bankruptcy, insolvency and restructuring services. The senior A&M personnel with carriage of this matter include experienced insolvency and restructuring practitioners who are Chartered Professional

Accountants, Chartered Insolvency and Restructuring Professionals, and Licensed Insolvency Trustees, and whom have previously acted in CCAA matters of a similar nature.

- 4.3 The Proposed Monitor has retained Aird & Berlis LLP to act as its independent legal counsel.

5.0 BACKGROUND INFORMATION

Overview

- 5.1 A more extensive background of the Applicants is set out in the Ehgoetz Affidavit. Certain key details are summarized below.
- 5.2 The Inscape Group maintains its head office in Holland Landing, East Gwillimbury, Ontario (the “**Head Office**”) and operates from: (i) two leased manufacturing facilities comprised of: (a) a 313,000 square foot facility adjacent to the Head Office (the “**Holland Landing Facility**”); and (b) a 30,000 square foot facility in Jamestown, New York (the “**Jamestown Facility**”); and (ii) three leased retail showrooms located in Chicago, Washington, and New York.
- 5.3 The Applicants’ customers include a variety of large and small corporations and government agencies. Over 90% of the Applicants’ sales are to customers located in the United States.
- 5.4 The Inscape Group holds a number of design and utility patents relating to its products in the principal markets in which it competes.

Financial Results

- 5.5 As detailed in the Ehgoetz Affidavit, the Inscape Group has faced a number of challenges as a result of the continued impact of the Covid-19 pandemic, including a dramatic decline in order volumes and average order size. These challenges are attributed to a slower than expected return-to-office by corporate and government employees, many offices instituting work from home policies or transitioning to an entirely virtual office environment, and a general reduction in the investment in new office furniture.
- 5.6 The Inscape Group has also suffered from a number of supply chain and tightening liquidity issues, resulting in a shortage of production materials, which in turn has perpetuated delays to the completion of existing customer projects and orders.
- 5.7 The following table provides a summary of the Applicants' consolidated revenue, EBITDA and net loss,¹ highlighting the negative trend in the business and the material impact resulting from the Covid-19 pandemic:

\$000's	FY 2019 ²	FY 2020 ²	FY 2021	FY 2022	YTD Nov 22
Revenue	\$90,583	\$75,818	\$38,203	\$38,741	\$17,160
EBITDA	\$(4,708)	\$(1,609)	\$521	\$3,908	\$(11,943)
Net Loss	\$(8,746)	\$(5,406)	\$(891)	\$(839)	\$(15,262)

¹ Financial results for the last four fiscal periods ended April 30 and for the year to date period November 30, 2022. Financial results per Inscape's publicly filed financial statements.

² The "pre-Covid" period.

Senior Secured Credit Facility

- 5.8 Inscape Corp, as borrower, entered into a credit agreement on October 28, 2022 (the “**Senior Credit Agreement**”), with HUK 116 Limited, as lender (the “**Lender**”), an affiliate of Hilco Capital Limited,³ for a revolving demand facility (the “**Credit Facility**”).
- 5.9 As of the date of this Report, the total indebtedness outstanding under the Credit Facility is approximately \$2.6 million, inclusive of interest, management fees and expenses, and as described in the Cash Flow Forecast section below, no additional borrowings under the Credit Facility are currently forecast during the CCAA Proceedings.
- 5.10 The Credit Facility is described in the Ehgoetz Affidavit and is attached thereto as Exhibit “N”. Key terms and components of the Senior Credit Agreement include the following:
- (i) Inscape Corp’s borrowings under the Credit Facility are guaranteed by Inscape New York and Inscape Delaware;
 - (ii) the Credit Facility provides for a maximum credit amount of \$5 million, subject to applicable borrowing bases;
 - (iii) interest under the Credit Facility:
 - (a) during the first 12 months, interest is “paid-in-kind” (i.e., capitalized) at either Prime or US Prime plus 15%, as applicable;
 - (b) Default Interest Rate is Prime or US Prime plus 20%;

³ As described in the Ehgoetz Affidavit, Hilco Capital Limited, through its affiliate HUK 121 Limited, also owns approximately 88% of the outstanding shared of Inscape Corp.

- (c) a Non-Utilisation Fee is calculated using the prevailing Prime or US Prime rate based on the unused facility amount; and
 - (iv) the Credit Facility provides for an Early Termination Fee of \$250,000 to be immediately paid upon the termination of the Credit Facility by the Borrower prior to the Termination Date of October 28, 2024.
- 5.11 As described in the Ehgoetz Affidavit, Inscape Corp is in default under the terms of the Senior Credit Agreement, which defaults continues, and on December 28, 2022, the Lender advised the Applicants that it was no longer prepared to extend or advance any further loans or advances under the Credit Facility or otherwise under the circumstances as they existed at that time.
- 5.12 To address these defaults and allow for ongoing fundings to the Inscape Group, in the days leading up to these proposed CCAA Proceedings, the Applicants and the Lender negotiated and formalized a forbearance agreement dated January 10, 2023 (the “**Forbearance Agreement**”). A copy of the executed Forbearance Agreement is attached as Exhibit “S” to the Ehgoetz Affidavit.
- 5.13 Among other things, the Forbearance Agreement provided the Applicants with additional funding of approximately \$1.2 million (funded by the Lender on January 11, 2023), which was immediately used to fund normal course employee payroll costs, critical vendor payments and certain of the restructuring costs associated with these CCAA Proceedings.
- 5.14 The Proposed Monitor notes the following with respect to the Forbearance Agreement:

- (i) the stated purpose of the Forbearance Agreement is to provide committed funding for the Inscope Group's liquidity and cash flow requirements during the proposed CCAA Proceedings and to complete the Orderly Wind-Down;
- (ii) it is structured in a manner that amends and supplements the terms of the Senior Credit Agreement in that the applicable interest rate, both on current and future advances, shall accrue at the Default Interest Rate (as described above), which is currently approximately 26.5%;
- (iii) it includes a forbearance fee of \$100,000; and
- (iv) it provides the Inscope Group with the option of engaging a third party collections agent, approved by the Lender, who shall be responsible for managing collection of the Applicants' outstanding accounts receivable during the proposed CCAA Proceedings. The terms and fee associated with such engagement have not been finalized and are subject to approval of the Monitor and/or the Court.

Employees

- 5.15 The Applicants currently employ approximately 218 people, comprised of 184 in Canada and 34 in the U.S. Approximately 92 of the Applicants' employees are unionized, comprised of 83 in Canada and nine in the U.S.
- 5.16 The Applicants' payroll is processed by Ceridian HCM, a third-party payroll processor, and paid through the Inscope Group's Cash Management System (as defined below).

- 5.17 The Applicants maintain four pension plans, comprised of: (i) two defined contribution pension plans for Canadian employees;⁴ (ii) one defined benefit pension plan for U.S. employees; and (iii) one defined contribution 401K plan for U.S. employees.
- 5.18 The Proposed Monitor understands that based on the most recent actuarial report received by Inscap New York, the defined benefit pension plan for U.S. employees had a deficit of approximately \$500,000 as of July 31, 2022.
- 5.19 The Inscap Group also sponsors an employee benefits plan, which provides medical, dental, vision and other benefits for eligible employees.
- 5.20 The Proposed Monitor understands that the Applicants remain current in all of their funding obligations in respect of payroll and related costs and that during the CCAA Proceedings, the Applicants intend to continue funding the benefits plan, pension plans, and all other employee related costs and benefits in the normal course.
- 5.21 As part of the Orderly Wind-Down, following the commencement of the proposed CCAA Proceedings, the Proposed Monitor understands that the Applicants intend to immediately terminate a significant number of their employees.

PPSA Registrations

- 5.22 Two parties have registered interests against Inscap Corp under the Personal Property Security Act: (i) the Lender with respect to all present and after-acquired personal property of Inscap Corp for all collateral classifications except consumer goods; and (ii) Dell

⁴ Inscap Corp previously maintained a defined benefit plan for its hourly employees in Canada, however this plan was converted into a defined contribution plan effective April 2, 2022.

Financial Services Canada Limited has a number of registrations with respect to computer equipment and peripherals pursuant to an equipment lease agreement. A copy of the certified Personal Property Registry search results for Inscape Corp in Ontario is attached as Exhibit “**R**” to the Ehgoetz Affidavit.

Unsecured Creditor Profile

- 5.23 Based on the Applicants’ consolidated books and records, as at January 9, 2023, amounts payable to unsecured trade creditors were approximately \$6.3 million, owing primarily to third-party suppliers of raw materials used in the furniture manufacturing process, packaging, logistics and other general goods and services.
- 5.24 The Inscape Group provides a warranty on all of its products and a provision for warranty claims of approximately \$300,000 is currently recorded in the Applicants’ consolidated books and records. During the CCAA proceedings, the Inscape Group will no longer be honouring any warranties.
- 5.25 As noted above, the Applicants are party to one Canadian and four U.S. lease agreements.
- 5.26 As described in the Ehgoetz Affidavit, in 2017, the Canada Revenue Agency (“**CRA**”) issued a notice of reassessment to Inscape Corp claiming approximately \$2.6 million in income tax liability. The Inscape Group engaged a financial advisor to assist with an independent review of the notice of reassessment and on or about October 13, 2022, the Inscape Group filed a notice of objection (“**Objection**”). As of the date of this Report, approximately \$1.3 million in respect of HST refunds has been withheld by CRA, pending determination of the Objection.

6.0 CASH FLOW FORECAST

- 6.1 The Applicants have prepared the Cash Flow Forecast for the 13-week period from January 12, 2023 to April 7, 2023 (the “**Cash Flow Period**”). A copy of the Cash Flow Forecast, together with a summary of assumptions (the “**Cash Flow Assumptions**”) and management’s report on the cash-flow statement required by subsection 10(2)(b) of the CCAA, are attached hereto as **Appendices “A” and “B”**, respectively.

6.3 The Proposed Monitor notes the following with respect to the Cash Flow Forecast:

- (i) during the Initial Period, total disbursements of approximately \$1.3 million are projected to be sufficiently funded by the Applicants' current cash on hand and the collection of accounts receivable;
- (ii) during the entire Cash Flow Period, net cash flows are projected to be approximately positive \$2.7 million and will be sufficiently funded by cash on hand and the collection of accounts receivable. The Applicants are not forecast to require any funding from the Lender during the Cash Flow Period;
- (iii) forecast disbursements include payments pursuant to the Orderly Wind-Down, which do not include the payment of principal or interest owing to the Lender, which are forecast to continue to accrue until the anticipated full repayment of the obligations owing to the Lender; and
- (iv) there are potential collections and realizations that may materialize during the Orderly Wind-Down that would be incremental to the Cash Flow Forecast herein, including, but not limited to, the liquidation of equipment and sale of other assets and the collection of the HST refunds described above.

6.4 Based on the Proposed Monitor's review,⁶ nothing has come to its attention that causes it to believe, in all material respects that:

⁶ The Proposed Monitor has reviewed the Cash Flow Forecast to the standard required of a Court-appointed Monitor by subsection 23(1)(b) of the CCAA. Subsection 23(1)(b) requires a Monitor to review the debtor's cash flow statement as to its reasonableness and to file a report with the Court on the Monitor's findings. Pursuant to this standard, the Proposed Monitor's review of the Cash Flow Forecast consisted of inquiries,

- (i) the Cash Flow Assumptions are not consistent with the purpose of the Cash Flow Forecast;
- (ii) as at the date of this Report, the Cash Flow Assumptions are not suitably supported and consistent with the plans of the Applicant or do not provide a reasonable basis for the Cash Flow Forecast, given the Cash Flow Assumptions; or
- (iii) the Cash Flow Forecast does not reflect the Cash Flow Assumptions.

6.5 The Cash Flow Forecast has been prepared solely for the purpose and subject to the assumptions described above, and readers are cautioned that it may not be appropriate for other purposes.

7.0 CASH MANAGEMENT SYSTEM

7.1 As described in the Ehgoetz Affidavit, the Applicants' cash management system is operated through various accounts with the Royal Bank of Canada ("**RBC**") and KeyBank (the "**Cash Management System**"). The Cash Management System is administered by the Applicants' finance department at the Head Office.

7.2 Inscape utilizes eight bank accounts, of which three are held at RBC, four are held at KeyBank and one is held at Platinum Bank (collectively, the "**Bank Accounts**"). The Bank Accounts are in denominated in CAD and USD.

analytical procedures and discussions related to information supplied to it by certain key members of management. The Proposed Monitor reviewed information provided by management for the Cash Flow Assumptions. Since the Cash Flow Assumptions need not be supported, the Proposed Monitor's procedures with respect to them were limited to evaluating whether they were consistent with the purpose of the Cash Flow Forecast.

7.3 The Applicants intend to continue using its existing Cash Management System in substantially the same manner as before the commencement of the CCAA Proceedings and are seeking approval of the Court to do so. Given the scale and nature of the Applicants' operations and the volume of transactions that are processed daily within the Cash Management System, the Proposed Monitor is of the view that the continued use of the existing Cash Management System is required and appropriate during these CCAA Proceedings.

7.4 As part of its monitoring procedures, the Proposed Monitor will:

- (i) review receipts and disbursements processed through the Bank Accounts;
- (ii) review weekly receipts and disbursements summaries, compare the summaries to the corresponding cash flow forecasts and review variances with management;
- (iii) review disbursements, as reasonably appropriate, for compliance with provisions of the proposed Initial Order; and
- (iv) review and track the ordinary intercompany cash transfers that occur among the Bank Accounts.

8.0 INTENDED NEXT STEPS IN THE CCAA PROCEEDINGS

8.1 The Proposed Monitor understands that, subject to obtaining the proposed Initial Order, the Applicants intend to: (i) continue to prepare for the Orderly Wind-down; and (ii) return to Court at the Comeback Hearing to seek an amended and restated Initial Order, which, among other things: (a) extends of the stay of proceedings; and (b) approves the terms of a

key employee retention plan for certain key employee who will remain employed to assist with the Orderly Wind-down.

9.0 CHAPTER 15 RECOGNITION PROCEEDINGS

9.1 As discussed in the Ehgoetz Affidavit, the Applicants intend to seek recognition of these CCAA Proceedings under Chapter 15 of the United States Bankruptcy Code and for the recognition of these proposed CCAA Proceedings as “Foreign Main Proceedings”. The Proposed Monitor is also advised that the Applicants intend to seek the appointment of a foreign representative under such recognition proceedings.

10.0 COURT-ORDERED CHARGES SOUGHT IN THE INITIAL ORDER

10.1 The proposed Initial Order seeks the granting of the Charges and provides that the Charges are to rank ahead of all other existing security interests, trusts liens, charges and encumbrances, claims of secured creditors, statutory or otherwise, against the Property.

Administration Charge

10.2 The proposed Initial Order provides for an initial Administration Charge in an amount not to exceed \$250,000 in favour of the Monitor, counsel to the Monitor, counsel to the Applicants, special counsel to the Applicants and counsel to the director and officers of the Applicants.

10.3 The Proposed Monitor assisted the Applicants with the calculation of the Administration Charge and is of the view that the amount of the charge for the initial 10-day stay period is reasonable and appropriate in the circumstances, having regard to the nature of the

proceedings, the anticipated professional costs incurred during the initial 10-day stay period, and the size of charges approved in similar CCAA proceedings.

D&O Charge

- 10.4 Mr. Ehgoetz is currently the sole officer and director of the Applicants.
- 10.5 The proposed Initial Order provides that the Applicants will indemnify their director and officers against obligations and liabilities that they may incur in capacity as director and officers of the Applicants from the commencement of the CCAA Proceedings, except to the extent that any obligation or liability was incurred as a result of gross negligence or wilful misconduct, and provides for an initial D&O Charge on the Property in the amount of \$750,000 in favour of the Applicants' director and officers as security for any such obligations or liabilities arising after the commencement of these CCAA Proceedings.
- 10.6 The Proposed Monitor understands that the Inscape Group holds a directors' and officers' insurance policy that provides coverage for certain obligations. However, this policy contains certain exceptions, exclusions and carve-outs, and as a result, the policy may not provide adequate coverage to Inscape's director and officers during the CCAA Proceedings.
- 10.7 The Applicants' director and officers will only be entitled to the benefit of the D&O Charge to the extent that they do not have coverage under the Inscape Group's directors' and officers' insurance policy or to the extent that such coverage is insufficient to pay an indemnified amount.

10.8 The amount of the D&O Charge was estimated by the Applicants, in consultation with the Proposed Monitor, taking into consideration the Applicants' payroll, vacation pay, statutory employee obligations and sales tax liabilities, during the ten-day period prior to the Comeback Hearing.

Priority of Charges

10.9 The priorities of the Charges are proposed to be as follows:

- (i) First – Administration Charge (to the maximum amount of \$250,000); and
- (ii) Second – Directors' Charge (to the maximum amount of \$750,000).

10.10 As set out above, the Proposed Monitor believes that the Charges are reasonable in the circumstances.

11.0 STAY OF PROCEEDINGS

11.1 The proposed Initial Order contemplates the granting of an initial 10-day stay of proceedings in respect of the Applicants, its business and the Property.

11.2 The proposed stay of proceedings will provide the breathing space required for the Applicants to stabilize their business and to commence the Orderly Wind-Down which is intended to maximize value for stakeholders.

12.0 CONCLUSIONS AND RECOMMENDATIONS

12.1 For the reasons set out in this Report, the Proposed Monitor is of the view that the relief requested by the Applicants in the proposed Initial Order is reasonable, appropriate and necessary, having regard to the current circumstances of the Applicants. As such, the

Proposed Monitor supports the Applicants' application for CCAA protection and respectfully recommends that the Court grant the Initial Order containing the relief requested by the Applicants.

All of which is respectfully submitted to the Court this 11th day of January, 2023.

- (f) be at liberty to engage independent legal counsel or such other persons as the Monitor deems necessary or advisable respecting the exercise of its powers and performance of its obligations under this Order; and
- (g) perform such other duties as are required by this Order or by this Court from time to time.

23. **THIS COURT ORDERS** that the Monitor shall not take possession of the Property and shall take no part whatsoever in the management or supervision of the management of the Business and shall not, by fulfilling its obligations hereunder, be deemed to have taken or maintained possession or control of the Business or Property, or any part thereof.

24. **THIS COURT ORDERS** that nothing herein contained shall require the Monitor to occupy or to take control, care, charge, possession or management (separately and/or collectively, "**Possession**") of any of the Property that might be environmentally contaminated, might be a pollutant or a contaminant, or might cause or contribute to a spill, discharge, release or deposit of a substance contrary to any federal, provincial or other law respecting the protection, conservation, enhancement, remediation or rehabilitation of the environment or relating to the disposal of waste or other contamination including, without limitation, the *Canadian Environmental Protection Act*, the *Ontario Environmental Protection Act*, the *Ontario Water Resources Act*, or the *Ontario Occupational Health and Safety Act* and regulations thereunder (the "**Environmental Legislation**"), provided however that nothing herein shall exempt the Monitor from any duty to report or make disclosure imposed by applicable Environmental Legislation. The Monitor shall not, as a result of this Order or anything done in pursuance of the Monitor's duties and powers under this Order, be deemed to be in Possession of any of the Property within the meaning of any Environmental Legislation, unless it is actually in possession.

25. **THIS COURT ORDERS** that that the Monitor shall provide any creditor of the Applicants with information provided by the Applicants in response to reasonable requests for information made in writing by such creditor addressed to the Monitor. The Monitor shall not have any responsibility or liability with respect to the information disseminated by it pursuant to this paragraph. In the case of information that the Monitor has been advised by the Applicants is confidential, the Monitor shall not provide such information to creditors unless otherwise directed by this Court or on such terms as the Monitor and the Applicants may agree.

26. **THIS COURT ORDERS** that, in addition to the rights and protections afforded the Monitor under the CCAA or as an officer of this Court, the Monitor shall incur no liability or obligation as a result of its appointment or the carrying out of the provisions of this Order, save and except for any gross negligence or wilful misconduct on its part. Nothing in this Order shall derogate from the protections afforded the Monitor by the CCAA or any applicable legislation.

27. **THIS COURT ORDERS** that the Monitor, counsel to the Monitor and counsel to the Applicants shall be paid their reasonable fees and disbursements, in each case at their standard rates and charges, whether incurred prior to, on, or subsequent to the date of this Order by the Applicants as part of the costs of these proceedings. The Applicants are hereby authorized and directed to pay the accounts of the Monitor, counsel for the Monitor and counsel for the Applicants on a weekly basis.

28. **THIS COURT ORDERS** that the Monitor and its legal counsel shall pass their accounts from time to time, and for this purpose the accounts of the Monitor and its legal counsel are hereby referred to a judge of the Commercial List of the Ontario Superior Court of Justice.

29. **THIS COURT ORDERS** that the Monitor, counsel to the Monitor, if any, and the Applicant's counsel shall be entitled to the benefit of and are hereby granted a charge (the "**Administration Charge**") on the Property, which charge shall not exceed an aggregate amount of \$250,000, as security for their professional fees and disbursements incurred at the standard rates and charges of the Monitor and such counsel, both before and after the making of this Order in respect of these proceedings. The Administration Charge shall have the priority set out in paragraphs 30 and 32 hereof.

VALIDITY AND PRIORITY OF CHARGES CREATED BY THIS ORDER

30. **THIS COURT ORDERS** that the priorities of the Directors' Charge and the Administration Charge (collectively, the "**Charges**"), as among them, shall be as follows:

First – Administration Charge (to the maximum amount of \$250,000); and

Second – Directors' Charge (to the maximum amount of \$750,000).

31. **THIS COURT ORDERS** that the filing, registration or perfection of the Charges shall not be required, and that the Charges shall be valid and enforceable for all purposes, including as against any right, title or interest filed, registered, recorded or perfected subsequent to the Charges coming into existence, notwithstanding any such failure to file, register, record or perfect.

32. **THIS COURT ORDERS** that each of the Charges shall constitute a charge on the Property and such Charges shall rank in priority to all other security interests, trusts, liens, charges and encumbrances, claims of secured creditors, statutory or otherwise (collectively, "**Encumbrances**") in favour of any Person.

33. **THIS COURT ORDERS** that except as otherwise expressly provided for herein, or as may be approved by this Court, the Applicants shall not grant any Encumbrances over any Property that rank in priority to, or *pari passu* with, any of the Directors' Charge or the Administration Charge, unless the Applicants also obtain the prior written consent of the Monitor and the beneficiaries of the Directors' Charge and the Administration Charge, or further Order of this Court.

34. **THIS COURT ORDERS** that the Charges shall not be rendered invalid or unenforceable and the rights and remedies of the chargees entitled to the benefit of the Charges (collectively, the "**Chargees**") shall not otherwise be limited or impaired in any way by (a) the pendency of these proceedings and the declarations of insolvency made herein; (b) any application(s) for bankruptcy order(s) issued pursuant to BIA, or any bankruptcy order made pursuant to such applications; (c) the filing of any assignments for the general benefit of creditors made pursuant to the BIA; (d) the provisions of any federal or provincial statutes; or (e) any negative covenants, prohibitions or other similar provisions with respect to borrowings,

- (a) neither the creation of the Charges shall not create or be deemed to constitute a breach by the Applicants of any Agreement to which they are a party;
- (b) none of the Chargees shall have any liability to any Person whatsoever as a result of any breach of any Agreement caused by or resulting from the creation of the Charges;
- (c) the payments made by the Applicants pursuant to this Order and the granting of the Charges do not and will not constitute preferences, fraudulent conveyances, transfers at undervalue, oppressive conduct, or other challengeable or voidable transactions under any applicable law.

35. **THIS COURT ORDERS** that any Charge created by this Order over leases of real property in Canada shall only be a Charge in the Applicants’ interest in such real property leases.

RELIEF FROM REPORTING OBLIGATIONS

36. **THIS COURT ORDERS** that none of the directors, officers, employees, or other representatives of the Applicants, nor the Monitor (and their respective directors, officers, employees or representatives) shall have any personal liability for the Applicants failure to file annual information forms, annual and quarterly management discussion and analysis, annual and quarterly financial statements (including related audits, reports, and certifications) for the Stay Period, which period may be extended pursuant to further Order of the Court. Notwithstanding the foregoing, the Applicants shall continue to advise the appropriate regulators of material updates in this proceeding.

37. **THIS COURT ORDERS** that the decision by the Applicants to incur no further expenses in relation to any filings (including financial statements), disclosures, core or non-core documents, restatements, amendments to existing filings, press releases or any other actions (collectively, the “**Securities Filings**”) that may be required by any federal, provincial or other law respecting securities or capital markets in Canada, or by the rules and regulations of a stock exchange, including, without limitation, the *Securities Act (Ontario)*, RSO 1990, c S.5 and

comparable statutes enacted by other provinces of Canada, and the rules, regulations and policies of the Toronto Stock Exchange (collectively, the “**Securities Provisions**”), is hereby authorized, provided that nothing in this paragraph shall prohibit any securities regulator or stock exchange from taking any action or exercising any discretion that it may have of a nature described in section 11.1(2) of the CCAA as a consequence of the Applicants failing to make any Securities Filings required by the Securities Provisions.

38. **THIS COURT ORDERS** that none of the directors, officers, employees, and other representatives of the Applicants nor the Monitor shall have any personal liability for any failure by the Applicants to make any Securities Filings required by the Securities Provisions.

ENDORSEMENT OF JUSTICE CONWAY:

All defined terms used in this Endorsement shall, unless otherwise defined, have the meanings ascribed to them in the Factum of the Applicants for the motion returnable January 12, 2023.

The Inscape Group brings this Application for an Initial Order under the CCAA. According to the affidavit evidence of Eric Ehgoetz, Chief Executive Officer of the companies, the Inscape Group is in the business of manufacturing and selling office furniture equipment and architectural walls. Its financial performance over the last decade has declined, and the situation was exacerbated by COVID-19. The Inscape Group is insolvent and has determined, in consultation with its advisors, that the best path forward to maximize value for its stakeholders is through a court-supervised CCAA process.

This application is for a liquidating CCAA, not a restructuring. This use of the CCAA has been recognized and permitted by the Supreme Court of Canada in *9354-9186 Québec inc. v. Callidus Capital Corp.*, 2020 SCC 10, paras. 42 to 46. In response to my questions, counsel for the Inscape Group explained that they are proceeding under the CCAA instead of bankruptcy legislation because it will afford them more flexibility in addressing timing and various issues such as the cross-border dimension of this case.

There are 218 employees of the Inscape Group, 92 of which are unionized. The Inscape Group has four pension plans and is current on its contributions to each of the defined contribution plans.

The Inscape Group leases five premises for its business in Ontario and the U.S., some of which are manufacturing and warehouse facilities and some of which are showrooms.

As of November 30, 2022, the Inscape Group has cash of \$1.6 million, receivables of just over \$10 million, and inventory of \$5.4 million. As of January 9, 2023, unsecured debt is approximately \$6.3 million. The Inscape Group is in default under its secured debt facility. It owes approximately \$2.6 million and cannot obtain additional financing for operations. The secured lender, Hilco Capital Limited, has provided a forbearance agreement to enable the Inscape Group to pursue these liquidation and wind-down proceedings.

I am satisfied that each of the Applicants is a debtor company within the meaning of the CCAA, including Inscape Delaware (which has a bank account at Royal Bank of Canada) and Inscape New York (which does business in Canada). The Inscape Group has debt in excess of \$5 million and is insolvent in that the companies are unable to meet their liabilities as they become due.

I am granting an initial stay of proceedings to January 20, 2023. I am satisfied that the relief being granted today is that which is reasonably necessary for the continued operations during this period, as required by s. 11.001. The Applicants can continue to use the existing Cash Management System during the initial period. It will be monitored by the proposed Monitor.

The charges are an Administration Charge of \$250,000 and a Directors' Charge of \$750,000. I questioned the quantum of the Directors' Charge. It was developed with the assistance of the proposed Monitor and calculated to cover the exposure of the directors and officers for payroll and vacation pay during the period up to January 20, 2023. I am satisfied that it should be approved.

I appoint Alvarez and Marsal as the Monitor.

In light of the fact that this is a liquidating CCAA, I am dispensing with the need to make the Securities Filings, which will only cause additional expense. This is consistent with orders previously granted by this court in the CannTrust Holdings and Pure Global Cannabis CCAA proceedings. Stakeholders will have access to detailed financial and other information about the Inscape Group through the CCAA proceedings.

The form of Initial Order is acceptable to me. Order to go as signed by me and attached to this Endorsement. This order is effective from today's date and is enforceable without the need for entry and filing.

The comeback hearing is scheduled for **one hour on January 20, 2023 at noon before me (confirmed with the Commercial List office)**.

A handwritten signature in blue ink, appearing to read "Conway J.", with a stylized flourish at the end.

Inscape, in Trouble, Files for CCAA Protection

Jan 15, 2023

Inscape Corporation, a publicly-held corporation listed on the Toronto Stock Exchange, announced Friday that the company and its subsidiaries, Inscape Inc. ("INI") and Inscape (New York) Inc. ("**Inscape NY**") and together with Inscape and INI, "**Inscape Group**") have initiated proceedings in the Ontario Superior Court of Justice under the *Companies' Creditors Arrangement Act* (aka "**CCAA**").

More than 80 unionized workers arrived to work Friday morning to find out they were on permanent layoff.

The Inscape Group's application under the CCAA was heard Friday morning. Following the hearing, the Court granted an order, which, among various other relief: (i) grants a stay of proceedings in favor of Inscape Group up to and including January 20, 2023 (aka the "**Initial Stay Period**"); and (ii) appoints Alvarez and Marsal Canada Inc. ("**A&M**") as court-appointed monitor of Inscape Group.

After careful consideration of all available alternatives following thorough consultation with legal and financial advisors, the board of Inscape Group determined that it is in the best interests of Inscape Group and all of its stakeholders to seek creditor protection under the CCAA.

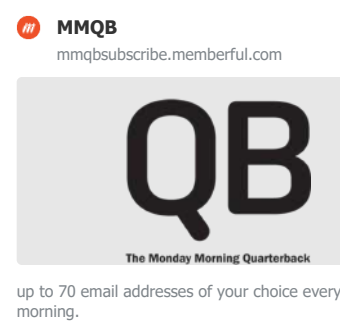

IIROC immediately made a decision to impose a temporary suspension (halt) of trading in Inscape shares. IIROC is Canada's self-regulatory organization which oversees all investment dealers and trading activity on debt and equity marketplaces in Canada.

Inscape Group said they initiated the CCAA Proceedings in order to, among other things, obtain a stay of proceedings that will allow Inscape Group to determine the best path forward to effect an orderly and efficient process for the liquidation of the Company's assets. Inscape Group is scheduled to return to the Court for a hearing (the "**Comeback Hearing**") on January 20, 2023.

During the Initial Stay Period, the Company intends to begin working closely with the Monitor to facilitate the development of an orderly process designed to maximize the value of its assets, for the benefit of its creditors and other stakeholders.

In a statement to CTV News, East Gwillimbury, Ontario Mayor Virginia Hackson noted, "Inscape has been a key employer in our community and has had a strong relationship with the town. Our team has reached out to their owners to provide support where possible with this transition."

Inscape, in Trouble, Files for CCAA Protection

Inscape Corporation, a publicly-held corporation, and office furniture maker, listed on the Toronto Stock Exchange, announced Friday that the company and its subsidiaries, Inscape Inc. and Inscape (New York) Inc. have initiated proceedings in the Ontario Superior Court of Justice under the Companies' Creditors Arrangement Act (aka "**CCAA**"). Effectively, what today remains of the company, will likely be broken-up and sold off as pieces. And oh, by the way, the company terminated all its employees Friday.

Inscape files for creditor protection

By Larry Adams January 16, 2023 | 10:04 am CST

TORONTO – Inscape Corp., recently acquired by a subsidiary of Hillco Capital Ltd., announced on Jan. 12 that the Company and its subsidiaries, Inscape Inc. and Inscape (New York) Inc. have initiated creditor protection proceedings in the Ontario Superior Court of Justice under Canada's Companies' Creditors Arrangement Act (CCAA).

According to CTVNews.ca, more than 80 union workers with Inscape's Holland Landing, Ontario, facilities arrived to work Friday morning, Jan. 13, to find out that they were permanently laid off. Of those, nearly a third had worked for the company for more than 40 years.

The Court granted Inscape Group's application under the CCAA, which, among various other things: grants a stay of proceedings in favor of Inscape Group up to and including January 20, 2023; and appoints Alvarez and Marsal Canada Inc. (A&M) as a court-appointed monitor of Inscape Group.

Woodworking Network reached out to the company for comment, but it did not receive a response.

In a press statement, the company said that "After careful consideration of all available alternatives following thorough consultation with legal and financial advisors, the board of Inscape Group determined that it is in the best interests of Inscape Group and all of its stakeholders to seek creditor protection under the CCAA.

Inscape Group initiated the CCAA Proceedings to, among other things, obtain a stay of proceedings that will allow Inscape Group to determine the best path forward to effect an orderly and efficient process for the liquidation of the Company's assets. Inscape Group is scheduled to return to the Court for a hearing on Jan. 20, 2023.

During the Initial Stay Period, the Company intends to begin working closely with the Monitor to facilitate the development of an orderly process designed to maximize the value of its assets, for the benefit of its creditors and other stakeholders.

In early December, the financially-strapped manufacturer of office furniture recommended that its stock investors sell all of their outstanding shares in a “friendly takeover bid” by Hilco Capital Ltd.

In late December, Inscape, once one of Ontario’s largest office furniture manufacturers, became a subsidiary of HUK 121 Ltd., a subsidiary of Hilco Capital Ltd.

As of 5 p.m. Dec. 23, 12,661,625 common shares, representing approximately 88% of outstanding common shares, were deposited to HUK 121. The aggregate consideration payable for the deposited shares was approximately \$88, 631.38, Hilco said. The company also announced that it was extending its offer for hold-out shareholders to tender their stock for \$0.007 per share to 5 p.m. ET on Jan. 3.

Inscape's ongoing financial struggles were exacerbated by COVID-19. Total sales revenue for Inscape's second quarter ended Oct. 31 was \$8.3 million, compared to \$9.7 million for the same period of fiscal 2022. What’s more, Inscape experienced a net loss of \$7.9 million for the second quarter compared to a net loss of \$2.6 million for the second quarter of 2022. Key causes of the sales decline cited by the company included “delays in the completion of certain projects, the reduced average size of incoming orders, and lower than expected order volumes related to a slower return-to-office observed throughout North America.”

More than 80 unionized workers with a high-end officer furniture and equipment manufacturer in Holland Landing arrived to work Friday morning to find out they were on permanent layoff.

Inscape, which has been around in various forms for more than 100 years, filed for creditor protection under the company's Creditors Arrangement Act.

In a statement to CTV News, East Gwillimbury Mayor Virginia Hackson noted, "Inscape has been a key employer in our community and has had a strong relationship with the town. Our team has reached out to their owners to provide support where possible with this transition."

The town said it had "no additional information to share."

The union says Inscape employees had 26 to more than 40 years with the plant.

A monitor has been appointed by the court.

Thanks, Rebecca. Can you send it to Jon and me too?

We know Dennis needs to review, but Jon wants to look at it to see what Prevolv orders may have punch items still due and how that will affect the payment Prevolv is supposed to make to us on Tuesday. Thanks.

Hi Sarah,

Jacquie and I have worked through the Back orders and the Punch orders and believe we have now captured all projects that need review for completion. It is my understanding from Dennis and Liz that you now have to add your financial data into the spreadsheet so that we can determine possible rev return and identify what we will work on to complete. Once you have completed your piece, can you please send a notice to this team so that Liz, Dennis and Janet can then do their assessments? Folder on the P:drive is identified below. This will now be the only tracker and I have removed the other copies on the P:drive so we don't have any confusion.

File on the P:drive is called Proposed Vendor Payments_Review and Approval Tracker - All - SRT complete Jan 26

Thanks

Ann,

I met with the Inscape team this morning to talk about open punch list items. See attached for the portion of the list that belongs to your projects and communicate with Jacquie and Rebecca on any additions or revisions. Once we have a confirmed list of all open items, their goal is to try and complete them in the next few weeks.

I have added headers so we can keep track of completed items once they have shipped and then once they have been received.

This spreadsheet is located in the following folder. As you (or Jacquie) make revisions, please keep a copy in this folder and change the version number.

G:\Vendors\I_Vendors\Inscape\A_Punchlist Items\Ann

Let me know if you have any questions.

Thanks, John.

PS – Jacquie. Per our conversation, we ordered the (25) bases directly from Linak for CLA Monticello. We did NOT order cantilevers or stretcher bars from them because you had said they shipped with the order. Could you please confirm that this is correct?

Subject: [**EXT**] RE: Inscape | Prevolv AR

Stephen, thank you for your email below. I had a chance to discuss this with my client and am able to provide you a response. I am copying Inscape's counsel as well so that the company can be made aware of Prevolv's position, which we expect will need to be further discussed with the company, perhaps with some input from the Monitor.

As you know, Prevolv has outstanding orders with Inscape that have only recently been completed, but not yet received and verified. Payments on these orders are payable in accordance with pre-existing payment terms, which we understand provides for 60-day payment terms. At the outset of the proceedings, there was an issue raised about whether Inscape could insist on COD post-filing, to which our client disagreed. The parties confirmed that the pre-existing 60-day payment terms continued to be applicable post-filing. However, our client does not agree that it had "committed to making full payment of the receivable within 60 days of delivery of the shipment" as set out in Mr. Ehgoetz's affidavit. Mr. Ewine denies that he ever made any commitment to Inscape to make "full payment of the

receivable” as described. Attached is an affidavit of Mr. Ewine which we will serve to the service list so that the record can be corrected for the motion. This is not to be taken as opposition to the relief set out in the motion.

As you will see in the affidavit, the quantum of the receivable to Inscape must be reconciled against rebates or credit notes to which Prevolv is entitled, correction of certain overcharges on invoices (which we understand Inscape has notice of), and set-off rights, including in respect of chargebacks. In respect of the last category - set-off rights, we understand a significant (but not the only) issue is the impact of the Chicago Showroom lease and buildout costs. While the parties are making efforts to mitigate Inscape’s inability to meet its obligations under the lease as joint tenant, any such mitigation will not address the buildout costs that were borne solely by Prevolv, in accordance with the parties’ agreement that Inscape’s contribution to the buildout costs would be satisfied by rebates on future orders. Given what we have seen in the Second Report, it appears that there is no prospect for the business of Inscape to continue, and manufacturing of the products will cease permanently. In our view, this will give Prevolv a basis to assert a set-off right in respect of Inscape’s share of the buildout costs against the receivables owing, particularly since the parties contemplated that Inscape’s form of payment would be by way of rebates to amounts payable to Inscape for product.

Until now, the main focus and efforts of the parties has been to complete the outstanding orders (which will crystallize the state of accounts between the parties), and to mitigate losses in respect of the Chicago lease (which should reduce the quantum of claims). However, it appears that the time has come now to begin reviewing the set-off issues. We do not intend, nor think it appropriate, to raise these issues on the pending motion as the parties should have an opportunity to first review and discuss. We look forward to hearing from you, or the company, on how it would like to approach this issue.

Thank you.

Subject: Inscape | Prevolv AR

[External Message]

Hi Philip, hope you’re keeping well?

We wanted to provide a heads up that your client is referenced in the Applicants’ and the Monitor’s materials for the upcoming hearing on March 8 (excerpts below).

We understand that the Company has made significant accommodations to your client, including, among others: i) settling pending, threatened or registered liens from unpaid third-party suppliers on Inscape/Prevolv projects; ii) continuing operations to address outstanding “punch items”; and iii) negotiating the release of goods in transit withheld by freight providers – all in the interests of preserving, in full, its accounts receivable (“AR”).

Given: i) the material nature of the Company's AR with Prevolv; ii) the disbursements associated with the above activities; and iii) the negative cash flow variance in AR collections in the post-filing period to date, we anticipate that Justice Conway may take an interest in the status of business discussions between the parties and ultimately the timing of collections.

We would be grateful if you would confirm your client's position in order that the Applicants, the Monitor and Prevolv are suitably aligned prior to Court. Management has requested for the Monitor (without counsel) to attend its next meeting with Prevolv regarding commercial matters and proposed AR settlement (the Monitor has been pushing for this for some time) but this is yet to be scheduled.

Available should you wish to discuss. Thank you.

Affidavit of Eric Ehgoetz, sworn Feb 28, 2023:

27. A receivable of approximately \$2.8 million is expected to be received from Prevolv, Inc. ("**Prevolv**") in payment for multiple orders that required completion but which are now in transit. The Applicants have discussed payment arrangements with Prevolv, and Prevolv has committed to making full payment of the receivable within 60 days of delivery of the shipment.

Second Report of the Monitor, dated March 2, 2023:

3.8 Of the remaining accounts receivable balance, approximately \$2.8 million is owing from a single customer. As described in the Third Ehgoetz Affidavit, the Applicants have discussed payment arrangements with the customer and are confident that the full balance will be collected. Further to this balance, the Applicants, with assistance from the Monitor, continue their collection efforts in respect of the remaining accounts receivable.

TORONTO, Jan. 12, 2023 /CNW/ - Inscape Corporation ("Inscape" or the "Company") (TSX: INQ) announces today that the Company and its subsidiaries, Inscape Inc. ("**INI**") and Inscape (New York) Inc. ("**Inscape NY**" and together with Inscape and INI, "**Inscape Group**") have initiated proceedings (the "**CCAA Proceedings**") in the Ontario Superior Court of Justice (Commercial List) (the "**Court**") under the *Companies' Creditors Arrangement Act* (the "**CCAA**").

The Inscape Group's application under the CCAA was heard this morning. Following the hearing, the Court granted an order (the "**Initial Order**"), which, among various other relief: (i) grants a stay of proceedings in favour of Inscape Group up to and including January 20, 2023 ("**Initial Stay Period**"); and (ii) appoints Alvarez and Marsal Canada Inc. ("**A&M**") as court-appointed monitor of Inscape Group (in such capacity, the "**Monitor**").

After careful consideration of all available alternatives following thorough consultation with legal and financial advisors, the board of Inscape Group determined that it is in the best interests of Inscape Group and all of its stakeholders to seek creditor protection under the CCAA.

Inscape Group initiated the CCAA Proceedings in order to, among other things, obtain a stay of proceedings that will allow Inscape Group to determine the best path forward to effect an orderly and efficient process for the liquidation of the Company's assets. Inscape Group is scheduled to return to the Court for a hearing (the "**Comeback Hearing**") on January 20, 2023.

During the Initial Stay Period, the Company intends to begin working closely with the Monitor to facilitate the development of an orderly process designed to maximize the value of its assets, for the benefit of its creditors and other stakeholders.

Larry,

As you know, we are Ontario counsel to Prevolv, Inc. ("**Prevolv**") in respect of the above-noted matter. Please update the service list to include our firm, together with Winthrop & Weinstine (US counsel), as counsel to Prevolv. For your convenience, the information for the Service List should be as set out in the attached schedule.

We are also writing to you in respect of two specific matters of immediate concern:

1. Goods in transit; and,
2. Potential lien claims of unpaid suppliers.

Goods in Transit

Our client advises that during a conversation with a representative of McArthur Express ("**McArthur**"), a logistics company, our client was told that certain goods in transit were being delayed over a payment dispute. Our client is in the process of obtaining additional information. However, in the interim, we ask what steps Inscape Corporation or its subsidiaries (collectively, the "**Debtor**") is taking to ensure that goods are delivered in a timely fashion. Our client's business depends on receiving the goods purchased so that it may in turn, supply and install the goods for Prevolv's customers. We expect the Debtor to act expeditiously to resolve these matters so as to minimize adverse impacts on stakeholders such as Prevolv.

Lien Claim

Our client was contacted by Oldcastle Building Envelope (“**Oldcastle**”) with respect to premises located at 420 South Orange Avenue, Orlando, Florida (the “**Premises**”). We understand that Oldcastle intends to file a mechanic’s lien against title to the Premises in respect of amounts owing to Oldcastle for goods supplied. We further understand that the hiring party for the project was Inscape (New York) Inc. Our client is the modular wall supplier for walls produced by the Debtor with glass supplied by Oldcastle. We understand that our client has already paid the Debtor in full for the product supplied to the Premises, including the glass. However, it appears the Debtor did not pay Oldcastle as required.

The Premises are in the possession of CLA, a major customer of Prevolv. Please confirm that the Debtor will ensure that the outstanding amount to Oldcastle is paid so as to avoid the registration and filing of a mechanic’s lien. Oldcastle has indicated that it will file its lien if payment is not received by January 31, 2023 so your prompt attention to this is appreciated.

We look forward to hearing from you.

Sorry about the letter...my attorneys thought it was best that we go on record regarding these two issues. I've been talking to Jon and will continue working with him to resolve. Glad to hear that you are making progress on the future availability of Inscape. We have over 750 customers that have bought your products over the last 25 years. Thanks for reaching out. It was nice to hear from you.

SMS/iMessage Message sent on 01/25/2023 20:11:43

John - we got a note from your lawyer which is fine. On the "goods in transit" we were caught unaware that McArthur had held "hostage" both goods they picked up on the 6th for us for planned delivery on/around the 17th and a bunch of orders they picked up on the 13th. Good news is that we already had an "all hands" call with them yesterday and expect we'll clear that logjam completely tomorrow so the goods can get transported next week or shortly thereafter to their end destinations including you. Also were aware of the CLA lien and working to clear that out this week too. Point is, we're on this as we learn about these things and then are taking appropriate steps to clear the runway for you and other customers. To our knowledge this will "clear" these items. There is a short list of punch items that the team has almost consolidated and we'll get a plan together to deal with them so we can bang them off next week.

There are other good things happening on other fronts that may help resolve future supply issues for you and others for both walls and furniture.

Completely understand you having counsel involved but you can also reach out to Jon, Dennis or me for updates on particular items.

Thanks

Jon,

Per our conversation, see the attached Intent To Lien from Old Castle for the \$46,418.48 of glass that remains unpaid.

Let me know what you can do to help get this cleared up.

The biggest factor is that the paint line that I need for these units is not operational. Everything else that I need to paint can be painted on one of my other lines that is operational.

Dennis,

Why are you unable to produce these units? From my understanding, the factory and machinery are all still intact and you are able to call back the necessary labor to operate them. Or, is it because of the cost associated with getting everything up and running just to make these two units and the Court Monitor won't approve it? Please clarify for us.

On a separate topic, we started our installation for the City of Hutchinson yesterday and we have (3) of these storage units (36-52.5E) that were painted Black (the color of the trays) instead of Steel Wool. Is this a unit that you can produce or does it fall into the same category as the storage towers above?

Let us know. John.

We will not be able to produce these units. It is not a matter of not wanting to do the units, we cannot do the units. We can discuss discounting your order due to this situation, but you will need to find another solution for your customer.

Dennis,

We do NOT have another source for these two storage units so you are going to need to find a way to make them. This is the only way that CLA will sign off on these projects being complete.

Inscape advised "after the fact"	Inscape disagreed with Prevolv's view on cost and allocations.
9.	Inscape to pay a 3% rebate to Prevolv on all Inscape, Office Specialty and Wall sales sold through Prevolv, Chicago, until Prevolv has recaptured the above tenant cost plus a mutually agreed upon hurdle rate of return.	NOT REQUESTED OR PAID	Never paid. Prevolv was actively negotiating to increase rebate percentage given spend. Prevolv disagreed with all options put forward by Inscape.
10	Inscape and Prevolv to mutually agree upon a hurdle rate of return.	Not Done.	Never agreed. Discussions did revolve around debt rate for Prevolv's borrowings as the cap. This was around 7%.
11	Inscape and Prevolv to replace this rebate with a dealer inactive program (similar to that of Prevolv Minneapolis), following the repayment of the tenant cost + hurdle rate.	Not Done	Would only happen if and when any rebates allowed recovery of Prevolv TI costs – entirely dependent on Inscape sales volumes in Chicago region.

Subject: Chicago Showroom - Authorization To Proceed

Importance: High

Eric,

I am respectfully requesting your “authorization to proceed” with our showroom relocation plans in Chicago.

When we presented our Business and Real Estate Plans to you on August 31st (7 weeks ago), we all agreed that we could take two parallel paths – one for the relocation of the showroom and the other for a joint venture between Prevolv and Inscape. AND, we all understood the critical timing involved regarding the showroom and being up and running at a new location prior to NeoCON 2021.

Since then, we have put together our team to work on the showroom relocation that now includes ConopCo (our project manager) and Skender (the general contractor) in addition to CBRE for our design and real estate needs. The schedule we developed together required us to start the Schematic Design process on Monday, October 12th so we are in jeopardy of falling behind schedule.

Regarding a joint venture between our two companies – I am excited AND ready to move forward with the due diligence that will need to take place in order for us to determine “together” if this makes the best business sense. However, this will take some time and we all agreed that it should not hold up our plans for relocating the showroom since it is critical to our joint success in Chicago whether we have a joint venture or not.

I realize that we are in some unprecedented times, but relocating our showroom makes the best “financial” sense and helps you conserve cash in the interim.

- After your rent payment to the Mart on February 1st, Inscape will not pay any rent until May 1st, 2022 (that is 15 months with no rent payment)
- Inscape will not be required to invest any capital in building out the new showroom
- Moving the showroom to Fulton Market will save us money over staying in the Mart

Relocating the showroom is a big decision, but it is the ONLY way we will be able to survive (and grow) in the Chicago market. Our plans have already created a lot of excitement with our external team members and we will be able to leverage their partnerships into helping us find (and win) future business.

I understand that you are having a conversation with Bart today regarding our showroom relocation and joint venture plans. I’m hoping to hear from you very soon that we are able continue moving forward with our plans!

Thanks, John.

Inscape's Response to Impact of COVID-19

HOLLAND LANDING, Ontario, May 14, 2020 (GLOBE NEWSWIRE) -- Inscape (TSX: INQ), a leading designer and manufacturer of furnishings for the workplace, is providing an update on the company's response to the COVID-19 crisis.

During the COVID-19 pandemic, Inscape's primary focus has been the health and well-being of our employees while keeping the business moving forward and delivering products to our customers in need.

The economic impact from COVID-19 on the global economy has been unprecedented. In anticipation of its impacts, Inscape took aggressive actions to minimize all non-essential spending while re-evaluating certain commitments to reduce the anticipated short-term impact to our cash flow. As part of this exercise, we also had to eliminate some full-time positions and temporarily furlough certain employees to achieve further savings.

We are thankful that some of our major customers who provide essential services have continued their planned purchasing and installations, but, like others in our industry, our business has been impacted by other projects that have been postponed or delayed as customers wait to evaluate the economic effects of the crisis or have been unable to take deliveries as previously contemplated.

Our two manufacturing facilities have remained in operation as per government guidelines and are following Public Health Agency of Canada, Centers for Disease Control and Prevention and World Health Organization best practices to ensure the safety of all our employees who are required to be onsite at these facilities. Most of our office staff relating to these facilities as well as our showrooms and sales teams are working remotely and continue to support the company's operations.

As we anticipated, additional initiatives relating to people costs are required. Inscape is now implementing a Work-Share program to include most of the salaried office staff in the company's headquarters and anticipate similar actions will need to be taken in our walls operations in late June as part of the overall cost reduction program. Team members who cannot work a reduced work week in view of business demands will be taking a 20% salary reduction. Additionally, Inscape's leadership team will take a 25% salary reduction while the CEO will be taking a 30% salary reduction.

These employee initiatives will be in force for the next three months and re-evaluated quarterly. The leadership team and CEO salary reductions will be in force for six months. The Board of Directors is also reducing their cash compensation by 30% for a similar period of time as the leadership group.

These measures are in addition to the company's efforts to access government subsidy, loan and grant programs, some of which have already proven successful and some of which the company anticipates will be available, which together with the people initiatives and thorough working capital management have allowed us to reinforce our balance sheet and prepare us for the economic impact of the COVID-19 pandemic. We are pleased to report that at the end of the fiscal year-end as at April 30, 2020 the company was debt-free, excluding a \$1 million loan expected to convert to a full grant during Q1 of the current fiscal year, had over \$5.9 million in cash and our \$5 million bank operating loan facility was unutilized.

Inscape is actively developing selling strategies, evaluating and adapting existing product development plans and improving our operating efficiencies to enable us to be resilient in the face of this adversity and to ensure we will be in a much stronger position to grow our business as the economic recovery begins.

Inscape Announces Fourth Quarter and Full Year 2020 Financial Results

June 25, 2020: Inscape (TSX: INQ), a leading designer and manufacturer of furnishings for the workplace, today announced its results of operations for the fourth quarter and full year ended April 30, 2020.

“Fiscal Year 2020 results were disappointing and, similar to our entire industry, our fourth quarter in particular was significantly impacted by the COVID-19 pandemic. While safeguarding the well-being of employees is the Company’s primary concern, we have taken the necessary steps to respond to these circumstances through aggressive actions to build cash, manage expenses and invest in rapid payback opportunities in order to position the business for growth and profitability as the general economy recovers from these effects.” said Eric Ehgoetz, CEO. **“Specifically, several measures designed to ensure continued operations have been implemented to date, including employee terminations and workshare initiatives, wage reductions for senior executives and senior employees, reductions in non-essential spending and deferral of other expenses and payments where realistic. The Company continues to evaluate and assess further actions we feel are required under the circumstances while managing customer demand.”**

Total sales for the fourth quarter of 2020 were \$14.4 million compared to \$18.6 million for the same period in 2019. The decline in the quarter was primarily due to COVID-19 which resulted in both shipment delays and customer order pushouts in some of our major markets. These challenges were partially offset by gross profit improvements and SG&A expense reductions. Net loss for the fourth quarter of 2020 was \$5.2 million or \$0.36 per diluted share, compared to a net loss of \$4.4 million or \$0.31 per diluted share. Non-GAAP adjusted EBITDA for the fourth quarter was negative \$1.0 million, compared to negative \$2.7 million, for 2019.

Full year 2020 total sales were \$75.8 million, compared to \$90.6 million for 2019. Net loss for 2020 was \$5.4 million, or \$0.38 per diluted share, compared to \$8.7 million, or \$0.61 per diluted share, for 2019. Non-GAAP adjusted EBITDA for 2020 was negative \$1.4 million, compared to negative \$4.7 million, representing an improvement of \$3.3 million over 2019, despite the impact of COVID-19 in the fourth quarter.

Fourth Quarter Financial Highlights

(All comparisons are relative to the three-month period ended April 30, 2019 unless otherwise stated):

- Adjusted EBITDA of (\$1.0) million, compared to adjusted EBITDA of (\$2.7) million
- Gross margin of 26.8%, versus gross margin of 22.0%
- At April 30, 2020, Inscape had \$5.9 million in cash with additional borrowing capacity of \$4.5 million versus \$3.3 million in cash in prior year and \$2.7 million in cash in the prior quarter
- Net increase in working capital of \$4.1 million, versus \$3.3 million the prior year quarter.
- Secured \$1.8 million Small Business Administration loan from US government which is forgivable subject to the terms of the Paycheck Protection Program
- Total sales of \$14.4 million, a decrease of 22.5%
- Net loss before taxes of \$5.2 million compared to net loss before taxes of \$4.4 million. This quarter’s results were impacted by significant unrealized losses on derivatives and foreign exchange representing an increase of \$2.6 million as well as increase in severances totaling \$0.3 million, offset by both a gain on disposal of PP&E and intangibles, stock based compensation and government grant income totaling \$0.8 million

Full Year Financial Highlights

(All comparisons are relative to the full fiscal year ended April 30, 2019 unless otherwise stated):

- Adjusted EBITDA of (\$1.4) million, compared to Adjusted EBITDA of (\$4.7) million
- Gross margin of 27.4%, with gross profit up by 0.5% versus the prior year
- Net increase in working capital of \$0.4 million versus \$1.2 million the prior year
- Net loss before taxes of \$5.4 million as compared to a net loss before taxes of \$8.7 million. This year's results were impacted by unrealized losses on derivatives and foreign exchange representing an increase of \$0.6 million as well as an increase in severances of \$0.6 million, offset by a gain on disposal of PP&E and intangibles, stock compensation and government grant income totaling \$2.9 million
- Total sales of \$75.8 million, a decrease of 16.3%

“We are continuing our efforts to bring new products to the market in the coming year in response to the new COVID-19 world which has been impacted by both physical distancing and movement to less dense office environments.” said Eric Ehgoetz, CEO. **“Inscape continues its initiatives to simplify its product offerings, reduce complexity within the business as well as continue to expand geographically into new market verticals.”**

Sales in the fourth quarter were 22.5% lower than the same quarter of last year. The decline in the fourth quarter is primarily due to the economic impact of the COVID-19 pandemic which resulted in both shipment delays and customer order pushouts in some of our major markets.

The fiscal 2020 annual sales of \$75.8 million were 16.3% lower than the previous year's sales of \$90.6 million, due to the timing of major customer projects in the prior year and reduced sales demand in the latter half of this year.

Adjusted net loss, EBITDA and adjusted EBITDA are non-GAAP measures, which do not have any standardized meaning prescribed by GAAP and are therefore unlikely to be comparable to similar measures presented by other issuers.

The fourth quarter gross profit as a percentage of sales of 26.8% was 4.8 percentage points higher than the same quarter of last year, largely due to favourable product mix, improvements in quality expenses and cost efficiencies in the Walls business segment.

Fiscal year 2020 gross profit as a percentage of sales increased by 0.5 percentage points from last year's 26.9% to the current year's 27.4%. SG&A for the quarter was 45.5% of sales compared to last year's 42.3%. The current quarter's SG&A of \$6.6 million was \$1.3 million lower than the same quarter of last year. This is attributable to reduced headcount levels, a decrease in marketing initiatives and lower selling and marketing expenses.

SG&A for the year was 34.8% of sales versus 35.1% last year. The SG&A expense of \$26.4 million was \$5.4 million or 17.0% lower than last year as a result of reduction in marketing initiatives, lower variable and fixed selling expenses, headcount reductions and cost savings from the exit of an unprofitable business unit.

At the end of the quarter, the Company had cash totaling \$5.9 million versus \$3.3 million in prior year and \$2.7 million in the prior quarter. There was no debt as at April 30, 2020 and an unused credit facility of \$4.5 million.

Inscape Announces First Quarter Financial Results

HOLLAND LANDING, Ontario, Sept. 10, 2020 -- Inscape (TSX: INQ), a leading designer and manufacturer of furnishings for the workplace, today announced its results of operations for the first quarter ended July 31, 2020.

“First Quarter Fiscal Year 2021 results are encouraging given the challenges the Company is facing during the COVID-19 pandemic,” said Eric Ehgoetz, CEO. “While sales declines were anticipated, management has continued to aggressively manage working capital and maintain cash levels consistent with the prior quarter in order to allow the Company the necessary flexibility to execute the actions required to adapt to the current environment. While the Company continues to see weakness in its Systems and Storage divisions, we note a strengthening of demand in the Walls division, which is not unexpected given trends for reduced density and defined space in office environments going forward.”

Total sales for the first quarter of fiscal 2021 were \$11.4 million compared to \$20.7 million for the same period of fiscal 2020. Net profit for the first quarter of fiscal 2021 was \$3.4 million or \$0.24 per diluted share, compared to net loss of \$0.7 million or negative \$0.05 per diluted share. Non-GAAP adjusted EBITDA for the first quarter was negative \$0.2 million, compared to negative \$0.7 million, for fiscal 2020.

First Quarter Financial Highlights

(All comparisons are relative to the three-month period ended July 31, 2019 unless otherwise stated):

- Adjusted EBITDA of (\$0.2) million, compared to adjusted EBITDA of (\$0.7) million
- Net income before taxes of \$3.4 million compared to net loss before taxes of \$0.7 million. This quarter's results were positively impacted by other income from government grants of \$2.7 million and significant unrealized gain on derivatives of \$2.2 million, partially offset by \$0.3 million of foreign exchange loss.
- Total sales of \$11.4 million, a decrease of 45.0%
- Gross margin of 30.2%, with gross profit down by \$2.3 million, versus gross margin of 27.9%.
- SG&A expenses of \$4.7 million, a decrease of \$2.6 million versus \$7.3 million.
- Inventory of \$4.7 million, a decrease of \$2.5 million, versus \$7.2 million the prior year
- At July 31, 2020, Inscape had \$6.0 million in cash with additional borrowing capacity of \$2.9 million

Sales in the first quarter were 45.0% lower than the same quarter of last year. The decline in the first quarter is primarily due to the economic impact of the COVID-19 pandemic which resulted in shutdown of many cities and states in the United States, which account for approximately 90% of the Company's sales.

Adjusted net income (loss) and adjusted EBITDA are non-GAAP measures, which do not have any standardized meaning

prescribed by GAAP and are therefore unlikely to be comparable to similar measures presented by other issuers.

The first quarter gross profit as a percentage of sales of 30.2% was 2.3 percentage points higher than the same quarter of last year, largely due to favourable product mix, improvements in quality expenses and cost efficiencies in the Walls business segment.

The current quarter's SG&A of \$4.7 million was \$2.6 million lower than the same quarter of last year. This is attributable to management's initiatives to manage costs during the pandemic and certain workforce actions, including headcount reductions, workshare initiatives and salary reductions previously announced, in addition to lower selling and marketing expenses. Going forward, the Company will continue its efforts to further identify ways to streamline costs without negatively impacting our ability to sell product, and service our customers. Furthermore, we are also looking across our asset base in order to effectively maximize both shareholder and stakeholder value.

At the end of the quarter, the Company had cash totaling \$6.0 million, no debt and an unused credit facility with borrowing availability of \$2.9 million based on the credit terms.

and other factors set forth in the Company's Ontario Securities Commission reports and filings.

Inscape Announces Second Quarter Fiscal 2021 Financial Results

December 10, 2020: Inscape (TSX: INQ), a leading designer and manufacturer of furnishings for the workplace, today announced its results of operations for the three and six months ended October 31, 2020 and also announces the addition of a new Board Member representing the company's largest shareholder, PenderFund Capital Management.

"Second Quarter Fiscal Year 2021 results reflect the challenging environment we find ourselves operating in given the COVID-19 pandemic," said Eric Ehgoetz, CEO. **"Management used this environment to launch our new Aria Pronto quick ship wall product in response to the continuing expectations of increased physical separation for work environments. In addition, our team continued with its efforts during the quarter to bring a B2C solution to the work-from-home (WFH) market, culminating in the launch of myinscapehome.com on November 30th and the introduction of our RockIt @Home desk products directly to the consumer marketplace. While there continues to be significant economic headwinds, we have seen an increase in production in both our factories and expect to see stronger results in the current quarter."** In addition, we continue our efforts to streamline operations and improve efficiencies, including the elimination of obsolete inventories, acceleration of efforts to reduce SKU's, selling idle capital equipment and expediting a significant capital investment to improve our manufacturing capabilities in early 2021.

Total sales for the second quarter of fiscal 2021 were \$7.2 million, compared to \$23.3 million for the same period of fiscal 2020. Net loss for the second quarter of fiscal 2021 was \$3.7 million or negative \$0.26 per diluted share, compared to net income of \$0.4 million or positive \$0.03 per diluted share for fiscal 2020. Total sales for the six months ended October 31, 2020 were \$18.5 million, compared to \$44.0 million for the same period of fiscal 2020. Net loss for the six month periods ended October 31, 2020 and 2019 were \$0.4 million or negative \$0.02 per diluted share for both years. Non-GAAP EBITDA for the six months ended October 31, 2020 was \$1.7 million, compared to \$1.4 million for fiscal 2020.

Gross profit margin for the three and six months ended October 31, 2020 decreased by 25.8 and 8.7 percentage points, respectively, over the same periods last year as a result of the lower sales volume due to COVID-19. In addition, for the three and six months ended October 31, 2020, excess inventory totaling \$602 and \$689, respectively, relating to discontinued product lines and obsolescence were written off during the periods. The Company will continue to identify initiatives to achieve cost efficiencies and improved margins as sales levels return to normal.

SG&A for the three and six months ended October 31, 2020 were 71.4% and 52.6% of sales, compared to 27.9% and 31.3% for the same periods of last year. The \$1.4 million and \$4.0 million decrease in SG&A results from workforce reductions, decrease in marketing initiatives and lower selling, travel and entertainment expenses. Cumulatively, these results are largely the effect of measures adopted to manage costs during COVID-19. Lower sales volumes impacted the overall higher SG&A to sales ratio.

At the end of the quarter, the Company had cash totaling \$2.5 million, no debt and an unused credit facility with borrowing availability of \$3.2 million based on the credit terms.

ENDORSEMENT OF JUSTICE CONWAY:

- [1] The parties made oral costs submissions today on Prevolv's abandoned set-off motion (the "**Set-off Motion**") that had been scheduled for May 2, 2023. In advance of the hearing, I reviewed the parties' written costs submissions, which had not been uploaded to CaseLines. I told counsel at the hearing that there is no basis for a sealing order in respect of those submissions and they are properly part of the court record. I directed counsel to upload them to CaseLines forthwith.
- [2] In these CCAA proceedings, Inscape asserted that its dealer Prevolv had a USD \$2,147,490 receivable owing to Inscape (the "**Inscape Receivable**"). Prevolv asserted set-off claims of \$8,253,088 against that receivable (the "**Set Off Claims**") arising from the parties' previous dealings with one another. On March 24, 2023, and on the consent of the parties, I set a motion date of May 2, 2023 for this court to determine the issue of the availability of the Set-Off Claims to Prevolv.
- [3] Prevolv served its motion on April 10, 2023. The Set-Off Claims covered six categories: Cancelled Order Losses, Terminated Contract Losses, Chargebacks, Rebates, Build-out Costs and Lease Damages. Various legal issues were at play, including those with respect to the no set-off clause in the contract between the parties. Inscape responded with an extensive responding record. It also brought a cross-motion (the "**Cross Motion**") seeking, among other things, a declaration that the Inscape Receivable was payable without set-off and that Prevolv was in breach of its duty under s. 18.6 of the CCAA to act in good faith. It sought damages for the full amount of the Inscape Receivable, damages for breach of the duty of honesty and good faith in contractual relations, and damages for unjust enrichment.
- [4] The parties were set to conduct cross-examinations for the May 2nd motion. On April 20, 2023, Prevolv served a notice of abandonment of the Set-Off Motion. The parties appeared before me on April 24, 2023. They agreed to an interim order that day, which included at paragraph 5, an order that "in light of Prevolv having served and filed a Notice of Abandonment on April 20, 2023 in respect of its motion originally returnable May 2, 2023 to assert set-off rights in respect of a \$2,147,490 USD receivable owing by Prevolv to the Applicants for Inscape Product (the "**Inscape Receivable**"), the Inscape Receivable is, therefore, due and payable, and Prevolv be and is hereby ordered to pay it to the Applicants." According to Inscape, Prevolv has not paid the Inscape Receivable yet.
- [5] When the parties agreed to the April 24, 2023 interim order, Inscape asked to keep the May 2nd date to argue the rest of its Cross-Motion on issues of bad faith and a claim for a constructive trust. When it became clear that Inscape was asserting a trust claim, Prevolv sought the opportunity to be able to fully respond to that claim as well as the allegations of bad faith. I agreed that Prevolv should have a proper opportunity to respond to those issues. I therefore set July 11, 2023 as the date for those issues to be argued (unless an earlier motion date became available). I kept 45 minutes of today's hearing for the parties to argue costs of Prevolv's abandoned Set-Off Motion.
- [6] Prevolv submits that costs of its abandoned Set-Off Motion should not be determined now and that costs should be reserved until the July 11th hearing, after the issues have been fully briefed. It argues that this court will have a better appreciation of the history and dealings between the parties, and will at that point determine whether there has been any bad faith conduct on the part of Prevolv and whether Inscape is entitled to a trust remedy.
- [7] I reject that submission. Prevolv brought its Set-Off Motion for a determination of whether set-off rights were available to Prevolv. The court scheduled the motion and the parties adhered to the court-ordered timetable. Significant resources were expended in a short period of time. Prevolv then abandoned that motion and agreed to an order that the full amount of the Inscape Receivable was owing to Inscape.

According to Rule 37.09(3) of the *Rules of Civil Procedure*, the Set-Off Motion was abandoned and Inscape is entitled to its costs, unless the court orders otherwise.

- [8] I see no reason to wait for the July 11th motion to fix costs. The issues of set-off and Prevolv's liability for the Inscape Receivable have been finally determined by the combined effect of the abandonment of the Set-Off Motion and the April 24th interim order. Inscape is therefore entitled to its costs. Any additional costs related to the remaining issues to be decided on the July 11th motion can be determined at that time. The court can ensure that there will be no duplication of cost awards.
- [9] Inscape submits that costs should be awarded on a substantial indemnity basis. It says that this court can do so on two bases. The first is Prevolv's reprehensible conduct in bringing and then abandoning the Set-Off Motion in the context of a CCAA proceeding. I do not accept that submission. It is a high bar to find reprehensible conduct. More important, however, Prevolv's conduct will be the subject matter of the July 11th motion. That is when Inscape will be making arguments of bad faith and tactical litigation. I am not prepared to make any such finding now when those are the very issues to be argued before this court on July 11th.
- [10] Inscape also argues that the Set-Off Motion was akin to a summary judgment motion and that it should be entitled to substantial indemnity costs under Rule 20.06. I do not accept that submission. The costs consequences in Rule 20.06 are specific to summary judgment motions and were designed to address bringing such motions in advance of trial. In this case, the Set-Off Motion was not a summary judgment motion and does not trigger the specific cost sanctions imposed by that Rule.
- [11] I am awarding costs on a partial indemnity scale.
- [12] In terms of quantum, Prevolv submits that costs should be in line with its own partial indemnity costs, which are \$48,649.20 (exclusive of HST). Inscape's partial indemnity costs are \$165,692.35, inclusive of HST (\$146,630.40 exclusive of HST).
- [13] The Inscape Receivable is a significant receivable for a company that is in the midst of a CCAA proceeding. Inscape was faced with a set-off claim that would have extinguished that receivable in its entirety. The Set-Off Motion was scheduled on an expedited basis. There were a significant number of complex factual and legal issues that Inscape had to respond to on a tight time frame. The consequences of not mounting a full response would have had a serious impact on Inscape's stakeholders. Prevolv could reasonably have expected that Inscape would go "all out" in responding to the Set-Off Motion.
- [14] In my view, taking into account the factors set out in Rule 57, Inscape's partial indemnity costs are fair and reasonable and within Prevolv's reasonable expectations. I award Inscape costs of **\$165,692.35**, inclusive of HST and disbursements and I exercise my discretion under s. 131 of the *Courts of Justice Act* accordingly. Prevolv shall pay those costs to Inscape forthwith.

Attention: Philip Cho

Dear Mr. Cho:

Re: INSCAPE CORPORATION, INSCAPE (NEW YORK) INC., AND INSCAPE INC.

We write to you in your capacity as counsel to Prevolv, Inc. ("**Prevolv**") in connection with the ongoing CCAA proceedings of Inscape Corporation, Inscape (New York) Inc., and Inscape Inc. ("**Applicants**").

Pursuant to Order of Justice Conway dated April 24, 2023 ("**Interim Relief Order**"), your client was required to provide to the Applicants and Alvarez and Marsal Canada Inc. in its capacity as the court-appointed monitor ("**Monitor**"), on a confidential basis, an accounting of the source and disposition of all amounts that Prevolv has received ("**Inscape Product Collections**") from end customers on account of the sale of products manufactured by the Applicants and sold on by Prevolv ("**Inscape Product**").

The Interim Relief Order also provides that the Monitor may share such Confidential Information (as such term is defined in the Interim Relief Order) with the Applicants and HUK 116 Limited ("**Hilco**"), subject to terms in respect of confidentiality and disclosure.

The Applicants have reviewed the Confidential Information received from the Monitor on April 24, 2023. We are in the process of reviewing the additional Confidential Information provided yesterday, and find it to be incomplete with the bank statements missing pages and enclosures.

Based on the Applicants' review of the Confidential Information, the Applicants require the following information in order to make an informed assessment as it

relates to (i) the insolvency of Prevolv and (ii) the Inscape Product Collections relating to the USD \$2,147,490 receivable owing by Prevolv to the Applicants for Inscape Product (“**Inscape Receivable**”).

Below is a list of additional documents and information which will assist the Applicants in their continued review and analysis of the Confidential Information.

As it relates to the Inscape Receivable:

- Please provide Prevolv accounts payable details relating to the current fiscal year. More specifically, what amount was due to Inscape as at January 1, 2023 (*i.e.* based on the accounts payable balance shown on Prevolv's December 31, 2022 balance sheet) and what amount was due to Inscape as at March 31, 2023? What proportion of Prevolv's total accounts payable related to Inscape as at January 1, 2023 and March 31, 2023?
- Please review the Confidential Information that you provided on April 26, 2023 and re-send with all missing pages and attachments. Bank statements should include all pages for the period in question.

As it relates to the Prevolv's insolvency:

- Please advise whether Prevolv is currently in forbearance or other standstill arrangement, or in default or breach of any covenants with any of its secured lenders?
- For each secured lender, please advise as to the nature of each existing credit facility (term loan/revolving line of credit/lease facility/etc.), and for each respective facility the following: the authorized amount, the amount currently outstanding, repayment terms and maturity/renewal dates.
- Please provide a summary of all dividends or other distributions that Prevolv has paid to its principal, John Ewine, in the last 3 years.
- Please provide a summary of all management compensation or other management fees Prevolv has paid to its principal, John Ewine, in the last 3 years.
- Please confirm whether John Ewine, through another company or himself personally, has entered into contracts with customers to provide services that are the same or similar to services that Prevolv provides to its customers.
- Please provide a summary or organizational chart of the corporate and capital structure for Prevolv.

We trust the foregoing is satisfactory and look forward to your prompt response.

Yours truly,

MILLER THOMSON LLP

I, Jon Szczur, of the Town of Mount Albert, East Gwillimbury in the Province of Ontario,
MAKE OATH AND SAY:

1. I am the Chief Financial Officer (“**CFO**”) of Inscape Corporation (“**Inscape**”). I am also the CFO of Inscape (New York) Inc. (“**Inscape New York**”) and Inscape Inc. (“**Inscape Delaware**”, and, collectively with Inscape and Inscape New York, the “**Inscape Group**” or the “**Applicants**”).

2. I have acted as the CFO of the Inscape Group since January, 2020. Prior to my role with the Inscape Group, I worked as an executive at another prominent public manufacturing company based in Ontario.

3. In my role as CFO of the Inscape Group, I supervised the company’s finance and IT department. Prior to the Inscape Group’s *Companies’ Creditors Arrangement Act* (“**CCAA**”)

4. I have knowledge of the matters to which I hereinafter depose. Where I depose based on knowledge and information obtained from others, I have stated the source of that information and belief and believe such information to be true.

5. This affidavit is sworn in support of a motion returnable July 11, 2023 seeking certain relief in relation to a USD \$2,147,490 receivable (“**Inscape Receivable**”) that has been adjudged to be due and owing by Prevolv, Inc. (“**Prevolv**” or the “**Dealer**”) to Inscape.

6. An earlier version of this affidavit was filed on April 17, 2023 in opposition to a motion brought by Prevolv on April 10, 2023 (“**Prevolv Motion**”). The Prevolv Motion asserted \$8,253,088 in set-off claims, which, if allowed, would have entirely extinguished the Inscape Receivable. The Prevolv Motion was abandoned by Prevolv on April 20, 2023.

7. This affidavit is supplementary to the May 5, 2023 affidavit of Mr. Eric Ehgoetz, CEO of the Inscape Group, and should be read in conjunction with Mr. Ehgoetz’s affidavit.

8. The purpose of this affidavit is to put in evidence a number of relevant e-mail exchanges that I authored or received in my capacity as Inscape CFO. The e-mails relate to the post-CCAA filing time period during which Inscape was working with Prevolv’s support to complete the Prevolv Orders.

9. The e-mails relate to, among other things, Prevolv’s ongoing requests of Inscape in terms of order fulfilment, reconciling amounts payable by Prevolv in light of “punch” items (*i.e.* minor

outstanding job requirements), Inscape's efforts to secure payments of amounts owed by Prevolv, and requests by Prevolv for payment in respect of certain potential liens.

10. This affidavit also sets out my recollection of three Microsoft Teams calls with Prevolv's President, Mr. John Ewine ("**Ewine**"), among others, after the CCAA filing date.

11. The e-mails that I exhibit are variously authored or received by some or all of the following people:

- (a) **Sarah Trotman** (Corporate Accounting Manager), who managed the accounts receivable and collections;
- (b) **Madeleine Doherty** (Collections Analyst), who reported directly to Ms. Trotman in respect of receivables and collections; and
- (c) **Melissa Price** (Incentive Program Administrator), who managed rebates and commissions.

January 18, 2023 E-mail Exchange

12. Attached as **Exhibit "A"** is a copy of an e-mail exchange between Prevolv and Inscape dated January 18, 2023.

13. This e-mail exchange is an example of how Inscape followed up with Ewine in an effort to confirm payment dates for invoices coming due for an end user (here, CLA Madison). Ewine's January 18 response is "*Got it. We will get these two invoices entered into the system and then I will send confirmation details when I get ACH set up*". ACH stands for "Automated Clearing House" and is a U.S. financial network used for electronic payments.

14. I took this advice to be Ewine's confirmation of pending payment.

15. However, Prevolv ultimately did not pay.

January 30, 2023 – January 31, 2023 E-mail Exchange

16. Attached as **Exhibit "B"** is a copy of an e-mail exchange between Prevolv and Inscape dated January 30 and 31, 2023.

17. The e-mail exchange concludes with Ewine's January 31 response to a payment request. Ewine said that "Because of late shipments and open punch list items on installations for [specific end customer projects], we are only able to take care of the following invoices". Ewine then provided a list of eleven invoices.

January 31, 2023 E-mail Exchange

18. Attached as **Exhibit "C"** is a copy of a January 31, 2023 e-mail exchange between Prevolv and Inscape.

19. This e-mail exchange shows an inquiry that I made of Ewine in respect of collection of Inscape receivables totalling USD \$622,000. Ewine's responses confirmed last shipment dates, but focused on securing a few small "punch list items", again implying that payment would be made in due course and once he had a few final items such as "five (5) missing pieces of glass".

20. My January 31, 2023 response to Ewine, at 11:10 a.m., reflects my frustration at what was happening:

Hi John,
The team will send a summary to you but...

The furniture for King of Prussian is complete as an example and is the bulk of the amount owing – can you pay this? On the whole King of Prussia job including walls we owe you one piece of glass. Seems unfair to hold \$300k?

For CLA Madison we owe you a cushion and one work surface – seems like much to hold \$188k for this?

For General Mills we owe one locker front which is on McArther truck to be delivered Feb 2nd. Can you pay the bulk of the \$315k.

On total we owe about \$4400 in product for punch items and you are holding back \$622k? Doesn't seem really fair?!?

I understand there are some items that were damaged by your installers that we cannot produce and some items that were not ordered which we likely will not be able to complete.

Would be good to get a partial payment of at least \$500k here.

Let me know as this is critical to our cash flow for the month.

Thanks (emphasis added)

February 1, 2023 E-mail Exchange

21. Attached as **Exhibit “D”** is a copy of an e-mail exchange between myself and Ewine dated February 1, 2023.

22. This e-mail exchange is an example of how in the process of completing Prevolve Orders, Ewine would ask us to incur expense to clear potential liens from third party suppliers: “[...] This one is more urgent than the CLA Orlando one because the building ownership is in the process of refinancing the building. Let me know what you can do to help get this cleared up.”

February 3, 2023 E-mail Exchange

23. Attached as **Exhibit “E”** is a copy of an e-mail exchange between myself and Ewine dated February 3, 2023.

24. On February 3, 2023, at 2:32 p.m., I explicitly asked Ewine for a commitment to pay certain outstanding invoices: “[...] PS – Further to my last e-mail. Appreciate if you can come

back with a commitment on payment [...].” In his February 8, 2023 response, Ewine ignores this request.

25. Generally, this e-mail chain demonstrates that the focus of our dialogue was completion of minor “punch items” as a last step to payment of the substantial balance of amounts owing on the Prevolv Jobs.

February 6, 2023 Microsoft Teams Meeting

26. On February 6, 2023, I attended a Microsoft Teams meeting organized by Ewine. One of the things we discussed was the appropriate due date for specific invoices related to orders for General Mills, a Prevolv end customer. Ewine said that payment of the applicable invoices was due to us on March 16, 2023, a date which was slightly later than we expected them. At the same time, however, Ewine assured us that he would pay all Inscape receivables in full on normal payment term after he received complete orders. I specifically recall him saying that he has “always paid [his] bills for 24 years”.

February 10, 2023 Microsoft Teams Meeting

27. On February 10, 2023, I attended a Microsoft Teams meeting which I organized in response to Ewine’s request for a meeting on the status of completion of Prevolv Orders. In addition to myself and Ewine, Mr. Ehgoetz and Mr. Dennis Dyke, Inscape’s VP of Manufacturing & Supply Chain attended the call.

28. At the outset of the call, Mr. Dyke gave Ewine an update on manufacturing progress for the final “punch” items related to Prevolv’s orders, and he reported on Inscape’s success in resolving certain supply chain issues. Apparently satisfied, Ewine assured us several times in the

course of the discussions that we could expect payment of amounts outstanding on 60-day payment terms. I recall as well that Ewine for some reason declined a 10% discount in exchange for early payment of one receivable, which related to General Mills.

February 3, 2023 to February 17, 2023 E-mail Exchange

29. Attached as **Exhibit “F”** is a copy of an e-mail exchange between Prevolv and Inscape between February 3, 2023 and February 17, 2023.

30. This lengthy e-mail exchange shows how Inscape’s Logistics and Customer Service, and Manufacturing & Supply teams maintained near daily contact with Prevolv to identify and successfully close out on a host of minor “punch” items that Ewine required to finish projects for his end customers. The items ranged from a few outlet covers, to a tack board, but can be properly characterized as finishing details in the context of large order fulfilment.

31. At one point, on February 17, 2023 at 9:00 am, Ewine confirms finishing up a couple of projects, refers to certain “trim, drawer front, tackboard” that is awaiting, and concludes by writing *“And that will be last of everything. Thank you in advance for figuring out a way to these done for us”*.

February 23, 2023 Microsoft Teams Meeting

32. On February 23, 2023 I attended a Microsoft Teams call with Ewine, Mr. Ehgoetz and CBRE representative Geoff Euston. I scheduled this meeting further to my e-mail of February 17, 2023, primarily for the purpose of trying to pin Ewine down on the date that Inscape should expect final payment of the Inscape Receivable. On this call, yet again Ewine, noted that there

remained a few outstanding “punch” list items, but that he would pay the balance when all of the orders were complete.

February 24 to February 27, 2023 and March 3, 2023 E-mail Exchange

33. Attached as **Exhibit “G”** is a copy of an e-mail exchange dated February 24, 2023 between Inscape and Prevolv, together with a related e-mail exchange dated March 3, 2023.

34. This e-mail relates to certain invoices from April, 2022 which were subject of a pending credit note. In this e-mail, I told Ewine that the invoices relating to the General Mills job, based on 60 day terms “should be paid next week”. Ewine responded and said that he would work with his team “to determine what the correct amounts should be for the two older invoices”.

35. This e-mail exchange illustrates:

- (a) how as at this late date, completion of “punch” was understood by both sides to be the only barrier to the payment of Inscape. Inscape’s understanding and Prevolv’s commitment was that all outstanding amounts owed were to be paid in 60-day course;
- (b) how Inscape resolved an invoicing discrepancy relating to certain April, 2022 invoices by written request for authorization from Prevolv to apply the historical credit. Inscape never received the required approval to apply the applicable credit until March 3, 2023.

We are working through these but I don't think John E realizes we hadn't received the punch request and or PO that goes with it, what he sent was their BOM only – he just knew from his side there was some.

Will assess the others and then come back with a summary.

Jon,

For CLA King of Prussia, there are (5) pieces of missing glass for the walls and the attached punch list for furniture. What's the status on those punch list items?

For CLA Carlsbad and CLA Orlando, see the attached punch lists. At your request, I paid for those projects in full on January 11th (the day before you filed) because you had said it would help your cash flow position with Hilco. Without the punch list items, I can't complete those projects and get paid. What's the status on those punch list items?

The same goes with LSE, City of Minneapolis, Protolabs and others. We have paid for everything and there are still punch list items that we are waiting on. Some product (not all) is supposedly on a McArthur truck, but we have not received it yet.

And then there is the issue with Old Castle's Intent to Lien on the building for the CLA Orlando location. CLA and I are both anticipating there will be others. Can you provide us with a list of our projects where Old Castle has not been paid so we can be prepared?

Let me know. Thanks, John.

And we have not heard anything on the status of those punch list items that are need to finish up that project.

For General Mills, the last shipment was on 12/30 and we finished the installation 1/20. We are still waiting for one punch list item that shipped and was recently released by McArthur, but we have not received it yet.

Hi John,

Here is the agreement with Environamics.

Please review and execute.

Once I get JV your signed copy, I assume he will reach out to you and confirm credit terms and ship the two orders.

PS – Further to my last email. Appreciate if you can come back with a commitment on payment. I can send you a letter of understanding specific to each job if that works for you. For King of Prussia as example I could lay out the details in a

letter of understanding - say payment by Prevolv of \$275k, commitment of Inscape to pay Old Castle the \$18K on lien, commitment of Inscape to resolve 14 punch items, commitment of Prevolv to pay Inscape for 4 new punch items totaling \$1k? and commitment of Prevolv to pay balance of the Job when items noted have been completed.

Let me know.

Dennis,

Thanks for the update. We finished up the Protolabs project late yesterday and in a separate email Bridget identified the three items (trim, drawer front, tackboard) that we need to finish up that project. And that will be the last of everything. Thank you in advance for figuring out a way to get these done for us.

We have ordered the (5) replacement pieces of glass for CLA Madison and are just waiting on a ship date for those.

Thanks, John.

John and Team,

This is an update on your orders that we have been working on:

- CLA Monticello, CLA Bellevue, CLA New Ulm, CLA King of Prussia, LSE, SPS, CLA Madison, City of Minneapolis, CLA Spokane, City of Hutchison and Motors Management are all complete
- I have fabric due to arrive Friday at 8:00 AM to complete CLA Orlando, CLA Carlsbad and Cook County DES & BOA. If the fabric arrives on time, we should complete the tiles tomorrow. Everything else on these orders is complete.
- I am waiting on acrylic for Cook County Adult Probation. I have my fingers crossed that I see it later today.
- I am waiting on some glass for Cook County Medical Examiner. I have my toes crossed that I see it later today.

I think that is everything. Rebecca is working on the logistics for all of these. We will get you a further update tomorrow.

Subject: RE: Prevolv orders to complete

Rebecca,

After more discussions this morning with my team, the list you sent yesterday is not complete. As much as we all want to have a final list, we still have installations going on which might result in additional items.

- Motors Management – Bridget and Ann are currently onsite doing a punch list. There is one item that they know will have to go on the list and are trying to identify if there are any others.
- City of Hutchinson – this installation started yesterday and we are making it a priority to identify and missing/damaged items. Regarding the (3) units that were painted Black, it was specified and ordered correctly and I am waiting to see the communications regarding the draft receipts and acknowledgement. We are in the process of getting a quote from a local painter to have them repainted.
- Protolabs – this installation starts on Monday. Alex will be onsite and will make it a priority to identify and missing/damaged items.
- CLA Monticello – we are close to finishing this installation, but a punch list walk through has not been done yet.
- CLA Madison – Ann has one more drawer front for a pedestal that needs to be added to the list and will get you that information later today.
- And I am trying to identify any and all other potential projects that are not 100% complete.

My recommendation is that you start with the list you have and we will work as quickly as we can to identify any others.

Regarding the (2) Storage Towers for CLA that can't be produced to your paint line not being operational, are you able to manufacture these items and ship them to us unpainted? We could then have them painted here in the Twin Cities and then shipped to Carlsbad and Orlando. It won't be an inexpensive solution, but none the less, it's a solution.

Let us know. John.

Subject: RE: Prevolv orders to complete

Hi John,

We understand the challenges that the closure of the business has created and know that the event has had impacts on our customers. The reality is that we do have to move ahead with the completion of what we truly can produce/source to meet the outstanding requirements as best we can and wind down.

That said, we have a very short window of time that the Monitor will let us work through getting orders completed and closed. We have now reached a point where if, by end of day today, we have no changes from yourself to the spreadsheet I sent yesterday, we will be moving ahead with this list as the final one for Prevolv. We will not be able to accept any more changes past end of day today.

I saw your request to Dennis this morning about the 3 units that were painted black for City of Hutchinson. From what I can see, the order was entered with black as the external colour and no one at Inscape or Prevolv caught this during the various checks that each group makes. Acknowledgement went through to your team and was approved by your team. To answer your question about ability to correct, unfortunately, these cabinets would fall into the same category as the ones you are looking for CLA Carlsbad and CLA Orlando. The paint line they would be produced on is not operational any longer.

Not what you want to hear, we understand that, but it is the reality of our current capabilities under the circumstances.

Please let us know if there are any other changes to the spreadsheet. I have re-attached for your reference.

Thanks

Hi John,

For your reference I am attaching a summarized FINAL LISTING for Prevolv punch and backorders. We have incorporated the changes from various individuals as listed below. Cancelled items have a strike through the line items, yellow cells are products that were added by the Prevolv team.

Please confirm this is now a complete listing so we can proceed.

Hi John

We have now heard back from all four inquiries you made to your team on Friday:

Ann – she had a few minor changes by removing a few pieces – no longer required

Lori – now that clips were found in our warehouse, she confirmed there are no changes to her portion of the spreadsheet

Shawn and team - short shipped one HA controller, and he needs to add/order 4 outlet covers, no other changes

Bridget – no changes to her items on the spreadsheet.

Jacquie is updating our spreadsheet and then this should be the final list of items required for Prevolv punch and back orders.

Will send you updated version as soon as it is ready.

Thanks for your help with this.

Regards.

Jon,

Regarding General Mills, we did not get the last of the Linak parts until Friday, January 13th and got them installed the following week.

I will work with Ann and Nathan to determine what the correct amounts should be for the two older invoices.

Hi John

Attached is summary of all the outstanding invoices.

Would focus on the last two tabs in the Prevolve Summary.

There are a number of older invoices dated earlier in 2022 that I understand we were waiting for credit approval from Prevolv. The emails are attached from Sarah. Once we get confirmation from you we can push through the adjustments.

We are confirming how the last two Environamics invoices have been managed as well. Our intention as you are aware was to invoice Prevolv for the Inscape portion only so we will adjust the account as required so it is accurate.

We have invoices relating to the General Mills job that based on 60 day terms should be paid next week.

The other jobs with punch we pushed out 60 days from next Friday.

Please review and provide any feedback.

The total amount owing on that project is closer to \$7k, not the \$42k that is showing on the account.

Emails with prevolv on this are attached.

Subject: CLA Green Bay Change Order for Glass from April 2022

Good afternoon!!! The invoices for the change order for CLA Greenbay Glass Change Order are incorrect which I know you're aware of.

I have attached an excel spreadsheet reconciling and detailing what was invoiced and what should have been invoiced. There is a tab for each invoice.

For invoice 248071 based on my math we owe you a credit of \$27,301.72.

For invoice 248139 based on my math we owe you a credit of \$4,057.56.

Once you've had a chance to review, let me know if this meets your approval or if you want to discuss further. If you approve, we would need a purchase order from you for the correct amount that the invoices should have been and then we'll issue a credit.

Looking forward to hearing from you and hopefully closing this out.
